

Büümerang

**Made
for life in
motion**

Collection bin for semi-automated Type B American and Type C European grips, and Type G fully automated collection.

IDEAL FOR

- Waste, Recycling & Organic collection
- Front or rear load collection
- Noise sensitive areas
- Humid environments
- Environmentally sensitive areas

The optimal solution for organic waste collection
Specially designed to support your green waste management plan.

KEY FEATURES

- IPL's injection process uses high density polyethylene (HDPE) that yields precise design and consistent thicknesses;
- UV stabilized against long-term effects of the sun;
- 100% recyclable;
- Unibody design requires no bolts or holes that could potentially leak;
- Designed for maximum wind stability.
- Optimized design with optional integrated Mantisway lock

STANDARD COLOURS:

Green 363	Bleu 285	Grey 447
Brown 462	Black 099	

Other colours available upon request. Colours shown may vary slightly from actual product.

WARRANTY

- IPL's high density polyethylene (HDPE) injection molding process yields precise design and consistent thicknesses;
- Stands up to inclement weather and impacts; estimated service life of 20 years;
- UV stabilized for long-term protection against the effects of the sun;
- Most durable cart in North America;
- Meets all American National Standard Institute (ANSI) requirements for safety and litter system compatibility (ANSI Z245.30 and Z245.60);
- Cart is 100% recyclable, Code #2.

CERTIFICATIONS

When you choose IPL, you work with a recognized industry leader. IPL was the first plastic injection company to achieve ISO 9001 quality certification in North America. The addition of ISO/TS16949 certification further demonstrates IPL's commitment to quality. These quality initiatives demonstrate our capabilities and know-how.
