

3/4 Yard Semi-Automated Container

Features & Benefits

- Compatible with standard semi-automated tipper to reduce service time vs. smaller SA containers in multi-bin stops
- Rated for 750 lbs., which SA may exceed tipper specifications
- Molded-in caster rings with quick-release casters prevent "pop-throughs", mitigate leaking and seepage, and allow for quick in-field caster/skid changes
- Minimum 0.25" thick solid resin wall stock to enhance long-term durability, reduce potential for wall and enclosure damage, and minimize ongoing maintenance
- Easy in-field graffiti removal
- Nestable, even when fully assembled, for shipping, storage, deliveries, and removals
- Compatible with ANSI Type B Container specifications to reduce potential for injury and in-hopper container loss
- Versatile and beneficial in numerous applications, with options ranging from lids to push/pull handles
- Buffed-Out 18"x24" Sticker Panel ensures company brand stays in front of customer
- 31.5" width accommodates narrow door frames of older buildings for trash room and valet collection
- Customer-Friendly – Quieter collection vs. metal containers, increasing customer satisfaction
- SA compatibility enables safer collection vs. manual tipping, reducing potential for workers comp

Specifications	IN/LB	CM/KG
Length (L)	46.5	118
