In September, Finley's Touch was delighted to give the green light to a very special project. At The Royal Alexandra hospital in Brighton, on the oncology ward where Finley was treated, we unveiled a thrilling new corridor racing track for patients to zoom down in toy cars. Huge thanks go to 100 Property Club for funding this superb addition to the ward and putting so many smiles on children's faces (and the grown-ups!).

Daniel Fox, one of our brave recipients, inspects the new track, while the wonderful staff take test drives!

Total Help Given (as of November 11 2025):

Marching in Remembrance

Massive congratulations to all these hardy people who tackled September's Walking The Western Front challenge. Employees from New Dawn Pubs, Instagroup Ltd, 1st Call Trees and The Barley Mow Tilford slogged their way through 100km of northern France and Belgium to raise money for us and Help For Heroes, while also marking the 80th anniversary of the Second World War. They raised over £70,000 – incredible!

Hague Dental Grits its Teeth

Trustees Ben, Eleanor and Ralph donned hiking boots and joined Hague Dental and friends for a stunning 26-mile walk along the south coast, taking in the Seven Sisters cliffs. This is the second year running this local business has raised crucial funds to ensure we can keep providing vital support to kids battling cancer all across SE England.

Why we do this...

"After several years I have heard from the stem cell recipient and it has gone well, with no signs of regression. He articulated in very clear, stark terms the impact this has had on him, his wife, his children and his grandchildren. He talks of the gift they have all been given... the impulse not to waste anything, the miracle of it all.

Even though I did not know him, I cannot help but think of Finley. I know he was not lucky. But it is my belief that the above is testament to something he unequivocally, undisputedly achieved - to the miracle that would not have happened without him - and I hope that, even though I know it will be small recompense, those who knew and loved him, and love him still, may see it that way too and draw some happiness from that."

Ian, who met us at We Have Ways in 2023 and signed up to be a Stem Cell donor...you too can be a lifesaver...www.dkms.org.uk

ROCK ON!

One of Finley's friends - Harry Maguire - is the drummer in Horsham's freshest band - The Everlasting. On Fri 17th October they held their biggest gig to date - with an audience of well over 100 fans - raising a brilliant £1600. What a night! Check them out on Insta: @theeverlastinguk

You can't park there, mate!

Being a paramedic is hard enough - just ask our co-founders Ben and Nicky - but what about **pushing** an ambulance instead of driving it? SECamb Crews from Tangmere and Worthing did just that for 12 hours to raise money for Finley's Touch and made a whopping £1550! Thanks Gareth, Josh and all the pushers and supporters!

MAD FRANK STILL AT IT!

Our amazing Ambassador, Frank Hall, never stops raising funds for Finley's Touch - and other great charities! In October he completed a gruelling 100 mile walk around Matlock which raised us around £4000. Thanks Frank, you're one in a billion and your energy and enthusiasm is an inspiration. Hope your knees forgive you soon, in time for your next wacky adventure!

Who You Gonna Call?
Ralph Doe, of course!
Our brilliant Trustee built 'Stay Puft' for Halloween, raising a frightening £150 for Finley's Touch!

Our Patron Al Murray did us proud at another We Have Ways Fest. Regular chicken-chucker James May was joined by comedian Dave Gorman aiming for our Normandy-themed bunkers, and it was wonderful to catch up with our Independent Company community who raised £24,000.
