

BIOFUSION™

0-0-8

BIOFUSION works vertically from the rhizosphere to the tips of leaf blades, creating a never before synergy between plant and soil. In the soil, BIOFUSION's unique three-part organic acid blend drives incredible nutrient availability while providing a food source for beneficial microorganisms.

BIOFUSION is a unique formulation of rich organic material blended with a proprietary sugar complex, potassium chelated with carbon, a BIOFUSION-only rooting technology that will make both your plant and soil healthier than ever.

SHAKE WELL

APPLICATIONS	RATES & COMMENTS
Vegetables & Row Crops	Apply 0.95 litre to 1.9 litres per 0.4 hectare (1-2 quarts per acre) in enough water for coverage. Apply weekly or as needed up to the first harvest.
Ornamentals	1.9 litres per 379 litres (2 quarts per 100 gallons) of water every 21 days.
Citrus	Apply 0.95 litre to 1.9 litres in a minimum of 189.27 litres of water (1-2 quarts in a minimum 50 gallons of water) 6 times per season or as needed.
Greenhouse	Apply 0.95 litre to 1.9 litres per 379 litres of water (1-2 quarts per 100 gallons of water) as a foliar spray. Repeat every 1-2 weeks or as needed.
Landscape Plantings	Apply 0.95 litre to 1.9 litres per 379 litres of water (1-2 quarts per 100 gallons of water) for foliar spray or 59 mls – 148 mls per 3.79 litres of water (2-5 ounces per gallon of water) for soil drench.
Turfgrass	89 mls – 178 mls (3-6 fluid oz) per 93 square metres (1,000 square feet). Use weekly or biweekly. Use lower rates on a more frequent basis and higher rates less frequently or as indicated by a soil test. It does not have to be watered in the turf immediately.

GUARANTEED ANALYSIS:

Soluble Potash (K_2O) 8.00%

DERIVED FROM:

Potassium humate, potassium acetate, proprietary carbohydrate blend.

Guaranteed by Epoch Science, LLC

Caution: Keep out of reach of children.

PRECAUTIONARY STATEMENTS:

Avoid breathing fumes/vapours/spray
Contaminated work clothing must not be allowed out of the workplace
Avoid release to the environment
Wear protective gloves/protective clothing/eye protection
If on skin: Wash with plenty of soap and water
If skin irritation or rash occurs: Get medical advice/attention.
Wash contaminated clothing before reuse.
Dispose of contents/container to hazardous or special waste collection point, in accordance with local regulations

HAZARD STATEMENTS:

May cause an allergic skin reaction
Harmful to aquatic life

FIRST AID MEASURES:

Wash hands, forearms and face thoroughly after handling
Wear protective gloves/protective clothing/eye protection/face protection.
If on skin: Wash with plenty of water.
If in eyes: Rinse cautiously with water for several minutes.
Remove contact lenses, if present and easy to do.
Continue rinsing.
If skin irritation occurs: Get medical advice/attention.
If eye irritation persists: Get medical advice/attention.
Take off contaminated clothing and wash it before reuse.
See SDS for more information.
