

# Attend the USVI Envirothon!

## St. Croix's 1<sup>st</sup> ever Envirothon!

The Envirothon is an international team-based competition where students learn about forestry, wildlife, soils, and water on the island. Students work in teams of five (grades 6-12), learning from coaches and fieldtrips to solve real-world environmental challenges.

### Topic Areas:

Aquatics, Forests, Soils, Wildlife, and  
Current Issue Topic: Non-Point Source Pollution  
The winning team is eligible to compete in the
