

## **Broward County Public Schools** **Mental Health Website**

The District has updated its [Mental Health website](https://browardschools.com/coronavirus) with many useful resources for employees, students, and families including resources related to coping with the current COVID-19 pandemic. Please review the updated site and consider adding it to your email signature for easy access for yourself and others. We are also encouraging everyone to monitor the latest COVID-19 information on the District's website at [browardschools.com/coronavirus](https://browardschools.com/coronavirus).

As many of you return to work remotely, all Mental Health services will also continue, using the technology available: email, texts, telephone calls and videoconferencing via the Microsoft TEAMS application. Microsoft TEAMS is a secure HIPAA/FERPA compliant application that protects the confidentiality of our employees, students and their families. For assistance:

- Employees may contact the Employee Assistance Program (EAP) at 754-322-9900.
- Students and families may contact the BCPS Mental Health Hotline at 754-321-HELP (4357).

We look forward to working together to provide services and support to our employees, students, and their families.

**For more information and updates, visit [browardschools.com/coronavirus](https://browardschools.com/coronavirus).**

**Please note information is always changing and  
we will provide the latest updates as soon as possible.**
