

# COBIT 5 Certification Training

## About the Course

COBIT 5 is the only business framework for the governance and management of enterprise IT from ISACA®, used to both build trust in and increase the value of IT systems. The COBIT® 5 Foundation course gives you a deep understanding of the COBIT 5 framework, providing an end-to-end business perspective for IT governance and reflects the role of IT in creating value for enterprises. By taking this course, you'll master COBIT 5 principles, enablers, implementation phases and process capability assessment models, boosting your chances of building a great career in a sector expected to grow 207% annually through 2020.

The COBIT 5 Foundation course framework incorporates thought leadership and guidance from business, IT, and governance experts around the world. Upon completion of the course, you will be able to pass the COBIT 5 Foundation exam and earn a COBIT 5 certificate, and put into practice the knowledge you get from the COBIT 5 framework and recommend applications of COBIT for enterprise-wide projects.
