

# Tableau Certification Training Course

## About **the Course**

Tableau Desktop 10 is one of the most popular data visualization and business intelligence tools used by enterprises to analyze and derive insights from huge amounts of data. In this Tableau Desktop 10 training, you will learn the core concepts of statistics, mapping and data connections – and how to create user-friendly reports, dashboards and other rich data visualizations. The course is a great fit for software developers, business intelligence professionals and system administrators who want to enhance their analytics and reporting capabilities and ensure on-the-job success in data visualization.
