

MagnaCuff Sizing Guide

#1

- Print the sizing guide by following the printing instructions on page 2 to make sure it prints with the correct dimensions

#2

- With scissors, cut a straight line along the entire dotted line at the bottom of the page to remove it

#3

- With scissors, cut out and remove the area of the guide labeled (A) below

#4

- Place your hand on a table with your palm pressed down against the table with your fingers hanging over the edge

#5

- Hold the sizing guide upright with the cutout area over the back of your hand (not your fingers), about one inch away from your knuckles, with the arrows pointing down and resting on the surface your hand is resting on

#6

- If **NO PART** of the paper is touching the back of your hand, a size **SMALL** will fit you well!

#7

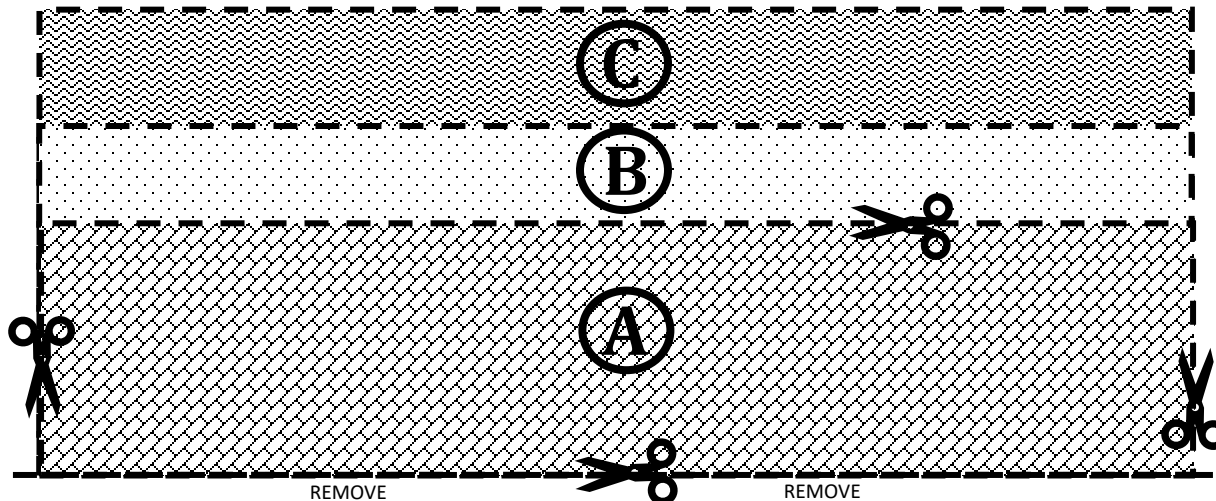

- If part of the paper is touching the back of your hand after cutting out the (A) area, cut out the (B) area and repeat steps 4 & 5
- If **NO PART** of the paper is touching the back of your hand after removing the (B) area, a size **MEDIUM** will fit you well!

#8

- If part of the paper is touching the back of your hand after cutting out the (B) area, cut out the (C) area and repeat steps 4 & 5
- If **NO PART** of the paper is touching the back of your hand after removing the (C) area, a size **LARGE** will fit you well!

SIZING RECOMMENDATION: If you are close to being a good fit for two different sizes, order the smaller of the two

When completing step #5 make sure this part of the paper is touching the surface that your hand is resting on

When completing step #5 make sure this part of the paper is touching the surface that your hand is resting on
