

WELCOME

Meet Tracey Correia, the new Site Manager at the Pincher Creek Health Centre

I was raised in Glenwood and left to attend nursing school at the Misericordia School of Nursing in 1988. After graduation I practiced in the U.S. for approximately 10 years in trauma ER's across the country settling in Detroit for 7 of those years. I moved back to Alberta and lived in Edson for 20 years during that time I working in the hospital, then moved to Home Care and finally into management. I was the Site Manager of the Edson Healthcare Centre for 6 years. I have felt the pull to return to Southern Alberta for a long time and was able to purchase my grandmother's home in Glenwood this year. I am glad to be back to the open fields and mountains.
