"A group of Volunteers working hard to assist injured riders and their families in the event of a motorcycle accident."

What a year so far!

Wow, what a year we have had so far in terms of the riding world opening up. With 2020/2021 restrictions behind us this year was the year for gathering, getting together, rekindling old riding friendships and tours, creating new riding friendships, and just getting back to all of the riding events we have missed. We have attended many of these events and the smiles, camaraderie and catching up on years missed has been amazing. At every event, we have seen many new riding faces and old ones where it seems like a minute has not passed since we last met, even though it has been, in some cases, two years. We have loved every second of getting to know those of you we have met this year and reminiscing about past events with those we know well, it has been too long!!

The heat has been challenging but a small price to pay for the ability to meet with other riders, unrestricted (when the heat gets turned up, we just ride higher up the mountain 😊). There are still many more events to attend this year. The riding season isn't over until the white stuff hits the ground so get out there and connect, have fun, ride aware and stay safe.

A FEW WORDS FROM OUR PRESIDENT

Well, we did it, another one in the books. Don't know the numbers yet but there were lots of Boogie Bash™ virgins that got there cherry popped we welcome you to the BOOGIE BASH™ FAMILY. (Hope to see you all again next year). Good on ya for supporting our Injured Riders. I would like to thank each and every one that pitched in and gave their all to make this all happen. We skidded and spun and some of us ended up on our asses. I can say without a doubt our board members and volunteers are the hardest working people out there. They gave 200% if not more in a lot of cases. Some of our events didn't go quite as planned but having Tracy and the rest of the crews' little butts run off was one highlight for me. Was glad to see so many old faces and new ones. The bands were awesome, the food was great, and the beer was cold. Hope you all had a great time.

See ya next year

HAVE YOU EVER BEEN to the ROCK CREEK FALL FAIR?

Here is your chance - Volunteers needed!

SIR™ has been approached by the Rock Creek Fall Fair for our assistance at their event September 17 and 18, 2022.

In turn for our services the Fair board will make a monetary donation to **Society for Injured Riders**. This will be a huge “shot in the arm” for our society.

We will be working both the main gate and camping gate. The shifts are of 4- or 5-hour duration. The gates are open 7 am to 7 pm Saturday and 7 am to 3 pm Sunday. Anyone who volunteers for us will receive a pass into the fair and, if needed, a one-night camping pass.

So **please** could you see your way to lending a hand for a shift or two to help raise some funds for our Society. We hope it never happens but you just never know when you may find **yourself** on the receiving end of our help.

Text or call Tracy at [250-263-2544](tel:250-263-2544) or email info@S-I-R.ca

Fall Funnies 😊

Q: What do you call a Harley Davidson rider who drives all over the road?

A: A road hog.

Q: Why should you keep hay in your motorcycle's saddlebags?

A: Hay increases horsepower.

My brother recently got into a biker's gang who worships Norse monarchs. They call themselves 'The Bikings'.

INJURED RIDERS

With the riding season opening up by the lifting of restrictions, people gathering once again and freedom on everyone's minds, we have seen a significant number of motorcycle accidents and an increase in injured riders and a higher number who have contacted us for support. Due to the Privacy Act, we cannot provide any information that would identify those riders, however, you know who you are and we would encourage you to share your story with others and comment on the assistance we have provided to you. We have also lost some riders this season who will be forever remembered and our thoughts go out to their families.

We have received many inquiries and phone calls from injured riders and their family members. With the changes in the BC insurance industry implemented by the BC NDP government in 2021 to a "No Fault" system that provides medical and other benefits however, for the most part, has taken away an injured person's right to hire a lawyer to take the 'at fault' driver to court to recover their losses we have received many comments about that. Many riders have expressed their disbelief in this new insurance system and have relayed stories to us about difficulties they are having in dealing directly with ICBC, in some cases in which they are being told they are responsible for their accident (when there appear to be circumstances that would say otherwise) and a lack of help or direction in terms of what to do in those situations. While there is 'no fault' assessed as it applies to benefits (meaning no matter who is at fault medical and other benefits can usually be accessed) this can affect a rider's deductible or bike repairs/replacement. We have also heard many tales of riders having to deal directly with ICBC and their frustrations in understanding and accessing medical and income benefits and just simply navigating this new insurance system. We understand this can be an ongoing, frustrating process and recommend reviewing the ICBC website for options available, reaching out to other companies that can provide assistance to access benefits and contacting a lawyer for advice in terms of 'at fault' assessments.

We have been able to assist so many injured riders and their families this year in various ways, by providing cash donations for their immediate needs to having long telephone conversations for support to providing direction to injured riders and their families to resources they may need (to name a few).

We do want to thank all of you who have taken the time to support injured riders by attending our fundraising events (as there have been so many events, by so many groups, open to attend) and to thank those of you who have purchased a membership (single \$20.00 or \$30.00 couple) [SIR™ Membership Link](#) as those funds also go toward supporting injured riders.

To **Dave Anderson** and **Everette Rankin** thank you for the photos and videos.

Our **Medic, Crystal**, you are amazing. On top of everything that happened throughout the weekend, you took care of one of our own, Sasquatch, and his little trip to the ER gave us a scare. Thank you, you saved my bacon lots Boogie Bash™ weekend. **Vicki Berretta (Eide)**, Society for Injured Riders (SIR)™ Director, first year leading the poker run. Thank you. Maybe we will try a new route next year. **Arlene Coulter & Chris Hornhawg Coulter**, Society for Injured Riders (SIR)™ Directors, we are sorry you had to leave early but we always say health first and Boogie Bash™ after. It was important that you went home Arlene to take care of yourself, and we completely understand Chris that more than anything you wanted to be with your wife. Hugs to both of you. **James Mcghee Sasquatch**, President of Society for Injured Riders™ Oh you always like attention, don't you? What can we say, we think you just wanted to relax all weekend instead of working? LOL and to **Monica Bee (Bruns)**, Vice-President of the Society for Injured Riders (SIR)™ and the Co-Chair of Boogie Bash™, without you this event would not have taken place. Please accept my heartfelt gratitude for all your support and encouragement! You are so valuable, kind, and generous with your time and energy. Thank you so much for being you and I just wanted to let you know how much I appreciate you.

I am truly sorry if I forgot to mention individuals by name but just know that if your name is mentioned or not anyone that helped put this event on no matter the capacity we are forever grateful for your assistance.

Until next time, enjoy the rest of your riding season and we look forward in seeing you the Boogie Bash™ Family again soon.

A Few Words from SIR Board of Directors

Thank you to all the Board of Directors of SIR, volunteers, sponsors, suppliers, vendors, bands, and attendees for making Boogie Bash™ 2022 an enjoyable event.

Wilma Vanlerberg, Treasurer

Hi all! I dunno about Y'all but I still can't get the smile off my face from Boogie Bash™ 2022! It was simply an amazing Boogie Bash™! Yes, I ran. Yes, I did lotsa volunteer stuff. Yes, it was fun! I talked to so many new people, Bikers, and non-bikers. Some weren't bikers per se, but loved the energy, events and entertainment from the bands, the venue, the people and on I could go. They had never attended such an event and said they will be back! Any questions they had were answered right away or they were guided in the right direction. Fellow Bikers loved everything about it; the camping, the never-ending things to do and watch or just chill. The Locals that came to the front gate were SO wowed by free entry! It was equally great for me to reunite with so many of my friends - family! I think we done good I'm already looking forward to next year. Even the Cops like us!!!!

Ciao for now

Hello Tracy

Just wanted to send you an email commending you and your team that organized the Boogie Bash™ for doing such a great job with the event. In addition I also want to send out a thank you to your guest's that attended the event for keeping it a respectful and fun filled event. The Midway RCMP only had one file that was related to the event. We look forward to next year's event with hopefully the same success for such an wonderful cause.

Resepctfully,

Phil PETERS(cpl)

As a board member of SIR™, I would like to thank everyone who attended this year's Boogie Bash™. I spent a lot of time at the two gates and was pleased with the actions of the attendees. Over the five days (Wednesday to Sunday) I had very few problems. Everyone was very understanding of delays due to ticket issues, or changes from previous years.

A great weekend for all.
See you all next year.

An old lady used to cross the US-Mexico border every day using a motorcycle...

The guards, especially officer Johnson, knew she was smuggling something. But, no matter what they did, they could never find it.

Dogs wouldn't sniff anything, metal detectors wouldn't bleep, disassembling the motorcycle wouldn't help.

Many years later, on his last day at the job, once Johnson saw the old lady crossing, he decided to ask her.

He approached and said "I know there is something wrong and I will do nothing. I just beg you to tell me before I retire".

The old lady, with compassion, asked "Are you seriously not going to do me anything?"

He replied "No. What are you smuggling?"

"Motorcycles", she said.

Who is SIR™!

The Society for Injured Riders (SIR)™ is a not-for-profit society run solely by volunteers that provides assistance to motorcycle riders injured as a result of a motorcycle accident. Assistance includes moral and financial support including funds for immediate needs and expenses until other income/insurance is in place, providing referrals for medical equipment or for assistance in navigating insurance difficulties, to name a few.

What is Boogie Bash™!

Boogie Bash™ is a weekend of organized events for motorcycle enthusiasts with riders from all over British Columbia, Canada, and the United States in attendance. This adult only event has become a Boogie Bash™ Family of over 1,500 supporters annually. Events throughout the weekend include Bike Games, Show 'n Shine, Burn out Pit, Poker Run, Tattoo Contest, Merchandise Booth, Live Bands, Beverage Gardens, Food and Product Vendors. Whether a rider, motorcycle enthusiast or someone who is dreaming of owning a motorcycle in the future, individuals come out to enjoy a weekend of fun and music and support the Society for Injured Riders (SIR)™
