

MARSHA ELEANOR FUQUA

Marsha Eleanor LeMoine Fuqua, 83, of Hilliard, passed away peacefully October 6, 2024, at the Life Care Center of Hilliard. She was born January 21, 1941 in Dinsmore to Cecil and Mazie LeMoine. She had four sisters. She married Bill Fuqua, Jr. and spent 30 years of marriage. They lived in Ocala where Torin and John were born and raised. Marsha resided in Jacksonville most of her life. Through her journey in life, she was a hairdresser before she joined the US Marines. She also worked as a dispatcher for a trucking firm before she retired. She always made her children her priority. There was never a game, play or any sport, that she wasn't there to cheer us on. She was a little strict, I guess from being a Marine, but it made us stronger children. When her grandson Trevor was born, she never told him no. She called him heart from the day he was born. She was the backbone of our family, a hard worker and had a lot of compassion for others.

Marsha was a very kind, gentle soul with so much love in her heart for others. People would tell us at the nursing home how much they loved her and how sweet she was, despite her ailments. She never complained. It made our family so happy to know they were taking good care of her. She would always thank the nurses each time they came to assist her in any way. She was a true treasure. She was so excited to have a great-granddaughter! We are so happy she got to meet her. We will share all the sweet memories one day with baby Hyatt, of her precious great-grandmother. Mom, you will be missed so much. Until we meet again, we love you. Fly high our angel.

She is survived by her children Torin Perry and John "Jay" William Fuqua, III; her grandson Trevor (Kelsy) Perry; great-granddaughter Hyatt.

A memorial service will be held at a later date at Jacksonville National Cemetery.
