"THE LORD IS MY STRENGTH AND MY SHIELD; MY HEART TRUSTS IN HIM, AND HE HELPS ME. MY HEART LEAPS FOR JOY, AND WITH MY SONG I PRAISE HIM." - PSALM 28:7

Meet U. S. Navy Veteran John Jones

Dawn S. West

This week we pay homage to the many Veterans in our community as we will celebrate Veterans Day Monday, November 11.

Monday, I had some time to spend with Mr. John Jones. Mr. John, as I call him, lives in Callahan and attends the Westside Senior Center to visit with friends and make new ones. He never meets a stranger and is one of the nicest people I know. Mr. John shared that he graduated from High School May 31 and joined the US Navy on August 1 and never looked back. He and a friend planned to join together but his friend never did. He attended basic training in Great Lakes, Illinois, shortly following, he attended school in Boston on the old USS Constitution, and yet another school in Rhode Island. From there he began a cruise aboard the USS Furse DD-882, a US Navy Destroyer.

"I eventually went on four Mediterranean tours; two Caribbean tours and one North Atlantic tour," said Mr. John. "The majority of my time in the military service was tours on the water. Thankfully, I wasn't in any wars but we were present in the last eight days of the Vietnam campaign, which also included Laos and Cambodia."

He was proud to say he made the rank of E6 in six years and held his rank there. During his 20 years of service, he was on three Destroyers; an Aircraft Carrier; traveled to Newfoundland, Naples, Italy and Antarctica. He was stationed in Chicago aboard the USS America, for three years in Recruiting. "I totally enjoyed my time in the Navy," added Mr. John. "During my time I visited five out of seven continents and 72 countries including Africa."

Following retirement, John worked for Harris Manufacturing, an electronics military contractor, for 20 years. He later taught school for 10 years. Funny thing, Mr. John joined the Navy to get his education to be a teacher through the GI bill because his family couldn't afford college for him. However, he finally ended up teaching during the end of his employment years.

Mr. John continues to be a respectful, disciplined person to this day. He shared with me an important life lesson for men: The three places that men don't wear hats: at church, because you don't pray with your head covered; Mess Hall, because you pray before you eat; and a hospital, because it's out of respect to honor those who are suffering. I'd say his military respect is still there! We honor you Mr. John. Thank you for your service to our country!

We are truly blessed to have so many men and women that have served our country right here in west Nassau County. Several years ago, Mr. Bobby Franklin, a US Marine Veteran, collected names and photos of our local Veterans current and deceased. When he started receiving them, the photos were printed out and framed with their names and years of service on them. All of those photos are now displayed at R & R Wings & Grille and Five.5 Grille in Hilliard. What a special way to honor those who served.

Thursday night, the West Nassau High School AF JROTC will host their Annual Veterans Appreciation Ceremony in the WNHS cafeteria at 6 p.m. All Veterans and their families are encouraged to attend this special evening complete with a meal and special activities and all is free!

On Saturday, November 9, the Town of Hilliard will host their Annual Veterans Appreciation Service. Veterans and their families are encouraged to come and register around 9 a.m. with the service to begin at 10 a.m. Following the service will be a meal for everyone to enjoy.

Make plans to attend all or one of these services to honor our Veterans!

Sixth Annual Operation Holiday Salute

Last year, Veteran's Last Patrol obtained and delivered nearly 60,000 Holiday Cards to Veterans in hospice around the country. Americans across the nation participated in this amazing operation to bring a little joy to Veterans on their Last Patrol.

This year, their goal is 70,000! Can you help? You are welcome to address cards, "Dear Veteran" or "Dear Hero", and mail to: Veteran Last Patrol, 140B Venture Blvd., Spartanburg, SC 29306. Cards must be received by December 1 to get to the Veterans by Christmas.

Packaging and postage expenses for this drive to get these cards to dying Veterans are significant. Would you consider a small donation to help? Donations by check can be mailed or donations can be made online at: www.veteranlastpatrol.org. For more information, call 864-580-8005.

NCEDB Board Holds Annual Investor Appreciation Event

The Nassau County Economic Development Board (NCEDB) held its annual Investor Appreciation last Thursday evening to commemorate unprecedented investments in Nassau County and present awards to organizations and individuals making impacts across Nassau County. The Regional Economic Impact Award was given to Rayonier; Baptist Health earned the Business Retention and Expansion Award; and HCA Healthcare earned the New Business Investment Award. NCEDB also posthumously honored Board Member and former Mayor of Hilliard David Buchanan with the Excellence in Economic Development Leadership Award.

Shown (l to r) are: Paul Schwend, Chair of the NCEDB, John Vonnoh (Rayonier), Kim Sartor, Greg Jones, Wildlight, Wes Hinton, Wildlight, Jane Wilder, Andres Villegas, and Emily Stimler.

The Buchanan Family

The late David Walker Buchanan, longtime Hilliard businessman; retired Director of Transportation for the Nassau County School Board; former Mayor of Hilliard for 18 years; also served on the NCEDB before his passing in May 2024. Buchanan's family was on hand to accept the award.

With a long history in Nassau County spanning over 87 years, Rayonier is committed to being a responsible steward of the community. The company sustainably manages over 120,000 acres of timberlands, supporting over 6,200 rural jobs and driving sustainable economic growth in the County. Wildlight, a mixed-use master-planned community developed by Rayonier's real estate subsidiary, Raydient Places + Properties, has enhanced quality of life for Nassau County residents by providing accessible and nearby recreational trails, quality healthcare, restaurants, and office space. It has stimulated $225 million of investment in the county that created more than 700 jobs, with additional enhancements on the horizon in its next chapter. "We value our collaboration with the Nassau County Economic Development Board, a true champion for economic growth in the region," says Chris Corr, Senior Vice President of Real Estate Development and President of Raydient at Rayonier. "Our commitment to sustainable forestry and responsible community development goes hand-in-hand with our efforts to create a thriving business climate benefitting both residents and businesses. Through initiatives like Wildlight, we're investing in the long-term economic health and prosperity of Nassau County."

Baptist Health will soon open its emergency center and 30,000sf retail office building in the Wildlight area. The 24.6-acre campus expands Baptist Health's presence in the county where it operates Baptist Medical Center Nassau in Fernandina Beach. In 2023, Baptist Health was ranked Nassau County's seventh largest employer.

HCA Healthcare is currently developing an 11,000sf emergency center which is expected to open in the first quarter of 2025. The HCA facility will have 10 exam rooms and spaces for CT scans and radiology.

"Nassau County is the seventh fastest-growing county in Florida," said Sherri Mitchell, executive director of the Nassau County Economic Development Board. "Our Economic Development Awards celebrate the vision, dedication, and hard work of individuals and organizations that are driving progress in our community. Rayonier, Baptist Health and HCA Healthcare exemplify the spirit of innovation and collaboration essential for sustainable economic growth."

The NCEDB gave attendees at the event updates on the water plant at Crawford Diamond Industrial Park, located outside of Callahan, which is scheduled to be complete in October. It also gave an update on the Wildlight Commerce Park, a first-class logistics and distribution center that will also play a vital role in commercial economic development.

JUST MY OPINION

Roger R. West

I have not a clue as to what to write about this week, since I do my column on Monday's. The day before the most important election in American history and here I sit with a blank stare. There is no need to discuss the election or comment any further on the two candidates because it's a moot point at this moment. It has been a very tremulous campaign year as we most expected. The Democrat Party unleashed their utter-most vile temperament toward anyone and everyone that supported the Republican platform. We have a long list of bitter names to go by from the left. We have been labeled as deplorable, fascists, Nazis, garbage, anti-woman, anti-abortion and ant-American. Sort of reminds me of the childish behavior of school kids.

We are also a threat to democracy as so often the Democrats spew that message to the country. As I have said many times, first-off, we are not a democracy, we are a constitutional Republic. A big difference in the two but both sides always say democracy. There is no other political party more endearing to our Constitution than the Republican Party. Even as the Democrats continue this false narrative, are they not the party whose presidential candidate never received one vote to be their representative in this election? If that is not a way to destroy their "democracy" claim, I don't know what else would be. The people, as a whole, are supposed to determine who will be the party's nominee. With the Democrats totally skirting the democratic process and allowing a small group of elites and the main stream media choose their candidate, they by far are a much more threat to "democracy" than any Republican. Of course, in life time learning, the one who screams first and loudest and are pointing fingers are normally the guilty ones and the Democrats are notorious for doing just that.

I can only pray that come Tuesday (or sometime in the coming weeks) it will show Donald J. Trump as being elected as the 47th President of the United States! If he is not, I highly recommend you to begin stocking up on all the essential's such as non-perishable food and necessities for life (probably toilet paper), ammo and get a mindset of, America is going down. I never thought I would see the day that our (MY) country would be in this dire situation. However, it has been said many times, America's freedom is just one election away.

As always…that's just my opinion! God Bless America!

So, About That Election

Pastor Marty Paparo, Friendship Alliance Church, Callahan

At the time of this writing, it's early Tuesday morning. I do not know yet how everyone will vote. But at the time of your reading, it will be Thursday and you probably already have the results. I wanted to discuss our response to the results of an election in which the vote went our way and our response if the vote didn't go our way. The response is the same: Jesus is still Lord!

If after the vote has been counted, you find that the other party won, amendments you voted for lost and amendments you voted against won, know that Jesus is still Lord. We, as Christ-followers don't have to worry or fret. In Matthew 6:25, 27, 31-34 Jesus says: *"Therefore I tell you, do not worry about your life, what you will eat or drink; or about your body, what you will wear. Is not life more than food, and the body more than clothes? Can any one of you by worrying add a single hour to your life? So do not worry, saying, 'What shall we eat?' or 'What shall we drink?' or 'What shall we wear?' For the pagans run after all these things, and your heavenly Father knows that you need them. But seek first his kingdom and his righteousness, and all these things will be given to you as well. Therefore do not worry about tomorrow, for tomorrow will worry about itself. Each day has enough trouble of its own."*

If you find that your vote was the one that won, know that Jesus is still Lord. Neither Donald Trump nor Kamala Harris is going to save our country. Jesus Christ is the one who saves. We vote for the people and policies that we believe will lead us in the direction God wants us to go, but our Savior is still Christ. If God used Balaam's donkey to tell him he was going toward a path of destruction, He can certainly use any candidate He chooses to accomplish His tasks (Numbers 22).

Regardless of who wins, pray. God places the burden of our prosperity on His people. If you're a Christ-follower and not happy with the way things are in our country, know that we have the power to change it. *"If my people who are called by my name humble themselves, and pray and seek my face and turn from their wicked ways, then I will hear from heaven and will forgive their sin and heal their land"* (2 Chronicles 7:14, ESV). If we want to see change, we must humble ourselves, pray, seek God's face, and turn from our sin. Then, He will hear us, forgive our sin, and heal our land.

Donations for the Homeless Needed

God's Bridge Ministries, located behind Callahan CVS, has always been a big supporter of helping the homeless people in Callahan. Many times, they have allowed them to work on the premises and fed and clothed them. As they continue their ministry, they are wanting to extend it into other areas. They are currently asking for donations of hygiene items (soap, shampoo, etc.) socks, underwear, blankets and towels. They are also asking for non-perishable food items (with pop tops) to add to the boxes. They have boxes prepared to fill with items and they are just asking for the community to help out with donations so the boxes can be delivered. They hope to be able to fill several boxes prior to Thanksgiving. Items may be dropped off at God's Bridge Ministries directly behind Callahan CVS. Thank you in advance for any supplies you can provide.

Christmas Lights in Callahan

Dawn S. West

The Callahan Town Council met Monday night for their first meeting of November. The first order of business was from Nassau County Planning Director Elizabeth Backe providing a presentation about Nassau Florida Vision 2050. "For the past 18 months the county planning department employees have been all around the county collecting information from Nassau County residents on their 'thoughts' for the future growth of our county," said Backe. "The planning process and the resulting policies will promote and manage growth, protect and enhance key areas of importance, to accommodate future trends, and provide the necessary baseline for an update to the County's Comprehensive Plan."

The entire initiative for the Vision 2050 can be found at: www.nassaufl2050. The team has held several pop-ups throughout the entire county getting feedback from residents on their vision for the county's future. All of the information received will be compiled together to help to plan for the future growth of Nassau County. The county now has around 97,000 people with future growth expectations in 2050 to be around 197,000 people.

Here is a little background on the next agenda item. At the last council meeting October 21, Town Manager Mike Williams advised the council that there would not be any hanging Christmas lights or banners in Callahan during the holidays, per Florida Power & Light.

The first order of business was a presentation from Carol Saviak, External Affairs at Florida Power & Light (FPL). "For many years, FPL has had a great partnership with the Town of Callahan and sponsoring many events including holiday events. Recently, FPL made the decision statewide to remove all holiday items from their poles," said Saviak. "This decision was made as FPL has been installing smart devices to harden the and strengthen the system against power outages. The work is ongoing. FPL has made great strides in this effort to provide quick response during power outages and be able to restore power quicker. I am here tonight to report that FPL would like to extend the opportunity to hang holiday lights on our poles! We (FPL) will also continue to be a sponsor in the annual Callahan Christmas Parade."

"We appreciate FPL and the partnership we have. We also thank you, Carol, for being so available and supportive of Callahan," said Mayor Randy Knagge. "Carol is a part of our town. She truly invests in Callahan as she is seen at so many events we have. For that, we thank you!"

The next agenda item was a discussion about purchasing bunker gear for the Callahan Fire Department. Mayor Randy Knagge spoke on behalf of the fire department stating, "The department is looking to purchase nine sets of bunker gear at $29,000. The department collected around $25,000 from their fair booth, so they have most of the money. They need to purchase now so the price doesn't go up."

"My concern is to purchase this bunker gear for the department and the members don't complete their schooling, then we have all this equipment and no members," said Councilwoman Jacquelyn Fleming.

"A requirement to be in the class is to complete it," added Fire Commissioner Ken Bass.

"I talked with the representative from the company that will provide the bunker gear today," said Town Manager Mike Williams. "We have four members that have been with the CVFD for quite a while. The representative recommended that we purchase four sets of bunker gear and rent the remainder on a month-by-month status. That's just a suggestion."

"I will go along with that, purchasing four sets of bunker gear and renting the others," added Fleming.

The council approved to purchase four sets of bunker gear and to rent more if needed.

The council approved Resolution 2023-R15 which concerned donating $1,000 to the West Nassau High School AF JROTC Program. "The JROTC cadets have helped the town out numerous times. Most recent when they came to town hall and filled several sand bags for residents before the storms. They (ROTC) also provide help with gifts during the annual Santa Run at Christmas," said Williams.

The council also approved Ordinance 2024-O03 which concerned a Voluntary Annexation of 6.81 acres into the town limits. The property is located on US 1 north near Hill Road.

In closing comments, Town Clerk Shawna Gugliuzza advised the council that the swearing in of offices will be held at the Monday, December 2nd meeting at 7 p.m.

The next council meeting will be held Monday, November 18 at 7 p.m.

A Word From the Publisher

How blessed I am to live in Florida! I'm so thankful for this amazing weather we have been having. I'll take this little bit of fall anytime. I thought the fair weather was great! I can't think of the last time I went to the fair and the weather was perfect, not too cold not too hot…just right. And not muddy! Thank you, Jesus, for providing that.

While eating out Friday night with my parents in Kingsland, my mom asked the manager (who my parents know) if she had voted yet. She quickly responded, "No ma'am, I'm not even registered." Well, needless to say my parents had a couple of words of advice for her. First of all, they showed their disappointment in her decision and next shared with her, this could be the last time you can vote. Of course, it is too late to register to vote at this point, but they were truly upset.

I well remember, the day (or shortly after), my 18th birthday, my dad went with me to register to vote. If any of you know my dad, you don't really say no to him! Off we went, I registered and have voted every since. That, my friends, was some 46 years ago. In 2016, Roger and I stayed up on Election Night until I think about 2:30 or 3 a.m. to hear the final election results. That was eight years ago. In 2020, we did the same. We stayed up watching until about 12:30 a.m. and with confidence we went to bed with a complete lead for President Trump. When I woke up at 6 a.m., immediately I turned on the TV to see the final results only to find out that the final results weren't in…WHAT?? I woke Roger up and said what's happening. When we went to bed there were hardly any precincts left to come in! That was the year that elections changed somehow. It's amazing how 'some people' think the American people are so stupid.

At that point in time, I had been a voter for 38 years. That's a long time. Every presidential election prior to that, or really any election, the results were complete by late Tuesday night or early Wednesday morning. Never have we had to wait a week or more. Silly me, I was thinking everything else in the world is faster and better at this point. Remember, we're people of convenience…we don't like to wait. We want everything now, except election results? I guess we (American people) are stupid. I just thought it was pretty odd that all of the sudden, the results aren't available. I thought we used all kinds of the best computer systems for safety, security, final tallies, etc.

After going to bed around 2:30 a.m., I was so thrilled to have watched the results come in. The win for former President Trump was announced around 2 a.m. It's wonderful to see our constitutional right to vote for our candidate happen and to see that election integrity has returned and for that, I am thankful. I will admit I was a little anxious to get up later Wednesday morning to confirm that the results I saw when I went to sleep were still the same. And thank you Jesus, they were!

As I'm thankful for the results, I am still reminded that we live in a broken world. Our work is not over. We must continue to share Jesus with others. As we did our part, praying about the election, voting and making sure our families and friends voted (our grandsons proudly voted in their first Presidential election, I'm so proud), we must continue to share the love of Christ with others. Our almighty God remains in control! We must keep our focus on God. Remember, He continues to wait for more to accept Him as their Savior and Lord before He returns. That is the most important question today is, where will I spend eternity? I know I'll be in Heaven and I am looking forward to that beautiful day. If you haven't asked Jesus to come into your life, don't wait another day. I continue to pray God's blessings upon our country. God Bless America!

Have a blessed week!

New Beginnings and Milestones

Wylie Layne Barnett

Craig and Layna Barnett are thrilled to announce the arrival of their son Wylie Layne Barnett. Wylie was born October 17, 2024 at 6:07 p.m. He weighed 8 pounds 1 ounce.

Our hearts are overflowing with love and joy as we welcome Wylie into our family. He was adopted from Washington State and brought home to Callahan on October 25. He was welcomed by his four dog siblings as well as Bibi (former Ms. Warrior, '85), Papa, Aunt Sissy, and cousin Levi - who transformed our nursery so we could settle nicely upon our return.

Our friends and extended family showered us with love and support through this journey that brought us the sweetest blessing. We are so grateful.

Robert Paul Davis

Robert and Kellie Davis, of Hilliard, are proud to announce the birth of their son Robert Paul Davis. Robert was born October 8, 2024 at Baptist Hospital Jacksonville. He weighed 5 pounds 12 ounces and measured 18 ½ inches.

Paternal grandparents are Robby and Latashia Davis of Hilliard.

Maternal grandparents are Leah Morris of Orange Park and the late Paul Dohm.

Robert was welcomed home by his sister Avrie Davis!

Hilliard Volunteer Sawyer Helps Turn Debris into Rebuilding Materials

T.D. Connors

Hurricane Helene recently devastated major regions of five southeastern states, from Florida through Georgia and South Carolina, and into North Carolina and Virginia. Areas of Western North Carolina were particularly impacted by rampaging floodwaters that were unexpected and unprecedented. Nassau County Samaritans, churches, and charitable organizations quickly responded with clothes, food, and supplies.

However, one resident of Kings Ferry, Connor Dolan, provided much-needed help in person. Dolan is a naval engineer providing support for Navy shore and afloat assets. However, seeing the images of massive destruction and the suffering of the families in western North Carolina, he decided he could help by taking his Woodland Mills portable sawmill directly to where it could be used to turn fallen timber into lumber needed to strengthen and repair damaged buildings and barns. After talking it over with his wife, Laura, he loaded his truck with camping gear and supplies, hitched up the mobile mill, and drove 500 miles to Bakersville, NC, about 60 miles northeast of Ashville, NC.

Connor and other volunteers set up camp on Roan Mountain, famous for the world's largest natural rhododendron garden, and near the Tennessee-North Carolina border. Dolan was joined by other volunteers, including: John Miller of Miller Farms in Ohio, and Georgian David Barns "who showed up with a log skidder that helped bring the logs to the mill."

Over three long days, working from "can to can't"- dawn to sunset-they turned poplar, oak, maple, hickory and cherry from debris into useable lumber. Connor and other volunteers sawed over 15,000 board feet, creating different sizes of lumber needed to recover and strengthen damaged buildings. Connor devoted his last day to creating 4x4's. "Some of these went to a gentleman whose barn had exploded. He planned to shore up his hayloft so that he could feed what remained of his livestock, and to use the 1"-thick stock to re-side the barn," Dolan explained.

Shown (l-r) is Connor with his team: David Barnes, John Miller and Jonathan Williams.

Connor and his volunteers were warmly welcomed by local residents, who helped prepare food for them, although the volunteers did have to sleep in tents on the ground. "We were very well received, they were very friendly, very courteous and grateful that strangers were willing to take time out of their lives and show up to try to ease their burdens," explained Connor.

One resident told Connor, "FEMA did not exist," nor did Connor see any government vehicles or the Red Cross. Relief services were being provided by volunteers like Connor, churches and local charities.

"I made some good friends. We just wanted to be able to help people who saw some of the worst weather you can imagine. Who expects a hurricane in the mountains?" continued Dolan.

The Roan Mountain residents "have a handle on food and water," Dolan pointed out, "but with winter coming on, they could use warm clothes, building supplies, generators and baby supplies," added the father of two young children.

Plans to make future trips to affected areas are in the works. Anyone interested in making donations or volunteering should contact Connor directly at 401-400-9353 or email: harknesssawmill@gmail.com.

Stand Up for Freedom

Dear "We the People",

We are not ashame of the "stand" we are taking for "good" vs evil. We are going to miss the rallies and the campaigning, especially for 2024. President Trump made a comment this weekend. Paraphrasing; "there will be no more rallies after Monday. They'll never be rallies like this again. We will have events after the election, it will all be good. I've really enjoyed the imagination of "We the People" with their memes.

Through this process, the last 4 years: I've learned to research, using God given discernment, the good and the bad. The "baby boomers" was the beginning of experimentation of mind and soul. Experiments that affected everything with our senses. Education, medicine, food, church. What you have seen you can't unsee. What you have heard you can't unhear. The screen that we have put into the center of all our homes has been the biggest "evil" influencer of ALL...praying "all" ask The Lord for cleansing, patience, caring and loving others.

After tomorrow, Tuesday, Nov. 05, 2024, you will "see" and "hear" the GREAT AWAKING! A great cleansing of our souls. There will be no "sitting on the fence," that will be no more. Praying we understand how The Lord answers all prayers. Love you all.

"We the People" representative,
Janice V. Corbin

Big Box Food Deals!

In the big box stores they have what they call "teaser deals" to get you in the door. One of their most well-known items is their affordable, delicious, rotisserie chicken. BJs sells their rotisserie chicken for $4.99. If you are like me, you are always looking out for great deals. You cannot even find an uncooked chicken for that price anymore. These "teaser deal" chickens are cooked fresh in their commercial rotisserie every day! If you have not tried it yet, you will not be disappointed! They are willing to lose money on this deal to get you in the door.

The rotisserie chicken I bought ended up being four meals! We ate it for lunch with a couple of veggies (lima beans and rice). And then for dinner, I pulled the meat off the bone and made homemade chicken and rice soup. There was so much that I was able to share with a neighbor! And then we had enough in our refrigerator for another meal.

My mom, Ann Card Shumann, was the queen of re-purposing food. At Ann's Diner if it started out as a roast beef meal one day and there were any leftovers, you could be sure she was either going to have vegetable beef soup or beef pot pie the next day. Growing up in the great depression, she learned how to not waste food, and then taught me how to not waste food. If I have leftovers, it is a personal challenge to figure out another delicious meal that can be created from the same meat.

Speaking of big box stores and fantastic food deals: My daughter, four grandkids and I ate lunch at Sams for $13.88 + tax. All of us got the café combos: five of us got the huge pizza slice and drink, and one of my grandkids got the quarter pound hot dog and drink. We not only ate, but all of us were satisfied. When something tastes good and is affordable, that is a win-win for me! You must be a member at BJs or Sams to buy their chicken or to eat at their cafe.

Membership Pro Tip: Since you get two cards with each membership, find someone to split the membership fee with and the two of you can enjoy the benefits for half of the cost.

Teen Arrested for Threatening Student and Bringing Knife to School

Alicia Tarancon, NCSO PIO

On October 24, 2024 at around 1:30 p.m., the Nassau County Sheriff's Office School Resource Officer at West Nassau High School was made aware that a 9th grade student, Lawrence Rivenburg, 15, was making threats. Lawrence was escorted to the office and his backpack was searched, revealing a fixed-blade knife in a black sheath.

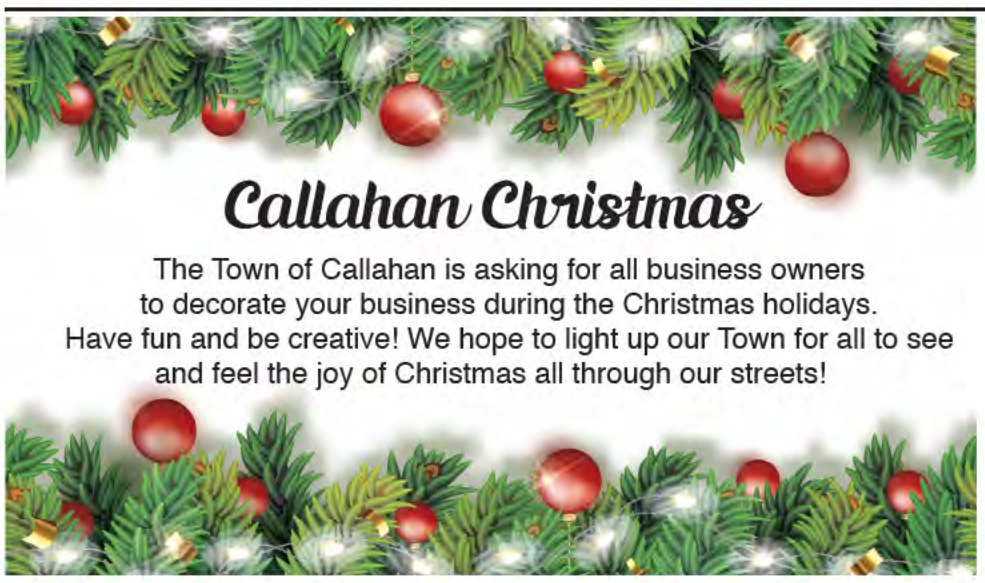

The victim reported that Lawrence had been making threats to kill the victim throughout the day, contacting the victim via Snapchat and using threatening language. The victim said Lawrence stated he had the knife with him at school. Due to the written threats on Snapchat, Lawrence was arrested on felony charges for making written or electronic threats to kill.

Sheriff Bill Leeper provided the following statement: "We have zero tolerance for any threats or weapons being brought onto our school campuses. The safety of our students and staff is the top priority. We worked quickly with the school to identify the threat, search the student, and make an arrest. We will continue to be vigilant and take swift action anytime a threat is made."

Flashes End Season with a Loss

Coach Matthew Yancey

The young Hilliard Flashes ended their 2024 season with a 52-32 loss to Atkinson County. The visiting Rebels from South Georgia used a ground and pound run game to run away with the regular season finale.

Hilliard opened up the game with a 65-yard touchdown drive capped off by a 4-yard touchdown run by junior Camuari Bolden. The teams traded touchdowns for the remainder of the first half and went into halftime tied at 20. Quarterback Ethan Garland, receivers DJ Alderman and Bolden all found the endzone for the Flashes in the first half. Clayton Floyd, an 8th grader called up from the JV, added 2 extra points.

The third quarter mirrored the first half with neither team being able to stop the other team's offense. Brenten Rhoden hauled in a long pass from Garland for his first touchdown of the season and Garland again found the endzone using his legs.

Down 36-32 late in the game, the Flashes had a chance to take the lead, but an unfortunate turnover allowed Atkinson to regain possession deep in Flashes' territory. The Rebels added two touchdowns in the final 3 minutes of the game to seal their 7th win of the season. Garland's second touchdown was setup by a long reception from Jeffrey Smith.

Defensively, the Flashes were led by Jake Crews, Jeffrey Smith and Brock Mcpherson.

The young Flashes took their lumps this rebuilding season, but there were several bright spots and improvements made. The team saw 19 players see playing time that were either 10th, 9th or 8th graders. After the bye week in week six, the team got better each week. We are looking forward to a much-improved team in 2025.

Warriors Lose in Playoff

Coach Waylon Cox

The West Nassau High School Warriors season came to an end Friday night, losing a tough game to Fernandina Beach, 24-20. Fernandina got on the scoreboard first and took a 6-0 lead. The Warriors responded to take the lead 7-6, following a Mo Green rushing touchdown. The ensuing kickoff was recovered by Blaze Cox and the Warriors were back in scoring position. Pryce Arnold connected with Grady Stevens to extend the Warriors lead to 14-6. The Pirates answered and scored a touchdown of their own to make the score, 14-12 at half with the Warriors in the lead.

The second half started with the Pirates driving deep into Warriors territory. Nash Batrous was able to stop the drive with a fumble recovery. The Warriors put together a drive with a mixture of runs, finished with a Skyler Freeman touchdown. This made the score 20-12. The Pirates were able to add on two more touchdowns before it was all said and done to make the final score 24-20.

The Warriors were led on the ground by Gaven Carter who had 6 carries for 61 yards; Mo Green had 12 carries for 59 yards and a touchdown; and Andi Ataiza had 8 carries for 36 yards.

Pryce Arnold was 2 of 8 for 56 yards with a touchdown; and Grady Stevens had 2 receptions for 56 yards and a touchdown.

The Warriors' defense was led by Garrett Rica who had 9 total tackles; Nick Braddock had 8 tackles; and Nate Batrous had 7 tackles. Nash Batrous added a fumble recovery and a blocked extra point.

It was a remarkable season for the Warriors, who tied the best regular season record in school history at 9-1! We look forward to keeping the momentum next season!
