

CHRISTIE MICHELLE JOHNSON

Christie Michelle Johnson, 40, of Jacksonville, passed away unexpectedly Monday, April 5, 2021. Christie was born at St. Vincent's Hospital to Deborah Benedict and Allen K. Johnson, Jr. She is now with her beloved grandparents, Edna and Leroy (Peepaw) McCutcheon and Laura and Allen (Poppy) Johnson, Sr. (as she called them).

Christie never forgot the name of anyone she met ever, even as a child. If anyone asked, "What was their name?" Ask Christie, she was there and she will know their last name and kids if they had any. Anybody that knew Christie knew she was a friend for life. She didn't judge anyone by what they had or didn't have. She would not deny a friend help or anything she had. When the weather turned cold this winter, she spent a day to find an old friend to give her a warm jacket. Christie said although it was her favorite jacket it would fit her better and she needs it. Christie said she asked her not to sell it though. If you're that friend, I hope you still have her jacket. But, if you sold it, I'm sure you were forgiven. What's a favorite jacket among friends?

Christie leaves behind her mother Deborah Caslick; father and stepmother Allen and Pam Johnson, Jr.; her long time stepfather Paul Caslick; and her brother Justin. Although Christie never married, she leaves behind her long time beloved partner, Sonny Smith (affectionately referred to as "Hubby"); their black and white cat Oreo; and a large extended family of aunts, uncles, cousins, nephews and nieces.

Please continue to share your stories and memories. Instead of a public funeral service, celebrations of life gatherings are being planned for family and close family friends.
