

## JUST MY OPINION

---

*Roger R. West*

Donald J. Trump is still my President! Also, Joe Biden is not President-Elect! The news media does not decide the election results and as long as there are legal battles occurring, no one can claim victory, unless President Trump concedes, and he has not done that and probably won't. I for one hope he does not. This election fits in perfectly with the year 2020. This has been the most bizarre year I have ever witnessed. The entire world has been topsy-turvy and it doesn't seem like things are going to get better anytime soon. Someone suggested that the term "2020" should be the new cuss word, and I agree. You can now say phrases like, "What the 2020 are you thinking?" or "Where the 2020 are you going?" I say, "What the 2020 is going on?"

The main stream media, and that includes FOX News, have lost every bit of their credibility, if they had any to begin with. They refuse to report on all the election fraud that has occurred across this country. They claim the fraud is baseless and has no creditable proof. There are even claims from the federal government's election department that this was the most secure election ever. Who are they trying to fool? There are hundreds upon hundreds of sworn affidavits from several of the contested states

from people that have witnessed the fraud. There is proof that the Dominion voting machines that were used in the same contested states are completely vulnerable to fraud. There is proof that Dominion transfers the tabulations to a server in Germany and then the returns are computed back to the state election stations. Hey, but there is nothing to see here folks. This entire election process has been a debacle. Another major red flag was on election night when Trump was leading Biden by more than 800,000 votes in Pennsylvania and Pennsylvania decided to stop counting votes. When they resumed counting on Wednesday, all of a sudden Biden was leading. It makes no common sense.

I shouldn't be surprised; the deep state corrupt liberal socialist democRats have been planning this for four years. Treason is the only way to describe the actions of these democrat controlled states, the DNC and lame stream media.

I will be like the democrats have been for the last four years if Biden steals this election. He is not my president, he's not the president of the majority of the states in America, and last but not least, I will NOT submit to Socialism! This is my country, my Republic and you will not Tread On Me!

As always... That's just my opinion!
