

JUST MY OPINION

Roger R. West

I will have to admit that President Trump stepped over the line somewhat with his tweet this past weekend concerning the evil progressive democrat congresswomen Rep. Alexandria Ocasio-Cortez, Rep. Ilhan Omar, Rep. Rashida Tlaib and Rep. Ayanna Pressley. He should not have said what he said in the way he said it. His tweet was as follows: "So interesting to see 'Progressive' Democrat Congresswomen, who originally came from countries whose governments are a complete and total catastrophe, the worst, most corrupt and inept anywhere in the world (if they even have a functioning government at all), now loudly...and viciously telling the people of the United States, the greatest and most powerful Nation on earth, how our government is to be run. Why don't they go back and help fix the totally broken and crime infested places from which they came. Then come back and show us how it is done. These places need your help badly, you can't leave fast enough. I'm sure that Nancy Pelosi would be very happy to quickly work out free travel arrangements."

This all comes off the heels of a dispute between Pelosi and the four women President Trump referred to. AOC even accused Pelosi of "singling out newly elected women of color. Of course all four women fired back at the President on their Twitter Accounts as well as ole Hillary. Tlaib wrote: "Want a response to a lawless & complete failure of a President? He is the crisis. His dangerous ideology is the crisis. He

needs to be impeached."

She needs to open her eyes and see that the failure left office 2 ½ years ago. Trump has done so many successful things for such a diverse majority of people. He is successful; however the liberal left and the Progressive socialists will never accept the fact. Of course all the liberal media self-proclaimed pundits went crazy and began blasting Trump for being a racist. This by the way is in no way accurate!

In the jest of what he twitted, I agree 100% with the President. He doesn't and I don't care what color of skin a person has. One is either pro-America or are against America. I too am sick and tired of all these people wanting to change our country to suit themselves. If they want to live under Islamic law, then move to a country that honors that. If you want a socialist country, then move to one. If you want our country to be like Mexico or any other South American country, then move there. These four women are an insult to the long history of America. Be it our relationship with Israel, our strong capitalist way of living, protecting our borders and the list goes on that these women are against. Basically they are against the entire fiber of what makes America great. His message was spot on, however his presentation could have been a bit more polished. But believe me, when I say, Let's Keep America Great! If you don't love it, leave it!

As always...that's just my opinion!
