

JUST MY OPINION

Roger R. West

House Majority leader Nancy Pelosi is no longer in-charge of the Democrat majority in the House of Representatives. She still sits in the majority leader's seat, but she is now just a figure head. She is well aware that her day has come and gone. The new Democrat Socialist members of the House are running the show. No matter how far left Pelosi attempts to swing, her reign is over. Sadly enough is that even the moderate Democrats are now faced with giving in to the New Democrat Party or they too are done.

The New Democrat Party majority has proven they are in control of the House. This new party is full blown Socialist and is working tirelessly to push their agenda upon America. Just last week, they blocked a motion to affirm that illegal aliens voting in elections devalue the fundamental tenets of American democracy. In other words, they have spent two and a half years trying to prove foreign collusion in the 2016 election; however they feel as though it is alright for people that are not American citizens to vote. To me that is foreign collusion. This is just one more way for the Democrats to ensure future success and basically

eliminate the possibility of them ever losing control.

The New Democrats are also causing a buzz by one of their members' anti-Semitic tweet concerning Israel and the Jewish people. Rep. Ilham Omar is a newly elected Muslim from Minnesota. This is not her first jab at Israel, just the latest. Her statements set off a firestorm of complaints from both sides of the aisles but the Democrats refused to censor her or to remove her from the coveted seat on the House Foreign Affairs Committee. She openly supports the Palestinians. This has caused concern and skepticism within the Democratic Party and how they will move on issues concerning Israel.

I know one thing, if we turn our backs on Israel; our days of a country are over. I support Israel 100% and I know the importance of America's support of Israel. We cannot let this 'out of control' New Democrat Party ruin our nation. Like I have said numerous times, this is not your mama and daddy's old Democratic Party. This is pure socialism getting closer to taking over. We are just one election away from losing our country.

As always...that's just my opinion!
