## Forestry Career Day Held at the Fairgrounds

More than 170 high school juniors and seniors flew drones, operated heavy equipment, learned about forestry and met local employers and college reps one-on-one at the first-ever Forestry Career Day held Thursday, September 26 at the Northeast Florida Fairgrounds.

Early in the day, Dr. Kathy Burns, Gail Cook, Lissa Braddock, Laura DiBella, David Nunes, Shelby Pyatt, Ed Carter, Josh Steiger, Jody Davis, Tiffany Wilson and Keith Wingate participated in the ribbon cutting ceremony that opened the event.

Forestry Career Day was made possible by the support and participation of over 100 volunteers from more than two dozen local businesses and organizations in the forestry industry in Nassau County. Spearheaded by Rayonier Inc., the event gave students hands-on experiences as they learned about the wide variety of forestry careers.

Forestry is a key industry for Florida. Almost half of Florida's total land area is forest land. The forestry industry employs more than 124,000 people and contributes \$25 Billion to the state's economy every year. Forest products play a key role in our daily lives. More than 5,000 everyday products are made from wood, including lumber and plywood as well as LCD screens, rubber tires, bath products, even diapers.

"We are excited to work with great partners to bring this event to Nassau County high school students and expose them to the many career paths the industry

has to offer," said Rayonier President and CEO David L. Nunes.

Forestry offers a wide variety of careers, with career paths that involve flying drones, operating heavy equipment, creating complex mapping systems, using intricate software systems, and caring for the environment. Also, career opportunities in the industry range in educational requirements, from those that provide on-

the-job training to high school grads to those that require advanced college degrees.

Partners involved in Career Day included: Abraham Baldwin Agricultural College; Beard Equipment Co.; Bobcat of Jacksonville; CareerSource NEFL; Central Florida College; Conner & Conner Inc.; Florida Infrastructure Inc.; Florida Farm Bureau; Florida Forest Service; Florida State

College at Jacksonville; Florida Fish and Wildlife Conservation Commission; Nassau County Road and Bridge; Nassau County School District; Northeast Florida Fair Association; Nutrien Solutions; The Pig; Rayonier; Rayonier Advanced Materials; Right Management; Tim-Prep; University of Florida; University of Georgia; and Westrock.

## FPL Donates \$10,000 to Town of Callahan

*Dawn S. West*

The Callahan Town Council met Monday night for a special meeting to finalize their millage and budget resolutions. The first item concerned a presentation from Jim Bush, representing Florida Power & Light. "We (FPL) have been serving the town for many years," said Bush. "Callahan has demonstrated their desire to continue to grow as a town and have been supportive of us (FPL). We are proud to donate two (2) checks: one for \$1,000 to sponsor the Callahan Parade and Fireworks; the other for \$10,000 to go towards the new Depot Park project."

The next item was the approval of Resolution 2019-R19 which concerned the second and final reading and Public Hearing for the Fiscal Year 2019-2020 millage. The council approved the millage rate at 2.6079 mills.

Resolution 2019-R20 was also

approved which concerned the second and final reading and Public Hearing for the Fiscal Year 2019-2020 budget. The budget was set for \$7,841,499.00. Councilwoman Shirley Graham advised the council that she had taken the clerk's (Stephanie Knagge) suggestion to check other town's salaries for clerks. "I found that some towns that have elected officials had higher pay and those that

## A Word From the Publisher

In our world are so many changes all around us. Changes in school and work times, clothing, hair styles and colors, and probably the biggest to me is technology. I was recently talking with a teacher who told me some elementary students had cell phones! I know I'm old fashioned but why does an elementary student need a cell phone at school. Pretty sure I knew where my children were when they were in elementary school. And the things these phones and computers can do is both amazing and scary.

The sad part of the whole thing is that people have lost the meaning of personal communication with each other. I'm thankful to have a cell phone but it is not my lifeline. When I am with someone, I don't have my phone. They have come to me to talk about... whatever. I feel like I need to give them my undivided attention to listen. I am a talker but I've also learned to be a listener. You can learn so much by listening to what people have to say.

Thank you Jesus, I serve a God that is never changing. He is the same yesterday and today. He is always there when I call and always there to pick me up when I fall. I've learned (finally) that the more I bring Jesus into my life every morning the day runs a little smoother. Things don't bother me so

quickly. Don't get me wrong...things still happen and go wrong but I handle the situation better. I'm learning that He is in control and not me. I was talking with my sister-in-law last week and told her I don't know why I waited so long to understand more about Jesus! After all, it's because of Him that I woke up this morning and breathed in His creation.

If we all take a step back and look at the whole picture perhaps we could change a few of our priorities! How many times have you thanked God for each day? Your health? Your children? Your family? Your job? Your home? Your food? Your safety? The list goes on and on! He provides for our every need however we fail to give Him thanks for any of it. It's very easy to complain and whine about so many things. We are so ungrateful in our world. I am far from perfect and fail in so many ways. God has been so faithful to me each and every day. It's time I give Him the praise for what He does for me every minute of every day. I'm thankful for my heavenly Father that loves me despite my ways and gives me grace for each day. Won't you join me in thanking Jesus?

Have a blessed week!

## Letters to the Editor

### Thank You!

Dear Editor,

The gathering at the Callahan Masonic Lodge recently to honor our brother, Billy Flynn who lost his life in Vietnam 50 years ago, was the culmination of what began as a small family gathering and ended up a wonderful reunion. Thanks to the help of so many people, some of who knew Billy and others who believed his sacrifice deserved community recognition, the day turned out into an event we'll remember for years to come.

We want to thank members of the Lodge for opening it for our use and extend a special thank you to Lodge member and Vietnam Veteran John Page, who helped put the memorial service together and was on hand to assist in final preparation. Thank you to the Color Guard from Nassau County's Vietnam Veterans for attending and presenting colors; to Chaplain Daniel Davis for his invocation and benediction; to acapella singers Emily Ford and Natalie Drake for their

moving performances; to Callahan Mayor Marty Fontes for the proclamation of Billy Flynn Day; and to MSG Mike Ricketts and Rep. Cord Byrd who presented family members with certificates in recognition of Billy's service and sacrifice. Thank you also to Chris Miller, Director of the 4th Congressional District Office in Jacksonville, who attended the gathering as representative of US Congressman John Rutherford.

Finally, we thank the citizens of Callahan, current and former, who took out time from their day to attend and share with us their memories of Billy from so many years ago. Our hearts are grateful!

were employees had lower pay," said Graham. "I don't think the clerk should make more than the Mayor so I suggest we raise his salary."

Quickly, Mayor Fontes said, "I don't agree with that."

After much conversation, Town Attorney Jeb Branham said, "You can discuss salaries at a later time if you want to."

The council approved the resolution by a vote of 4-1 with Graham voting no.

Mayor Fontes advised the council that the auditors have requested an extension. "I am asking the council to approve signing and returning the contract as amended," said Fontes.

The council approved the request.

The following item, Mayor Fontes advised the council that the town had only received one response to the

CDBG Engineering bid and it was Mittaurer & Associates. The council approved Mittaurer.

The fire station rental agreement with the county was up for approval for another year. The contract included two changes. The county wishes to use the entire second floor; and will also be moving a Battalion Chief to the station. Council President and Fire Commissioner Ken Bass requested to table the item because he had not seen the contract prior to the meeting.

After much discussion, Councilwoman Kathy Smith made a motion to accept the contract as is. The contract was approved by a vote of 3-2 with Councilman Bass and Councilwoman Graham voting no.

The next meeting of the council will be Monday, October 7 at 7 p.m.

# JUST MY OPINION

Roger R. West

The saga continues. The Democrats are determined to oust President Trump no matter the cost to the American Republic. This latest sham, "Official Impeachment Inquiry" is once again a direct witch hunt to rid our country of a duly elected President. They, the Democrats, have absolutely no shame. They are the most cynical group of people I have ever seen.

Read this very closely, Democrat Congressman Al Green was on MSNBC a few days ago talking about the impeachment process against President Trump. The commentator asked Green, "Are you concerned that impeachment talk may actually help the President's re-election?" Green's response was, "I'm concerned that if we don't impeach this President he will get reelected."

Now let that soak in for a minute. The Democratic Party cares nothing about you or me or Democracy. All they care about is POWER! They are willing to do anything to gain total control of our nation.

The impeachment talk began as a "whistleblower" revealed that President Trump supposedly attempted to have the country of Ukraine investigate Joe Biden and his son or else. The transcript of the phone call between Trump and the Ukrainian leader proves that narrative as being false. They were asked about the possible illegal deal with Biden's son, but never were there any sort of do it or else dialogue.

All of this stems from Joe Biden bragging about threatening to withhold one billion dollars of aid to Ukraine, as a pressure tactic, to force the firing of a prosecutor he did not like. The prosecutor was investigating Biden's son, Hunter

Biden, concerning a lucrative business deal within Ukraine. The prosecutor was fired, Ukraine got our money and the prosecutor confirmed under oath that he was fired because of Joe Biden.

The "whistleblower" had no firsthand information; this person released the information as hearsay. The second or third hand information was immediately countered by the release of the transcript of the actual phone call by the President. However, once again, facts do not matter to the Democrats. Ironically, several months ago, three Democratic congressmen sent a letter to the same Ukraine President asking him to investigate President Trump. According to Fox News' Jesse Watters, a 1999 treaty between the United States and Ukraine completely exonerates President Trump. It is the "Treaty with Ukraine on Mutual Legal Assistance in Criminal Matters." This is a treaty that legally allows U.S. authorities to ask for help from Ukraine government officials on criminal investigations into American citizens.

Joe Biden is not in public office anymore, he is a private citizen just like you and me. Once again, facts do not matter to the liberal Democrat Congress. For nearly three years, the Democrats have done nothing productive for the people of this country. Their entire effort has been to overturn an election they sorely lost. I, for one, am sick and tired of their childish behavior. I can only wish that the registered democrats across our nation would elect people that actually want to serve "We The People" instead of "We The Elected." That goes for many republicans also.

Of course...that's just my opinion!

# Real Faith?

Pastor Marty Paparo, Friendship Alliance Church, Callahan

When it comes to reading the Bible, we must understand that it is not a book of systematic theology. Meaning it does not lay out every doctrine in a systematic way like our churches Statements of Faith would. It instead is the story of God's love. Along the way, we receive all the theology and doctrines we believe. But if we had to pick one book that looks most like a text book of theology, it would be Romans. Romans is our greatest explanation of the Gospel (Good News) of Jesus Christ. Normally, when we think of the Gospel, we think of our sin, our deserving of the penalty for our sin, Jesus coming as our savior, and our relationship with Him. And while that is all true, Romans brings us the Gospel from a different perspective. It comes more from God's perspective. It shows us salvation from an eternal perspective. Romans puts on display for us the Righteousness of God.

When I read Romans, I walk away with 'God is righteous' and I am not. Fortunately for us, in the absence of our righteousness, God desires to put His righteousness on us. It is by faith that we have access to this righteousness.

"Therefore, since we have been justified by faith, we have peace with God through our Lord Jesus Christ. Through him we have also obtained access by faith into this grace in which we stand, and we rejoice in hope of the glory of God." Romans 5:1-2 ESV

Faith is our way in. Faith allows us access to God's grace that provides His righteousness. If faith is the door into our relationship with God, if we can only receive God's righteousness by faith, doesn't it stand to reason that we should be certain about our faith?

The question we should ask ourselves is do I have real faith? This week, read Romans 5 and see the example of Abraham as one who "...believed God, and it was counted to him as righteousness." Romans 5:3 ESV

What sets Abraham apart is that he believed God even when his circumstances said he shouldn't have. He believed God when he didn't have the details. He believed God for His promises when God didn't tell him how or when. And of course, trusting God paid off, at the age of nearly 100 years old Abraham finally received the son God promised Him almost 25 years earlier.

Do we trust God for His promises like Abraham? Is ours a real faith or do we only have faith in God when He does things the way we want Him to, or when we want Him to? I encourage you this week to trust God, for His promises, without conditions.

"Examine yourselves, to see whether you are in the faith. Test yourselves. Or do you not realize this about yourselves, that Jesus Christ is in you?—unless indeed you fail to meet the test!" 2 Corinthians 13:5

# It's a Celebration!

Beverly Smith

Welcome! You are invited to the 1st Year Celebration of Soup and Scriptures Thursday, October 10 from 1-3 p.m. at Conviva, located across from Callahan Elementary School. The first gathering began on October 4, 2018 inviting the community to Soup and Scriptures. Our gracious host was MCCI, now Conviva. Pastor Dan Search of the First United Methodist Church of Callahan guides the group through the Word of God.

One may ask, "Why did this group start?" Conviva is a medical group who not only looks at the physical body but the social and mental health of the body, too. Monday - Friday the Activity Center offers many opportunities to do just that. There was an interest in reading and studying God's Word for spiritual growth and health and so we began. The group began with 10 people and up to 29 people have come to participate through the year.

We started with the New Testament book of Mark and have studied James, Jonah, Ruth and Ester. The group is

now studying the book of Revelation. Spoiler Alert...God Wins!

If you would ask what the group likes best...there would be many different answers, but one stands out. There is a diverse presence of churches to Bibles, yet we come together to share in The Word, respecting each others' insights and thoughts as we grow in relationship with God. The fellowship is great, too!

Come celebrate and join us as we nourish Body and Soul! Again, join us every Thursday from 1 - 3 p.m. at Conviva, US Hwy 301, Callahan (across from the Elementary School). For more information contact: Melanie at Conviva's Activity Center (904) 507-2692 or the First United Methodist Church at (904) 879-3877.

# Students Learn About Organ Donations

Dawn S. West

The West Nassau High School Health Class of Ms. Jane Hicken learned many things about organ donation besides signing up to be an organ donor when you get your driver's license. All day, during all four of her classes, students heard from three different people that have dealt with organ donations in one way or another. Pamela Rittenhouse of LifeQuest Organ Recovery Services was on hand to explain to the students how important it is to be an organ donor. Several of the students advised Ms. Rittenhouse that they knew someone that had donated organs or received an organ through a donor. Rittenhouse, who was formerly an anchor at a Jacksonville news station, was in a bad car accident and almost lost her life. Following her recovery she went to work for LifeQuest.

(24) to a tragic accident. He was trimming limbs and trees after Hurricane Irma. The tree was leaning one way but when it was cut, fell directly on him. Some time went by at the hospital however, he had no brain activity. My family was asked if Scott was an organ donor. We had no idea until we checked his driver's license and saw that he was. At that time we were asked what organs would we like to donate. It was one of the hardest decisions to make but Scott had already made the decision that he wanted this done. That's the kind of person he was. Our family knows that at least six people have a better life because of Scott. It just shows you how important that decision to be a donor is.

Jim Mangold and his granddaughter Ally shared his story: My grandfather has had three kidney transplants. The first was in 1998; 2009; and the most recent in 2018. The last one he was getting desperate. He was on the list but was getting sicker by the day. He actually advertised that he needed a kidney on the back of his truck with his phone number. That's where I came in. I posted the picture of my grandfather's truck with the information along with his picture on my Facebook, Instagram, Twitter and anything else I could think of. The picture was shared by numerous people. We found someone (Sarah) in Virginia that answered the call. She went through the testing and

The three guest speakers were Robert Paton of Yulee; Jenna Rowland of Yulee and Jim Mangold of Callahan. Each briefly shared their stories for each class. Robert Paton shared his story: "I was a healthy happy man with a job and a family. My wife had just had our second son about 3 months earlier. I began to feel a little weird at work one day and brushed it off. This went on for a few days until one day I got home and took a shower and started throwing up uncontrollably. After several doctors and hospital visits, I was back in the hospital because I was so weak and couldn't breathe. I was later briefed that I needed a heart transplant. How quickly my life changed. Shortly after I was prepped for surgery as a heart was found. My thoughts were someone lost their life today. I'm so thankful for the donor so I could have life again.

Jenna Rowland shared her story: I am here because I lost my brother

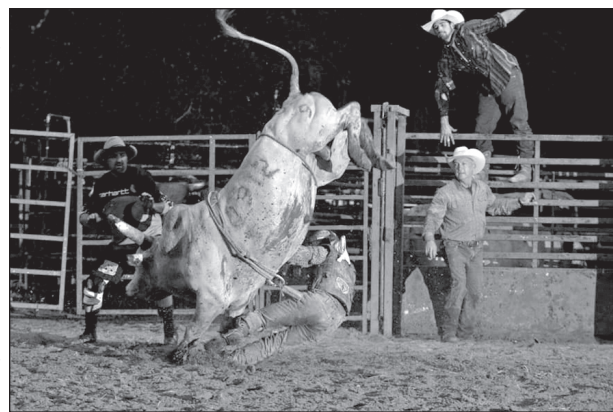

# CALLAHAN RODEO COMING!

Dawn S. West

There has been a lot of talk going around about the rodeo this year. For as long as the fair has been around there has always been a rodeo as a part of it. Yes...there will be a rodeo this year too! If you haven't noticed, there have been many changes going on at the fairgrounds. One of the main things is that the old rodeo arena has been torn down. In the master plan, the fair association plans to build a much bigger, nicer rodeo arena in the future.

This year, the rodeo will still be held, but it will be at the Callahan Speedway, directly across from the fairgrounds. Speedway owner David Hicken has planned with Mr. Gurney Geiger, of Flying G Rodeo who puts on the rodeo, to provide the facility to have it. Mr. Gurney has been one of the founding members of the rodeo and continues to provide the livestock to run it. His experience and dedication to

the sport speaks more than words about his passion for the young people that participate in the sport.

So, no worries for you rodeo lovers, Callahan will still have a rodeo during the fair. This year the rodeo will be held the first weekend of the fair on Friday, October 11 and Saturday, October 12, both nights beginning at 8 p.m. The cost is \$12 for adults (14 and up) and \$7 for children 6 - 13. The rodeo will include barrel racing, chute dogging, bull riding, calf roping and more! Make sure to make plans to attend the Callahan Rodeo this year!

# Festival of Wreaths Friday

The Festival of Wreaths event will be held this Friday, October 4 at the Life Care Center of Hilliard from 5-7 p.m. Donated wreaths will be placed throughout the halls of Life Care. Everyone is invited to come and bid on your favorite wreath(s)! You can certainly bid on more than one. There are all kinds of wreaths including: Halloween, Fall, Christmas, College/Pro Teams and many more! All monies collected will be donated to the Pinky Promise Foundation in Callahan!

The Pinky Promise Foundation was founded by Sybil Purvis. Sybil is a go-getter. She began the foundation as a way to help and assist any female that has been diagnosed with cancer. They offer wigs, head wraps, camisoles and many other necessary items that are needed during chemotherapy and radiation. Pinky Promise is located across from Callahan Elementary School in the Harper Rose Cottage. They are open Tuesdays and Thursdays from 10 a.m. - 2 p.m. They can be reached at (904) 626-2855.

was approved. The surgery was done and my grandfather and Sarah are going great. I am thankful for Sarah for being a donor and saving his life. Mr. Mangold also is so

thankful for Sarah and her gift of life to him. For more information about being an organ donor, reach out to LifeQuest Organ Recovery Services at [www.lifequestfl.org](http://www.lifequestfl.org).

## WN Theatre Presents *An Inspector Calls*

The West Nassau High School department of Theatre is proud to present: *An Inspector Calls*. In an English industrial city, a young girl commits suicide and an inspector calls on a respectable British family, subject to a routine in connection with her death. The family is shown as selfish, self-centered or cowardly, and during the inspector's questioning, all members of the group are implicated deeply in the girl's undoing. *An Inspector Calls* is an effective presentation of the strange twists that take place in human beings when their consciences are affected.

The production will be held on these dates: Tuesday, October 8 at 6 p.m.; Wednesday, October 9 at 3:30 p.m.; Thursday, October 10 at 6 p.m.; Friday, October 11 at 4 p.m. All performances will be at West Nassau in the Blackbox Theatre (Room 10-14), 1 Warrior Drive, Callahan. The cost is \$5 at the door.

Two years ago, WNHS established

the first International Thespians Society (ITS) troupe in our county. The International Thespians Society is an honor society that allows students to have the opportunity to gain honor cords, leadership experience, and scholarship opportunities through this organization. The establishment of the ITS, is proof that this school and department are committed to the future of your students' success.

# Sheriff 'Walks' in Bryceville

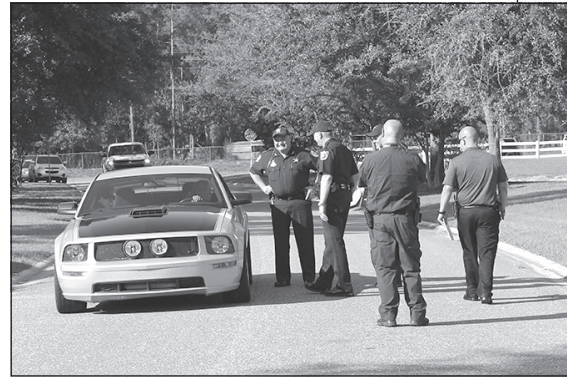

As a part of his bi-monthly neighborhood walks, Nassau County Sheriff Bill Leeper, along with a few deputies, walked through the Settlers Ridge neighborhood in Bryceville last Thursday. The sheriff talked with a few residents but many were not at home. This is a time that the Sheriff likes to walk through different neighborhoods throughout the county talking with residents about their issues or their approvals of the sheriff's office.

The residents in the neighborhoods that are chosen receive a letter or card at their door the week prior to make

them aware of his visit. It's a time that the sheriff and the deputies can be one-on-one with residents. The few they were able to visit seemed very happy to be living where they do and appreciate everything the sheriff's office does for our county.

**PAUL O. PARRISH**

September 26, 2019 the Lord welcomed Paul O. Parrish, of Callahan, home. The Lord knew He was gaining an angel that loved the Lord with

every ounce of his being. He was a man that loved his wife, children, grandchildren, great-grandchildren, friends and some strangers, with a 'Christ like' love that was unmatched and sometimes undeserved. A man that you knew if he said, "I'm praying for you" HE WAS! A man that worked hard until the day he went home to be with Jesus. He was a Korean War Veteran who proudly served his country in the US Army.

But the Lord gained a "celebrity" of sorts as well. Paul O. Parrish (aka: Daddy, Papa, Brother Paul, Mr. P, Mr. Paul, Mr. Parrish) was the creator of the one and only "Guitar String Fred," a master bird house builder, the owner of the most magical workshop ever, the one who executed "dig turnip" and "ride a little horsey" with the grandchildren better than anyone. The grower of vegetable gardens that somehow turned into a field of

sunflowers, the self-taught guitar player that could entertain folks endlessly with old gospel hymns, the keeper of grandchildren's "secrets," the "sharer of snacks" and not telling Grandmother. He was a "treasure" to those that had the fortune of knowing and loving him. Heaven, is without a doubt, brighter as a result of his arrival! And this earth is a little less bright as a result of his departure. Loved and cherished more than mere words can express, he will be missed immensely. We will "see you later Papa!"

Paul is survived by his loving wife of 68 years, Mary 'Worm' Parrish; daughter Brenda (David) Higginbotham; son Paul G. Parrish; daughter Cindy (Cliff) White; grandchildren Caleb, Justin (Danae), Randi, Erika, Patrick, Charli, Logan (Allen), Tyler (Jessie), Cullen, Joshua, DJ and Brett; great-grandchildren Audrey, Emily, Cayden, Savannah and Emma Kate.

The family received friends Monday, September 30 at Callahan First Baptist Church. The funeral service was held Tuesday, October 1 also at the church with Pastor Lynn Hyatt officiating. Interment followed in Jacksonville National Cemetery.

Condolences may be expressed at [www.nassaufh.com](http://www.nassaufh.com).

Arrangements by Nassau Funeral Home, Callahan, 904-879-1770.

## County Information Regarding Pit Sisters Organization

The Nassau County Planning + Economic Opportunity (PEO) Department offers the following clarifying information regarding the proposed Pit Sisters facility in Callahan.

County PEO staff was not previously contacted by anyone affiliated with Pit Sisters regarding any necessary planning or zoning procedures. Due to a Jacksonville news story, Nassau County PEO staff became aware in July 2019 that Jennifer Deane, property owner and operator of Pit Sisters, intended to utilize her Callahan property for Pit Sisters operations. PEO staff immediately contacted Ms. Deane to assist in facilitating required County processes.

Ms. Deane was directed to pursue a conditional use application per Section 22.03(E) of the Land Development Code for her facility because of the requested use and zoning district (Open Rural). Conditional use applications go before the County's Conditional Use and Variance Board as a public hearing. This is consistent with how the County has applied the code to other similar property owners and uses in the Open Rural zoning district. Another animal rescue facility received a conditional use in August 2019, and a dog training facility is pending a conditional use hearing on September 26, 2019. These projects also require review by the County's Development Review Committee.

Ms. Deane initially submitted a

conditional use application to be heard in August 2019. Staff recommended continuation of the case, needing more information for a complete review. Ms. Deane agreed and requested continuance to the September 26, 2019 hearing. However, as of last week, Ms. Deane is electing to appeal the County staff determination that she needs a conditional use. Administrative appeal applications are submitted through the County Clerk. PEO staff are awaiting her application to set a public hearing for the appeal. Public hearings for administrative appeals go before the County Planning and Zoning Board.

No denials have been issued at this point, as Ms. Deane has not gone through either of the processes yet.

The Nassau County Planning and Economic Opportunity Department is charged with leading long-range and current planning for the community, with a focus on technical planning, implementation and management of the Land Development Code and Comprehensive Plan, development and site plan review, and assistance to citizens, the Board of County Commissioners, County Manager and other staff, advisory boards, government agencies, and the private sector regarding growth and development in Nassau County. For more information on our Plan, Code, or current initiatives, visit [www.nassaucountyfl.com/planning](http://www.nassaucountyfl.com/planning), call (904) 530-6300 or email [planninginfo@nassaucountyfl.com](mailto:planninginfo@nassaucountyfl.com).

## Flashes Fall Hard on Homecoming

Holden McMillen

It is one of the most beloved traditions in all of high school football. Homecoming 2019 for the Hilliard Flashes! The Flashes hoped to tame the Wolfson Wolfpack.

The Flashes received the opening kickoff and drove down the field, but the Wolfpack stood tall and denied the Flashes from scoring. The Flashes defense rose to the occasion and forced back-to-back turnovers when Seth O'Neil recovered both fumbles, one forced by Jason Sheffield, and the other by Cody Bright. Both teams struggled to gain traction as the 1st quarter came to a close.

The Flashes broke in the end zone to start the 2nd quarter when the offensive line created the surge needed to escort quarterback Lyle Bennett into the end zone. After a failed 2-point attempt, the Flashes jumped out to a 6-0 lead. The Wolfpack responded with a 72-yard touchdown run, followed by a successful extra point; followed by a 35-yard touchdown and a failed 2-point try. The Wolfpack jumped out to a 13-6 lead. The Flashes responded when Bennett found Tywuan Lee from 18 yards out. After a failed 2-point attempt, the Flashes cut into the deficit and went into halftime trailing the Wolfpack 13-12.

Things quickly went south in the second half. The Wolfpack opened the 3rd quarter relying on their ground game that resulted in a 6-yard touchdown. After a successful 2-point try, the Wolfpack extended the lead to 21-12. The Wolfpack kept rolling with a 29-yard touchdown run. After a failed 2-point try, the Wolfpack ended the 3rd quarter with a 27-12 lead.

The Flashes went down the field on the doorstep to the end zone. The Wolfpack quickly put an end to any hope of a Flashes comeback with a 102-yard pick six. After a successful extra point, the Wolfpack

extended the lead to 34-12; followed up with an 80-yard touchdown run. The Wolfpack finished the night, scoring 27 unanswered points. The Flashes fell hard on homecoming 40-12.

Offensively, it was a tough day for the Flashes, with 7 turnovers and being shut out in the 2nd half. But they were productive. Tywuan Lee led on the ground with 11 carries for 61 yards; Cody Bright had 5 carries for 22 yards; and D.J. Coston had 4 carries for 11 yards. Freshman quarterback Lyle Bennett went 11/21 for 159 yards, a touchdown, a rushing touchdown, and 4 interceptions. On the receiving end of the passing attack were Lee; and Jason Sheffield who both had 5 catches for 78 yards; with Lee on the receiving end of a touchdown pass.

Defensively, the Flashes forced 2 turnovers. Leading the team on defense was Seth O'Neil with 5 tackles and 2 fumble recoveries; Tristin Moody with 4 tackles; Jason Sheffield with 3 tackles and a forced fumble; D.J. Coston also had 3 tackles and a pass breakup; Cody Bright had 2 tackles and a forced fumble; Josh Johnson had 3 tackles; and Lyle Bennett and Nathan Wilson had 2 tackles.

The Hilliard Flashes will host the Branford Buccaneers at 7 p.m. on Flashes Field Friday night. Go Flashes! #Nathanstrong
