Harrison Takes State Award

We are so blessed to have such great schools, faculty, administration and cafeteria workers! Yes, I said cafeteria workers. Callahan Elementary School has a top notch cafeteria and manager in Shelly Harrison. She loves what she does and loves working with the children. She is very creative and is constantly decorating her cafeteria. Finally, Shelly was rewarded for going above and beyond! She brought home the state award! Recently, Shelly Harrison, the Food & Nutrition Services Manager, and her team, at Callahan Elementary School, were nominated for the Smart Start Award for their excellence in promoting school breakfast through their National School Breakfast Week promotion last year (2018). Shelly was selected as the winner from the entire State! She was recognized at the opening General Session during the FSNA Program Awards at the recent Florida School Nutrition Association Annual Conference & Expo in West Palm Beach!

The other statewide award recipient was Jennifer Harmon who also won the Leadership Award for Employee/Manager.

We could not be more proud of our Nassau Nutrition Team representing at the Annual FSNA Conference & Expo by the Florida School Nutrition Association, Inc. Our team members were recognized for their years of service: 25 years: Patty Cribbs and Lisa Wingo; and 30 years: Sherry Bell, Kathie Spivey, Rosemary Everett and Sharon Evans.

NCSO Develops Community Crime Map

The Nassau County Sheriff's Office and LexisNexis Risk Solutions have partnered together to provide a new way for our citizens to stay informed about crime in Nassau County.

“NCSO now has a free online crime map called Community Crime Map that maps and analyzes crime data, alerts citizens about crime in their area, and allows our agency to quickly alert the public about crimes as they occur.” said Sheriff Bill Leeper.

Nassau County citizens can visit the website directly at www.communitycrimemap.com or visit www.nassauso.com to find the link, then search for Nassau County and view a map and grid with all of the crimes in their area, sign up for neighborhood watch reports that automatically email a breakdown of recent crime activity, and

submit an anonymous tip about a crime directly to law enforcement.

Information that will be provided includes: the type of crime, location type, block-level address, date and time. This means you'll be able to check your own neighborhood to see what is actually occurring so you can take the necessary precautions to reduce your chances of becoming a victim of crime.

“We all must work together and its partnerships that make our county safer, so please let us know if you see anything suspicious,” added Leeper.

LexisNexis Risk Solutions is a leader in providing essential information that helps law enforcement agencies throughout the country through cutting edge technology, unique data and advanced analytics.

County Road 121 Open

Construction crews completed emergency repair work on the County Road 121 Bridge at Carroll Corner Road, which had been damaged by erosion. The work included overall repairs to the structure, resurfacing of asphalt and guardrail installation. The work was completed ahead of schedule.

CDM Contracting Inc. began the \$369,000 repair work in late August.

Fish Talk

Let's get our Sheepshead on!

Chris Cockerham, Reel Habit

The bite is heating up and you don't want to miss out! Great reports have come in from all over our region. For many, sheepshead season starts in October and runs through March. I can tell you from recent trips; it looks like it's going to be a banner season. Normally by the beginning of October, fiddler crabs become scarce. So far, with the warmer weather, our bait stores are staying stocked up. That being said, the sheepshead bite inshore is on fire. There are numerous docks that seem to be holding decent size fish along with all types of inshore structure.

I've received several pictures of quality fish! Yes, most are coming from our local rivers located from Jekyll Island to Mayport. It shouldn't be long before we see the jetties firing off as well. Keep a check on the marine forecast and find the best days to suit your equipment. When you do get out, you're sure to have success. As far as myself, I like fishing the last of the incoming and the first part of the outgoing. Focus on breaks in the current around rock piles, trees, docks and bridge pilings. You will find that the current will vary from one location to another. All of this is due to the moon phases and many other larger variables that nature throws at us.

That being said, keep a few larger weights handy in case you need more lead to stay in the strike zone which many times is just off the bottom. Once you find the fish, be patient and cover the area well. If you want to improve your chances, chum legally when you can. So what kind of tackle and bait to use? A standard fish finder rig with a 10-inch leader or simply use a jig head tied to your main line. Tip them with a live fiddler and slowly, vertically jig them over submerged structure. A jig will allow you to feel the fish immediately and many times improves your hook up ratio. The idea in most cases are to snag the fish before he steals your bait, sounds fun right? If you don't hang up more than you catch fish, there's a possibility that you aren't in the right area. Sheepshead love heavy structure both for hiding and food sources so always keep that the main focus.

Here's my tip of the day: Sometimes sheepshead can be leader shy in slower moving currents. So a basic 2/0 live bait kahle hook with a 15-20 pound fluorocarbon leader may work best. It's not always best to downsize leaders because you lose more fish but, it will help you get more bites! Hope you all have a safe weekend on the water!

Letters to the Editor

My Opinion

Dear Editor,

To Mr. West: The first time I read your 'Just My Opinion' column, I knew I had found another Patrick Henry or Winston Churchill, trying to warn sleeping Americans of a 'gathering storm' which is coming and is even now nearing our coasts of Freedom. But we blind and deaf people refuse to do anything about the democrats that are ruining our great country. America needs real men like Abraham Lincoln, Thomas J. Jackson, Robert E. Lee and Harry Truman. If Donald Trump loses the 2020 election, America will lose everything.

When I read what you wrote about what the left is trying to implement in regard to assault rifles, I became very disheartened. Here are some facts I learned when speaking to a friend who is a JSO Officer. He stated

that most crimes are committed with hand guns, not assault rifles. Here's another fact he shared: most crimes are committed against young people, old people and women. Why? Because it is men that most often carry a gun. The crooks know that fact and if they try assaulting a man they are liable to end up dead. My dead father would often say, "If everyone carried a gun, there would be no more crime."

Democrats can't stand facts and weapons and they get scared when a real man gets in the right place at the right time and when he disrupts their plans. If what you warned about comes to pass, there will be a lot of felons in Florida! But this is my opinion!

Sincerely,
Greg T. Stuch, Jr.
P.S. You are so appreciated!
Please keep on the firing line!

In the Kitchen... Honey Mustard Pork Chops

1/4 cup honey
2 tablespoons prepared yellow mustard
1 tablespoon butter

1 1/2 lbs. center-cut boneless pork chops - 1/2-inch thick
garlic powder, or to taste

Mix honey and mustard together in a bowl until thoroughly combined. Heat butter in a skillet over medium-high heat and lay pork chops into the hot butter. Sprinkle chops with half the garlic powder and cook until browned, about 3 minutes. Turn chops over, sprinkle with remaining garlic powder, and pan-fry chops for 3 more minutes. Brush honey mustard sauce over chops, turn them over, and cook for 5 minutes; turn chops onto other side and brush with honey mustard sauce. Cook until chops are no longer pink inside and an instant-read meat thermometer inserted into the thickest part of a chop reads 165°, about 5 more minutes.

JUST MY OPINION

Roger R. West

What an intriguing week it has been. President Trump announced that ISIS leader Abu Bakr al-Baghdadi was successfully taken out by our highly trained military. That in itself was a blessing to the entire world. However, that's just part of the master mind plan from President Trump and our supreme military. Poor pitiful Pelosi and shifty Schiff are outraged because their feelings have been hurt (again) by President Trump. They are upset because the President did not inform them prior to the engagement that brought down al-Baghdadi. I personally agree with the President's decision.

First let's look at the whole picture; President Trump was lambasted from the Democrats for pulling some of our troops out of Syria. The withdraw of American troops was just the first part of the master plan. With our troops out, ISIS leaders became less worried and developed a false sense of security. They became more open and less cautious which fell right into the plan by our President and military leaders. Secretary of State Mike Pompeo was in his home state of Kansas when the operation went down. This is another great plan by the President. Had Pompeo been called back to Washington, the media would have suspected something was getting ready to happen. With all the "leaks" that have been occurring,

the best route was to keep Pelosi and Schiff out of the ring of knowledge. I am not saying they can't be trusted, wait a minute, yes that's exactly what I am saying! And it worked.

Now let's look at the liberal side. The Washington Post's headline describing the low-life ISIS leader's death was, "Abu Bakr al-Baghdadi, austere religious scholar at helm of Islamic State, dies at 48". Austere religious scholar, are you freaking kidding me? This is the head man of a notorious terrorist organization that thrilled in beheading people and killed thousands of innocent people all across the world. He was the scum of the earth, not a religious scholar! The liberal left and the mainstream media have totally lost their ever loving minds!

Now back to the liberal melt-down about not being informed ahead of time that this mission was happening. Senator Mitch McConnell defended the President's decision stating that former President Obama did exactly the same thing when Osama bin Laden was killed. Of course we all know that there are two sets of rules in Washington and the liberal Democrats chose which one they want on any given day.

Congratulations to President Trump and our awesome military personnel for a job well done!

As always...that's just my opinion!

Just Pointing Things Out

Pastor Steve Wolgamott, Live Oak Baptist Church

"The next day John saw Jesus coming unto him, and said, behold the Lamb of God, which takes away the sin of the world. This is He of whom I said, after me cometh a man which is preferred before me: for He was before me."
John 1:29-30

Looking back to the beginning of chapter 1 of John, we read the account of Christ's part in the creation of the world, *"The same was in the beginning with God. All things were made by him; and without him was not anything made that was made."* John 1:2-3. This is part of what John referred to when he made the statement that Christ was before him and surely preferred both before and above him. Why was Christ to be preferred both before and above him? Because Christ came to die on the cross to save us, but he was also the only begotten son of God! Jesus was the human manifestation of God.

Many prophets and godly men down through the ages prophesied and looked forward to seeing Christ face-to-face, but John had the privilege of pointing his finger at Jesus and proclaiming him as the One which was, and is, and always will be God. Yes, Christ is the same yesterday today and forever. Not only is Christ the same, but also the plan of salvation which he paid for with his own precious blood on the cross of Calvary and his resurrection from the dead is the same.

John recognized the greatness of Jesus and respected and proclaimed Him accordingly. The world today has lost its respect for Christ because we who profess to be Christians no longer point out Christ as the one who was preferred before us. In word and in deed we belittle Him when we refuse to live a separated life! God in His written word, the Bible, tells us, *"Wherefore come out from among them, and be ye separate, saith the Lord, and touch not the unclean thing; and I will receive you,"* 2 Corinthians 6:17.

My friends, are you compromising with the devil and the wickedness in the world today? Or are you pointing the world to Christ who is the only hope for this war-torn, sin-filled, sin-cursed, and hell-bound world?

Relay For Life of Nassau County

The Relay for Life of Nassau County for 2020 has begun. On September 21, 2019 at the Callahan Historical Society (Callahan Train Depot) we had our 2020 kick off with our 3rd annual crock pot-pot luck. We raised over \$300 at the event for our relay.

On Saturday, October 5 the Callahan Soccer Club had a fall fundraiser (mini relay) with the proceeds going to the Relay for Life of Nassau County. At the close of the event the Callahan Soccer Club committee presented Wanda Nichols, Event Lead Chairperson for the Relay with a \$1500 check for the American Cancer Society/Relay for Life of Nassau.

From October 11 - 19 we were at the Northeast Florida Fairgrounds as a vendor at the fair. We handed out over 500 pieces of paper with the Relay for Life information included.

I would like to take this opportunity to thank Callahan Soccer Club and

the Nassau Historical Society for your participation and your generosity. It is because of people like you and your organizations that make our relay successful. Again "Thank You".

We have other events coming up. In December we will be participating in the 2019 Christmas Parade in Callahan. On January 25, 2020 Callahan Cruisers and Relay for Life of Nassau will have a car show at the Northeast Florida Fairgrounds. On April 4, 2020 the Crowns for a Cure Beauty Pageant will be held. Then on April 25, 2020 we will have our Relay for Life event at the Northeast Florida Fairgrounds. All proceeds from the events will go to the Relay for Life of Nassau County.

If you are a survivor, caregiver or needing information on any of the upcoming events, call (904) 294-2088. Visit our website at Relay for life of Nassau County. Visit us on Facebook at Relay for Life of West Nassau.

Flashes Dismantle Eagles

Holden McMillen

The Hilliard Flashes traveled to Bronson Friday night and what a successful night it was! The Flashes kicked things off when D.J. Coston returned the opening kick 80 yards for a touchdown. With a missed extra point, the Flashes sprung out to an early 6-0 lead. And they were just getting started. After forcing a defensive stop, the Flashes got the ball back. Picking up where they left off from the previous game, the Bennett-to-Coston connection showed up and showed out as the pair connected 37 yards for the touchdown. After an extra point made by Cody Bright, the Flashes extended the lead to 13-0 at the end of the 1st quarter.

The offense kept the momentum rolling when Lyle Bennett found Tywuan Lee who took the pass 37 yards for a touchdown. The extra point was good extending the lead to 20-0. Bennett connected with Coston again, this time from 41 yards. After another missed extra point, the Flashes went into halftime leading the Eagles 26-0.

In the third quarter, things started to shift the wrong way. After forcing a three-and-out, the Eagles got the ball back. The Eagles went down the field finding the end zone with a 3-yard touchdown run. After a successful 2-point conversion, the Eagles cut the lead down to 26-8. The Flashes responded with a drive that ended the 3rd quarter.

The Flashes defense stood tall when Cameron Chavarria recovered the fumble. The Flashes capitalized when Lee scampered for a 20-yard touchdown. The Flashes continued to add to the score when Kale Corbitt returned a fumble recovery 12 yards for a score. After successful extra points, the Flashes grew their lead 40-8. The Flashes defense added another turnover when Nathan Wilson caused a fumble and then recovered it. After a ceremonial kneel down, this performance was just what the Flashes needed to get back on track,

scoring on all three phases of the game on their way to an emphatic 40-8 victory over the Bronson Eagles and improve to 5-4, guaranteeing the Flashes their first winning season since 2016.

The Flashes offense picked up where they left off from their last game, putting up 326 yards of total offense with 124 of them coming on the ground off 21 carries, and 4 touchdowns. Leading the charge on the ground was Cody Bright who racked up 40 yards off of 8 carries; Tywuan Lee with 6 carries for 18 yards and a touchdown; D.J. Coston had 1 carry for 15 yards; Seth O'Neil had 2 carries for 10 yards; Lyle Bennett had 2 carries for 6 yards; and Brandon Matthews had 2 carries for 5 yards.

Bennett had another productive game in the air, going 7/16 for 202 yards, 3 touchdowns, and an interception. Hilliard Hookers Donate to Operation Gratitude

Gail Davis

The knitting and crocheting group, Hilliard Hookers, has donated 54 scarves and 22 hats this year to Operation Gratitude, to be included in packages sent to troops worldwide. "Every year, Operation Gratitude sends 300,000+ individually addressed Care Packages to Soldiers, Sailors, Airmen, Marines, and Coast Guardsmen deployed overseas, to their children left behind, and to First Responders, New Recruits, Veterans, Wounded Heroes, and their Care Givers.

Each package contains snacks, hygiene products, entertainment and handmade items, as well as personal letters of support. Through Collection Drives, Letter Writing Campaigns, Craft Projects and Care Package Assembly Events, Operation Gratitude provides civilians anywhere in America a way to say "Thank You" through active, hands-on volunteerism. Each package contains donated products valued between \$45

and \$100 and costs the organization \$15 to assemble and ship." For more information on Operation Gratitude, visit: www.operationgratitude.com.

The Hilliard Hookers meet every Monday night from 6-8 p.m., at the Hilliard Library. The group is open to ladies who already know how to knit or crochet, and those who would like to learn!

Warriors Win on Senior Night!

Kyle Pipkin

The West Nassau Warriors won big Friday night against Andrew Jackson. The warriors dominated Jackson with a final score of 46 -7. This is the way any senior would want to go out in their final regular season home game.

The Warriors had another huge game from Chaz Hirschman through the air. He was 15 of 21 for 258 yards and also had 5 total passing touchdowns. A passer rating of 152.4 is one of the best so far across the first coast area. The passing game for the Warriors has become more of the game plan lately. This I believe will help the Warriors go further into the playoffs when playing good competition each week. It will keep the defenses honest not allowing them to load the box and key on the run.

Ethan Johns had a huge game catching the ball bringing in 5 receptions for 123 yards. He also lead the team in receiving touchdowns with two. Centari Mitchell, Zorian Stanton and Chaz

Davis all had a touchdown catch.

The Warriors ran the ball well as a team. They had 220 yards on 34 attempts and added two touchdowns on the ground. Ethan Johns led the team in rushing with 7 carries for 100 yards and a rushing touchdown. He ended the game having 223 all-purpose yards to lead the team.

The Warrior defense came up big with two interceptions by Zorian Stanton and Trent Fort. They both had a fumble recovery also showing great ball awareness from both players! The team as a whole had a total of 5 sacks and 10 tackles for loss.

Great job to the Warriors this week winning for the seniors on their night! Friday, the Warriors will travel to Ridgeview in Jacksonville for a 7 p.m. kick-off! This should be tough test for the Warriors to close out the regular season. Go Warriors!

Clerk Employees Review Domestic Violence Training

The Nassau County Clerk of Court and Comptroller employees spent the day, Thursday, October 24, with officials from Micah's Place, learning about domestic violence prevention and how to help citizens seeking relief.

Florida Statue 741.30 requires Clerk of Court employees to receive training in the effective assistance of petitioners seeking shelter from domestic abuse. That's where Micah's Place staff comes in. Micah's Place is the certified domestic violence center that serves survivors of domestic violence in Nassau County. The center offers services including an emergency shelter, 24/7 hotline, legal assistance, court advocacy, as well as outreach

program and supportive services.

"Our partnership with the court system is extremely important in making a smooth transition for victims of abuse into a place of safety," said Cassie Ott, Micah's Place Outreach Director. "One of the biggest legal protections a survivor can gain is an injunction for protection – a restraining order – against their abuser."

Court employees help file protection orders, offer information for protections under the law, and provide assistance connecting to services provided by state and county providers like Micah's Place. To learn more about Micah's Place and services offered in Nassau County, visit www.micahsplace.org.
