Armed Robbery at Yulee Game Room

Josiah Smith

Damani Zvobgo

Ebony Hixon

On Sunday, December 8, 2019 around 7 p.m., the Nassau County Sheriff's Office received information that there was an armed robbery and shooting at the Tracks Arcade located at 463095 SR-200 in Yulee. The investigation revealed that one masked male suspect came in the business as a lookout and held the door open as the second masked suspect entered the business pointing a firearm. A third masked male suspect was also running towards the front door. The suspect who was holding a handgun then ran towards an armed security guard, who was hired by the business to provide security and pointed a Glock 9mm with a 30 round magazine directly at her face as she backed into a break room. Fearing for her life, she pulled out her gun and shot several times striking the suspect twice, once in the arm and once in the buttocks area. The armed suspect dropped his gun and all three suspects ran out and jumped into a burgundy colored 2016 Chevrolet Malibu, where two females were waiting. The vehicle sped off heading west on SR-200 toward I-95.

A NCSO deputy heard the call and just happened to be at the I-95 area. He observed the vehicle and conducted a traffic stop where all the suspects were detained. The individual that was shot, Lance Elijah White, was transported to UF Health in Jacksonville by Nassau County Fire-Rescue. The deputy also observed the female driver, Ebony Lashay Hixon, sitting on a can of "bear

spray." Another handgun was also found in the vehicle. Both guns were reported stolen in Jacksonville.

Further investigation revealed the female driver, Ebony Lashay Hixon, called a female friend of hers and asked her if she wanted to go up to the game rooms in Nassau County and make some money. This person just received word that her boyfriend was cheating on her so she decided to go. They then picked up the three male suspects at an apartment complex in Jacksonville and then drove to the Tracks Arcade in Yulee and the three men got out to rob the business.

The females initially made up a false story that they were kidnapped and forced to drive the three men to the game room, but that theory was proven false through the investigation and then their story changed.

It must be noted that there was another armed robbery at the Beach House Game Room at US-17 in Yulee on Friday afternoon, December 6, involving two masked male suspects that fit the description of two of the suspects in the Tracks robbery. A handgun and a can of "bear spray" was also utilized in that robbery and a vehicle fitting the description of a burgundy colored Chevrolet sedan was seen dropping the suspects off. After the robbery they fled on foot, but were not captured. Ebony Lashay Hixon was also seen at the Beach House game room prior to this robbery as well.

Christmas Tree Lighting Held at the Callahan Depot

Friday night, a large crowd gathered as the West Nassau Historical Society held the Tree Lighting ceremony at the depot. Everyone enjoyed entertainment by the Sunshine Christian Academy Choir and Liz and Randall Smith as well as some yummy refreshments! Thank you to the Historical Society for making Callahan beautiful with their huge tree!

Arrested were: Josiah Taron Smith, 20, from Jacksonville: Charged with Robbery with a Firearm and Attempted Murder; Lance Elijah White, 20, from Jacksonville: Charged with Robbery with a Firearm, Attempted Murder and Possession of a Firearm by a Career Criminal; Damani Rashad Zvobgo, 19, from Jacksonville: Charged with Robbery with a Firearm and Attempted

Murder; and Ebony Lashay Hixon, 29, from Jacksonville: Charged with Robbery with a Firearm and Attempted Murder.

There was no indication that the female passenger in the vehicle had any prior knowledge of the robbery and was not arrested.

Suspect Lance Elijah White's booking photo not available.

Health Care for Seniors

Dear Editor,
While we have been forced to endure ad nauseam the congressional travesty of justice (also known as the Impeachment "Inquiry") for the past few weeks, one issue that has been for the time being placed on the back-burner is the subject of health care, and the terrifying health care proposals being advocated by virtually every Democrat candidate for President. I'm of course talking about the so-called "Medicare for All" proposals, some version of which is being pushed not only by Bernie Sanders and Elizabeth Warren but also by every significant Democrat candidate for president.

I am a senior, currently 71 years old, and am covered by Medicare. I worked hard for many, many years, and now am in a position of relying upon what is not a perfect health system by any means, but is actually pretty good health coverage for seniors, i.e., those in our society who have worked long and hard and should be entitled to rely upon this benefit in their retirement years. However, any senior covered by Medicare who votes for any Democrat candidate in the 2020 election should have his or her head examined! "Medicare for All" in reality means "Medicare for None."

Anyone who doubts this should read the brief book written by Sally C. Pipes, The False Promise of Single-Payer Health Care. Ms. Pipes is President and CEO of the Pacific Research Institute (PRI), and is a known expert in the health care field, having recently appeared on Mark Levin's Sunday evening television show on Fox, Life, Liberty and Levin. In her book, Pipes takes a look at two of the most prominent single-payer health care systems, Canada and the United Kingdom. According to Pipes, who spent four decades of her life living under the Canadian system, this is what we can look forward to if we are ever forced to accept single-payer health care (a/k/a Medicare for All): "Long wait times, substandard care, lack of access to innovative treatments, huge public outlays, and spiraling costs." In 2017 in Canada, Canadians faced a median wait time of 21.2

Letters to the Editor

weeks (over five months!) between referral from a general practitioner and receipt of treatment by a specialist. That's partially why, in 2018, over 63,000 Canadians left the country to receive medical care that they could not receive in Canada (most of them coming to the United States). And for seniors, an even more frightening prospect is the concept of rationing health care, which the United Kingdom has had to resort to with certain medical procedures because they simply do not have the resources to treat everyone. In the United States, under Medicare for All, who do you think would be one of the first groups affected if it was necessary to resort to rationing of health care – you guessed it – seniors!

And none of these issues even addresses the issue of spiraling costs and the enormous price tags associated with the Democrat plans. It's marketed as "free health care" for everyone – but there's nothing free about it. Even the Democrat cost estimates (most likely way too low) are in the trillions. Medicare has enough fiscal issues on its own without resorting to a system guaranteed to bankrupt us all.

So...Medicare for All? No, thank you. Not in 2020. Not ever.

Sincerely,
Peter Reed Corbin

US Postal Service

Dear Editor,
Awareness of this subject needs to be brought to the attention of everyone that has used, is using and plans on using the services of the US Post Office in Hilliard. We have experienced several instances of incompetence, dereliction of duty and complete lack of qualifications for the job of those who work at this branch. From failure to follow up on deliveries initiated at that facility, delivering mails to wrong addresses, failure to "Hold Mails" as directed (in accordance with postal directives and policy) to the inability to

work with customers to resolve problems that are identified. Everyone needs to be aware that the likelihood of these instances happening to them is very real and that they cannot depend upon this organization any longer to do their jobs or services, as prescribed by the United States Government Codes.

When sending a package, with tracking, to a destination it took over two weeks, after the estimated delivery date, for the receiving address to get the package. When asking the Post Mistress, during the problem and before actual delivery, her simple answer was; "it's the Christmas season." The package was mailed before Thanksgiving and was held (according to the USPS Tracking System) in Greensboro, North Carolina, for over a week before being sent on to the Charleston, SC, post office responsible for final delivery.

We have had mail dropped off with us (from neighbors and or others) that was delivered to the wrong address: Some nearby and some from across the county. We've sent payments in to our creditors that have not been received on time, even when mailed well in advance of the due dates. We've received bills in the mail, which were received well beyond the due date for payments. As most people know, when payments don't get accomplished on time credit ratings can and are affected. The USPS is depended upon, by most everyone, to help keep house-holds and businesses operating efficiently. When their lack of ability to do their jobs, as prescribed, it can (and does) begin to affect credit ratings and interest rates because of their "third party"

dereliction of duty attitudes. It is time to put a halt to our inability to depend upon this government service. It is not time for those in charge to respond with a casual, flippant, non-caring concern and walk away from the customer during the conversation of these issues.

During another recent absence, after accomplishing a "Hold Mail" procedure, we came home only to find the mail box stuffed with bills and junk. There is no better way to advertise an empty house and put out the welcome mat to any prospective burglar, than to have that happen. Was this a simple mistake? No, because I still had to go by the post office and pick up my "Hold Mail" and lift the "Hold" in order to resume normal delivery. This has become a regular recurring situation that is totally unacceptable. When informed of the situation the answer is always the same. "It must have been the substitute on that route!" Too many times the "Substitute" is blamed for the inability and lack of qualifications for the route delivery personnel, whether employees or contractors are doing the work or not.

I advise everyone to immediately begin taking notes on any and all concerns when dealing with this Post Office and review those notes periodically for the potential need for further investigation. I, myself, will begin accomplishing those tasks and begin providing the Inspector General of the US Postal Service with regular letters of concern about this travesty that is now in place in the city of Hilliard that masquerades as an alleged United States Post Office.

Fish Talk

What's on your Christmas wish list?

Chris Cockerham, Reel Habit

A big ole' fish! That's what's on my list. With that said, there are many species to be had. First, our inlets are holding some really nice sheepshead at the moment. All the reports are proving the incoming tide to serve best. Fiddler crabs and muscles are among two of the best options for bait. Don't be scared to wrap a few oysters up in pantyhose as well. Just run the hook through them several times and make sure your barb stays exposed. White Shell to Mayport, you can do no wrong. Fish all your areas for a minimum of 20 minutes if you choose to target sheepshead before moving on to allow your scent to disperse. These fish will get into a feeding frenzy with chum.

Moving on, trout are in nearly every creek you encounter along the ICW. Just pitch a popping cork tipped with a live shrimp along the grass lines and let the tide do the work for you. If you want to find the bigger fish, look for structure in deeper water. Rock piles submerged near fast moving current are a must to target. Also, look for trout to stack up near docks and oyster beds in our back waters. Many of these fish are just sitting in these slow moving currents waiting on unsuspecting baits to swim by.

Lastly, Redfish continue to bite consistently in the backwater. Fresh dead shrimp, cut mullet and quartered blue crab have been the go to bait. Red fish are starting to follow their winter pattern and can be found in the deeper holes as well. Remember, just a couple feet to the left or right can be the difference in a bite and absolutely nothing. Look for reds to stack up around structure as well.

With that said, My Hot Spots for this weekend will include the St. Mary's and St. John's River entrances. Do not pass up the rocks on the river side. Sheepshead are feeding on barnacles, crustaceans and green algae that heavily inhabit these areas. Also, if you're going offshore, make sure you drop a fiddler over the near shore wrecks. You never know, that stud sheepshead may be waiting on you! Look for a low tide around 4:30 a.m. this Saturday with a high tide around 10:38 a.m.

Until next time, be safe out there and I hope to see you on the water! Merry Christmas everyone!

JUST MY OPINION

Roger R. West

Once again the Socialist Democrats and the lame-stream media are making fools of themselves while trying to make President Trump look incompetent and an embarrassment to America. I am referencing the "hot mic" incident at the NATO summit in London last week. Canadian Prime Minister Justin Trudeau was sipping a cold drink along with British Prime Minister Boris Johnson and French President Emmanuel Macron when a hot mic picked up Johnson asking Macron, "Is that why you were late?" But it was Trudeau that answered by saying, He was late because, "...he (Trump) takes a 40 minute press conference at the top." Trudeau goes from there to making hand gestures and a smirk of a grin.

The libs and news media automatically spin the unprofessional behavior of Trudeau as being Trump is unfit and unqualified to represent the United States in the world setting. Nothing could be further than the truth. In reality, those three world leaders, and I use the term "world leaders" very loosely, just complimented President Trump in the highest regard. It is called jealousy!

President Trump is running circles around every other world leader with our robust economic growth, our military strength and his love and determination to rebuild America as the

most productive and strongest nation on earth. It is only natural with humans to trash talk another person that is excelling and bringing to light others weaknesses. This behavior is seen in families, schools, work places and even religious organizations. Somehow, by trashing the great achievers, it makes the less achievers feel better about themselves. Just like the old saying, misery loves company, well so do losers.

Facts don't lie and if you look at Canada's facts under the leadership of Trudeau you will see that he lost 71,200 jobs last month as compared with Trump's economy which added 266,000 jobs last month. November's gain greatly exceeded median market expectations by 44%. This brought the average monthly job creation thus far in America to 180,000. So sip on that Trudeau!

If only people would look at facts instead of believing what they are told by the Socialist Democrats and the liberal media which are both blinded by sheer hate, they would see that America is in the best condition we have been in over 50 years. I urge all the Trump haters to take off your blinders, don't believe me or the main stream leftist propaganda, or FOX news, check out the facts. I think you will see that you are being lead down the wrong road.

As always...that's just my opinion!

Peace on Earth

Pastor Arlie Johns, Hilliard First Assembly of God

Have you ever thought about what it would be like if Jesus hadn't come to the earth? How messed up would this world be today? I mean, if you take a look around and see where we are now, how much worse would it be? I'm talking about a world with no hope and no peace. It would be like the days of Noah before the flood, or like the cities of Sodom and Gomora with no sign of righteousness.

Ever since the day that Adam and Eve sinned by eating of the forbidden fruit in the garden, true peace had not been found on the face of the earth, until the coming of Jesus Christ. Sin had become a way of life for every man according to Romans 3:23. And sin was the cause of there being no peace on the earth. So let me just say, that the only hope for peace that is in this world today has to come from knowing Jesus Christ as your Savior.

The Prophet Isaiah spoke about the coming savior in Isaiah 9:6-7, "For to us a child is born, to us a son is given, and the government will be on his shoulders. And he will be called Wonderful Counselor, Mighty God, Everlasting Father, Prince of Peace. 7 Of the increase of his government and peace there will be no end."

I want you to know that Jesus is our Peace on earth. God promised us through the prophets that he would send a Savior (the Messiah) to restore a right relationship between us and God through the Prince of Peace. Our Prince of Peace is Jesus Christ, the Savior of the World. True peace only comes from knowing Jesus as Lord. Thank God that Jesus came and gave his life for us.

If Jesus hadn't come, there would still be no hope for peace in the world. But Jesus did come, and gave His life for us and that's what makes this Christmas story so special. It was a joyous night when the Shepherds heard the Angel give the good news about the Savior being born in Bethlehem that night. They must have been excited to have heard the words; "Glory to God in the highest, and on earth peace, good will toward men." (Luke 2:14 KJV)

I pray you have a "Merry Christmas" and may you find real Peace in knowing Jesus.

Hilliard Town News

Dawn S. West

The Hilliard Town Council met Thursday night for their first meeting of December. The first order of business was a proclamation recognizing the Country Star Quilt Guild. Council President John Beasley read the proclamation which concerned recognizing The Country Star Quilt Guild, that meet each month in Hilliard, as they will celebrate 5 years together on January 1, 2020. The Guild ministers to a host of organizations, Pinky Promise Foundation, The Nest, VA Hospital and more, and also has a wonderful group of members that have a great time together with their many gifts of quilting, embroidery and so many other sewing talents. "The Town of Hilliard proclaims December 9, 2019 as The Country Star Quilt Guild Day in Hilliard," read Beasley. The proclamation was presented to Sue and Barbara of the Guild by Mayor Floyd Vanzant.

The first order of business was the approval of the 2019 run reimbursement payment for the Hilliard Volunteer Fire Department firemen.

The next item discussed was a piece of property (105 x 105) on W. Fifth Street that the town acquired through a foreclosure. "We have had the property for about 14 years. Recently, someone has inquired about purchasing the property," said Town Clerk Lisa Purvis. "I placed this on the agenda for the council to decide what you want to do

with it (property). I would suggest it to be sold, as it is a buildable piece of property but not of any use to the town."

"If we (town) are not going to use it, I think we should advertise it to be sold," said Councilman Jared Wollitz. "I don't think we just need to take the offer that was presented. Perhaps we should wait until after the first of the year and try to advertise it then."

The council agreed to advertise the property for sale in January 2020.

Parks & Recreation Director Kyle Malucci requested approval to change Kid Attendant Macey Glisson from Introductory/Probationary to Regular employee. The council approved the request.

Councilman Wollitz questioned Malucci on the status of the before/after school care program, asking how many children are in currently in the program. "Our numbers have really dropped off," said Malucci. "I'm not really sure why but they have. We sometimes only have three children."

"I think we may need to look closely at the cost for what we are doing with this program and possibly make some changes," said Wollitz. The council agreed.

The council agreed to have a workshop with the department heads concerning going over the personnel policy for the employees. The workshop will be held Monday, December 16 at 6 p.m.

The next meeting of the council will be Thursday, December 19 at 7 p.m.

Callahan Welcomes Christmas!

Dawn S. West

If you didn't get a chance to attend the Callahan Christmas Parade Saturday, you missed a treat! The weather was absolutely perfect! The parade included Grand Marshal Sheriff Bill Leeper with his family riding along with him. "I have never been a grand marshal before. This is so great," said Sheriff Leeper. "I am honored to be chosen."

The parade was complete with a large presence of Shriners in all their unique vehicles. We were so blessed to have so many businesses and churches to take part in the annual event. The boy scouts and girl scouts, the West Nassau Warrior Band and also the Callahan Middle School Band, Sons of Confederate Veterans, Callahan Lions Club and the Callahan Soccer Club had a great showing, just to name a few! Then, finally, came Santa and Mrs. Claus, whose appearance brought smiles to all the children! A beautiful

array of horses, all spruced up for Christmas, was the final entry.

The floats and entries were judged in several categories. The winners were announced following the parade. The winners of the 2019 Callahan Christmas Parade are as follows: Best In Step: Callahan Middle School Band; Best Show Horse: Nassau County 4-H Black and White speckled horse; Best Motorized Entry: Morocco Shrine Parade Units; Best Themed Float: Callahan First Baptist Church; and Judge's Choice: Sunshine Christian Academy.

Vendors were set up beside Callahan Town Hall and Crossroads Fellowship parking lots and also at Thompson Mall where vendors were packed in. Santa and Mrs. Claus had a special location to sit and have numerous photos taken with children!

ANNA ALLEN

Anna Allen, 84, widow of William Allen, went home to be with her Lord and Savior Jesus Christ on December 9, 2019 at Community Hospice.

She was born in Bethany, Missouri. She was the daughter of the late Everett and Elsie Settle. She worked as a clerk typist for the Department of Labor in Washington and secretary stenographer for the Dept. of the Navy, secretarial duties for River Garden and Orange Park Care Center.

More importantly she was a loving mother, grandmother and devoted wife. Anna was an amazing housewife and mothered the heart of her family, always kind and full of encouragement. She was always thankful for her family and would point out to her family the beauty of God's creation and was thankful for it.

Surviving are three daughters, Barbara (Ross) Reeling, Debbie Rose and Linda (Marty) Wilkerson; seven grandchildren; 13 great-grandchildren; and one great-great-grandchild.

Funeral services will be held Thursday, December 12 at 2 p.m. at Callahan First Baptist Church with Rev. Lynn Hyatt officiating. The family will receive friends prior to the service from 1-2 p.m. at the church. Entombment will follow in Jacksonville Memory Gardens Cemetery.

Douglas E. Weinberg, 61, of Yulee, passed away Friday, December 6, 2019 at Baptist Medical Center Nassau. He was born in Jacksonville, he spent most of his life in Nassau County and was a son of the late James Randy and Joan Adams Weinberg.

Douglas graduated from Fernandina Beach High School in 1978 and for many years operated his own landscaping business, First Class Lawn Service. He was a member of First Baptist Church of Callahan.

A native "Florida Boy", he loved being outdoors, the local beaches and deer hunting. Whether in Gatlinburg, TN or going all the way to Canada, he loved seeing snow. Besides travelling and hunting, he enjoyed the mountains and riding his motorcycle.

Douglas was always a joker who enjoyed being around people. Whether for somebody he had known for just a short time or for a lifelong friend, he would do anything he could to help somebody. He would give away his "last dollar" to take care of you. If he was your friend, he was your best friend. He could repair anything and was always willing to help anybody who needed his help with a repair of nearly anything. A longtime member of the Fernandina Masonic Lodge and the Morocco Shrine Temple he was active with both as long as his health permitted.

Douglas loved his wife and children dearly. He was especially proud of his children. From how proud he was of Tiffany in her role as a paramedic and firefighter, to teaching his son Ron to work on nearly anything mechanical, his love for his family has always been there and will continue forever.
