Ewing Park Bathrooms Vandalized Again!

Dawn S. West

The Callahan Town Council met Monday night for their first meeting of April. The first item on the agenda was a proclamation read by Callahan Mayor Randy Knagge.

“This proclamation is to proclaim April Water Conservation Month in the Town of Callahan,” said Knagge. The proclamation included water is a necessity in everyday life; whereas, it’s our duty to protect and conserve water usage; all businesses, schools and homes can do their part to conserve water; whereas April is a dry month and a good time to practice water conservation.

The next order of business was a presentation from Callahan resident Teneilia Anderson. “I wanted to tell this council about the Safe Haven Baby Box. We have all heard about babies being found in bathrooms, near garbage dumpsters, etc. The Safe Haven Baby Box is a way a troubled mother or father can place their baby in the special ‘bassinet’ box where the baby is safe,” said Anderson. “The box must be placed at a fire station or hospital. The box is temperature controlled and once opened from the outside and closed cannot be opened again allowing the parent to walk away knowing the baby is safe. A silent alarm is sounded alerting the EMTs or paramedics that a baby is in the box. Within 5-10 minutes the baby is rescued and taken to a local hospital to make sure he or she is okay. I think this would be a great addition to our town. I have talked with Senator Aaron Bean and he has assured me that whatever we need he will help with it. The initial fee for the box is \$15,000 and I feel sure we (residents, businesses and friends) can raise the money.”

“I would like to look over the

material a little further before I make a decision on this,” said Councilwoman Jacquelyn Fleming.

“I also need more time to check out all the information,” added Council President Ken Bass.

The final agenda item concerned the council approval of Ordinance 2024-002 which concerned the voluntary annexation of .05 acres on Old Dixie Highway.

In closing comments, Town Clerk Shawna Gugliuzza advised the council that once again, the bathrooms at Ewing Park have been damaged in a horrible way. I am recommending that we lock the bathrooms at all times unless someone is having a party at the park and they notify Town Hall about the event.

“This is horrible and a true safety hazard. It’s a shame that we have such a nice park and can’t use the bathrooms because of destruction!” said Fleming. “I don’t know what to do other than lock the park at night and open it back up in the morning.”

“I think that is what we are going to have to do right now until we come up with another option,” continued Gugliuzza. At this time, the bathrooms will remain closed until repairs from the vandalism have been completed.

The next meeting of the council will be Monday, April 15 at 7 p.m.

Westside Seniors Enjoy Easter Celebration

The Westside Seniors celebrated Easter Friday at the Westside Senior Center in Hilliard. The seniors enjoyed coloring eggs when they arrived. They all received their boiled eggs and chose what color that wanted to make their eggs. Shortly after, Mr. Bruce Beville arrived to provide the entertainment by singing and playing his guitar. The seniors enjoyed a delicious dinner and lots of great desserts! They also were given a goody bag full of treats to take home.

This is just a reminder that the Westside Senior Center is open to all seniors (60 and up) to visit. Seniors arrive by driving or by being picked up by the Council on Aging van, around 8:30 a.m. They enjoy coffee, juice and a light snack. They enjoy playing Bingo, putting together puzzles, playing games and just socializing with each other. They enjoy a lunch around 11 a.m. before they head back home. “This

place has been such a blessing to me,” said Dorothy Richo. “It gets me out of the house and I enjoy all the people here. It’s fun meeting with others and having someone to talk to. I’m so thankful for the center.”

For more information about the Westside Senior Center, call 845-3313. You won’t be sorry!

Letters to the Editor

Letters to the Editor may be emailed to news@westsidejournal.net but must include a complete name. Letters should be no longer than 300 words.

In Response

Dear Editor,

I would like to thank B.R. McConnell for their letter last week. I agree with their thoughts. I have been trying to pay attention to this election because I feel the results are going to be the most important ever. In today's climate, you need to research and see what is true and what is not. A lot of news stations on both sides will only tell half of the story so you have to look in more than one place. Too many people spend all their time talking and no time listening. Whoever you are, the other side is not going anywhere, so we all have to learn to get along and do what is right for America. I think both Biden and Trump should have a debate so they can both be asked the hard questions by the other side. When you are interviewed by your own people, you can skew things any way you want.

People need to understand that inflation is high because of corporate greed. Since the pandemic, corporations are making billions of dollars per quarter in PROFITS and we are barely able to buy our groceries. That is not capitalism. Until we figure out how to at least partially fix that, the divide between the rich and the poor will only grow. The average new car is \$48,000. A truck is \$75,000 easy. This is not inflation, it is greed. Unfortunately, even though we are told we all need to vote, the very next sentence is that this election is going

to be decided by about 5 states. How do I feel my vote counts that way? It should be decided by who gets the most votes. We the people need to change the rules.

Bonita Collins

Pastor Loyd's Column

Dear Editor,

I thoroughly enjoyed the article written by Pastor Benjie Loyd on "The Gift and The Loss of The Land." Looking forward to the future segments in this series. There was a well-known pastor who said, "We, the Church, needs to unhitch from the Old Testament." This just goes to show how Biblical illiterate even a, so called, pastor can be. Pastor Loyd shows one of the reasons why we need the Old Testament and can never unhitch from it. It is God's Covenant with Israel and His Promise of the land to them. It is so important with what is going on today in Israel that people know, especially our government officials and even many Christians, that the land of Israel belongs to the Jewish people, then and now. The land belongs to God and He Gave it to them and it does not belong to any other people. All these others are trespassers. This is not opinion, but Truth from God's Word, as Pastor Loyd stated.

Exciting News for County Residents in Need of Dental Care

Barnabas Center, Inc. is excited to announce that it will change its eligibility requirements for dental care starting April 1, 2024. The Barnabas Center Dental Clinic has served Nassau County residents for over a decade. It is now expanding its intake process to include residents who may not have been eligible.

maximum income that a patient can be considered low-income, from 200 percent to 300 percent of the federal poverty level.

Dr. Charles Cotton, Barnabas Center dentist, is excited to serve more Nassau County residents. "Dental care is so important for the overall health of our residents. Barnabas Center's ability to add

more patients to the schedule will assist clients who may struggle with paying for food and necessary dental care," said Dr. Cotton.

The process is easy. Call 904-261-7000, and the front desk receptionist will guide applicants through the dental intake process. Please note that the dental clinic offers many dental services, and a sliding-scale fee applies to Barnabas Center services.

The Barnabas Center's mission is to provide help and hope to individuals and families in need throughout Nassau County to improve their stability, health, and well-being.

Florida passed important legislation called the "Live Healthy" (SB 7016) initiative. The bill revises preexisting health care programs, creates new programs, revises licensure and regulatory requirements for health care practitioners and facilities, creates new provisions within programs relating to health care practitioner education, amends the state Medicaid program, and appropriates both general revenue and trust fund dollars to grow Florida's health care workforce and increase access to health care services.

The bill amends the "Access to Health Care Act" to increase the

JUST MY OPINION

Roger R. West

Com'on Man! Did anyone here vote to pay for the Francis Scott Key Bridge in Maryland to be rebuilt? I certainly didn't! Let's get this straight, a Hyundai built ship flying a Singapore flag leased by a Danish mega company named Maersk plowed into a bridge in Maryland causing total destruction of the bridge and we the tax payers are going to foot the huge bill to replace it? That's not how my world works, however in Joe Biden's world our money is his money. Such an arrogant pompous person he is. In a very brief statement, acting president Joe Biden (yes, the use of lower-case letters was intentional) made the following remarks, "At about 1:30, a container ship struck the Francis Scott Key Bridge, which I've been over many, many times commuting from the state of Delaware either on a train or by car." First off, there are no train tracks associated with that bridge. Joe's delusional lies once again prove his incompetence. Then he announced, "It's my intention that federal government will pay for the entire cost of reconstructing that bridge, and I expect to...the Congress to support my effort."

Am I wrong about my feelings? In the world I live in, the cost incurred by an action lies upon the one who committed such action. Does not the ship's owner and the business that leases said ship not required to have some type of liability insurance? We can't drive our automobiles on our very own roads without having liability insurance. Most of us don't expect the government to pay for damages we

cause to others property! We need to place the cost of replacing that bridge square on the backs of the guilty parties, period. My prayers do go out to the families of the innocent lives that were lost that morning.

Did you know that the Biden administration prohibited children from submitting "religious egg designs for their Easter Art Event? Did you know that Biden formally proclaimed Easter Sunday as "Trans Day of Visibility," a day created by Obama in 2009. Secretary of State Anthony Blinkin's office released a statement Sunday that said in part, "Transgender Day of Visibility is a celebration of the courage and resilience of transgender, nonbinary, and gender non-confirming persons who exist in every country and culture around the world," the Easter Sunday statement read. "On this day, the United States recognizes the achievements and progress that trans persons have made in the global struggle for equality and re-affirms its commitment to supporting the equality, inclusion, and full recognition of the human rights of transgender persons. To be fair, the White House X account posted a quick message, saying, "Happy Easter from the Biden-Harris Administration!" Psalm 37:13: "But the Lord laughs at the wicked, for he knows their day is coming."

As my father-in-law said Sunday, "It's no longer Democrats versus Republicans; it's bad versus good!"

As always...that's just my opinion! HE HAS RISEN!

How was your Resurrection Day?

Pastor Marty Paparo, Friendship Alliance Church, Callahan

Five days ago, we celebrated the resurrection of Jesus Christ. This is the most significant event in all of history. Jesus was dead, and after the resurrection, He is alive! But, what does this mean for us? Romans 8:11 says: *“If the Spirit of him who raised Jesus from the dead dwells in you, he who raised Christ Jesus from the dead will also give life to your mortal bodies through his Spirit who dwells in you.”* This means that those of us who have asked Jesus to live in us, will join Him in His resurrection.

And thanks be to God that He raised Christ from the dead because without His resurrection, Paul says we are to be pitied. *“And if Christ has not been raised, then our preaching is in vain and your faith is in vain. And if Christ has not been raised, your faith is futile and you are still in your sins.”* 1 Corinthians 15:14,17. Without Christ resurrection, we are without hope and we are stuck in our sins. But the truth is Christ is raised from the dead. *“But in fact, Christ has been raised from the dead, the first fruits of those who have fallen asleep.”* 1 Corinthians 15:21.

And the result is, Death has no hold on us! 1 Corinthians 15:54b-57 says, *“... Death is swallowed up in victory. O death, where is your victory? O death, where is your sting? The sting of death is sin, and the power of sin is the law. But thanks be to God, who gives us the victory through our Lord Jesus Christ.”*

So how do we respond to this victory?

Romans 14:8-9 tells us: *“For if we live, we live to the Lord, and if we die, we die to the Lord. So then, whether we live or whether we die, we are the Lord’s. For to this end Christ died and lived again, that he might be Lord both of the dead and of the living.”*

Our proper response is to live for Him. So, what about you? On your last day will you be resurrected into God’s glory? Today, in this world, are you living your life for Him? What is the next thing God is asking you to surrender?

Attend the church of your choice this Sunday.

Confederate Heritage Month

April is Confederate Heritage Month and Kirby-Smith Camp 1209, Sons of Confederate Veterans, works tirelessly throughout the year to honor their ancestors. On a recent workday, the tasks continued at Camp Mooney Cemetery where five Confederate casualties from the skirmish at Cedar Creek lie. Genealogy Tidbits

Claude Arpen

Are you descended from royalty? According to American genealogist Gary Boyd Roberts, an expert on royal descent, 150 million Americans (half of the population) have royal descent or their wives have traceable royal descent. Many Americans descend from 17th century British colonists who had royal descent. Each of these colonists left descendants in America numbering many thousands and some as many as one million. Are you one of them?

Budget is Not a Bad Word

Unfortunately, we are well acquainted with common ugly four-letter words. Fortunately, budget is not a bad six letter word, even though it has been given a bad rap. It is easy to dismiss because it may be an unwanted item on your radar. If you are serious about getting out of debt, you will embrace it.

The proverbial elephant in the room is that you need a budget. When you eat the elephant one bite at a time it is easier to manage. Dave Ramsey encourages paycheck-to-paycheck budgeting. You get paid. You tell your money where to go. If you do not tell it where to go, you will wonder where it went.

Simple budget thoughts and ideas:

1. List your income: List your paychecks, alimony, child support, rental income, pension, or any other income. If you are married, tally up your income together.

2. List your debt(s): Your mortgage, car payments, student loans, personal loans, credit cards, and any other debt you have in your name(s).

3. When you get paid, minus your debt from your income.

4. If your debt outweighs your income, you must increase your income.

Pro Tip: Look at your arm's length, obvious choices for creating extra, immediate cash. What can you sell that has value? Plan any of the following: Yard Sale, sell items on Facebook Marketplace, Ebay, ThredUp,

Poshmark, or any other avenue you have access to. If you are car poor and have a huge car payment that is eating up your income, sell the car. Your income is your best wealth building tool. There was a time that I had to sell my 6-month new car, because it did not make sense for me to keep it while getting out of debt. I sold it and with the equity I had in it I bought a very used, but good car for me to use for that season of my life.

A user-friendly budgeting app called *EveryDollar* can be found at www.ramseysolutions.com.

EveryDollar works well on your computer or cell phone. The free version is enough but if you need help tracking your transactions while spending, you can purchase the affordable version to keep you on budget. We all need budgets. Having a budget is the secret sauce to making your finances work!

Aluminum Theft Busted at the Florida Hotel in Yulee

In a swift response, the Nassau County Sheriff's Office apprehended two Jacksonville men allegedly caught in the act of stealing aluminum from a Yulee hotel. The incident unfolded on March 22, 2024, just after 2:30 p.m., when a deputy responded to reports of a burglary in progress at the Florida Hotel on US 17. Upon arrival, the deputy encountered a disturbing scene – the chain-link fence and entry gate had been pried open, granting access to the property. Nearby, aluminum pieces lay scattered next to a truck, seemingly in the process of being loaded. Inside the vehicle, the deputy discovered several power tools.

As the investigation unfolded, the deputy spotted 44-year-old Albert Alex, emerging through the breached entrance gate. A second suspect, 40-year-old Blayne Buchanan, was also located on the premises. Both men showed signs of

handling the cut aluminum, with dusty metallic powder covering their clothing. When questioned, the pair claimed they had been hired to perform work at the hotel. However, upon contacting the property owner, the deputy learned that neither man had permission to be on site, let alone dismantle the premises.

Albert Alex and Blayne Buchanan, were both placed under arrest, facing charges of Burglary and Criminal Mischief causing over \$1,000 in damages, Theft for the stolen aluminum, valued between \$700 and \$5,000, and Possession of Burglary Tools.

Domestic Dispute Turns Violent

Alicia Tarancon,
Public Affairs Officer

A heated argument between a Yulee man and a victim escalated to gunfire on Wednesday afternoon, leaving the victim hospitalized with multiple gunshot wounds. Chad Jones, 32, is accused of shooting the victim after a series of altercations. The incident unfolded when the Nassau County Sheriff's Office dispatch received a 9-1-1 call reporting that someone had been shot multiple times in the hip area. Deputies rushed to the scene, where they detained Jones and interviewed witnesses.

Witnesses stated that Jones and the victim had been involved in numerous altercations. As tensions reached a boiling point, Jones allegedly brandished a handgun and fired twice at the victim's back while they were walking away.

NCSO deputies arrested Chad Jones and charged him with Attempted Second-Degree Murder. He was transported to the Nassau County Jail, where he awaits further legal proceedings. The victim, whose identity has not been released, was transported to a nearby hospital for treatment of their gunshot wounds.

NCSO Nabs Credit Card Skimmer

Sheriff Bill Leeper recently announced the arrest of 30-year-old Osiel Izquierdo Zambrano. The suspect, who is originally from Cuba, has been living in Jacksonville and traveled to Nassau County to commit this crime. On Tuesday, March 5, Nassau County Sheriff's Office detectives were called to the 7-Eleven at Lofton Square Court in Yulee, for reports of a skimming device installed on a pump.

on State Road 200, just east of US Highway 17. One of the deputies attempted to conduct a traffic stop however the vehicle failed to stop. The Chrysler was found abandoned near the intersection of Vegas Blvd and Venue Court. Both men took off running but Zambrano was found a short while later and placed into custody.

The suspect faces multiple charges including: Felony Fleeing and Eluding; Resisting Arrest Without Violence; Burglary to Unoccupied Dwelling; and Use of Scanning/Skim Device to Defraud.

The Nassau County Sheriff's Office is warning residents to carefully inspect credit card terminals, gas pumps, and ATMs before using them, and to immediately report any suspicious devices or tamping to law enforcement.

Credit Card Skimmers are illegal devices that are normally covertly installed over legitimate payment terminals. The device is designed to read and store the information encoded on the magnetic strips of a credit card. They are designed to secretly capture the card data when an unsuspecting customer uses their card to make a payment.

A customer called 7-Eleven after witnessing two suspicious men tampering with one of the pumps. An employee walked out and noticed that one of the men sprayed a substance on the pump. When confronted, both men took off in a black Chrysler with Illinois tags. The 7-Eleven employee spotted the skimmer device installed over the original card reader.

NCSO deputies soon spotted the vehicle matching the description
