Callahan Approves Medical Office Building Site Plan

Dawn S. West

The Callahan Town Council met last Tuesday night (September 3) due to the Labor Day holiday on Monday. The first order of business was for the council to look over the site plan for the proposed Medical Office Building on US Highway 1 south of Callahan (the former Cato property). Doug Smith was on hand to answer any questions or concerns from the council.

"I am representing Cross Regions Group and we are known for high class developments. I'm sorry we weren't present at the last meeting. One of the questions I was sent was will the property have a privacy fence across the back?" said Smith. "And the answer is yes. The first proposed building will be 6500sf and a medical user will use half of the space. Later, we plan to construct a second building that will be 10,000sf with plenty of parking and a retention pond. We have also contacted FDOT concerning whether a turning lane is necessary and we were told no."

"This seems like a congested area

already. It just seems like a turning lane would be safer," said Councilman Matt Davis. "Could another route be engineered in to the property?"

"The entrance will be moved further south than it is now," added Smith.

The council approved the site plan for the future medical office building.

The council approved Resolution 2024-R04, which concerned making a donation of \$500 to the West Nassau High School Swim Team to assist with expenses throughout their season.

The council also approved Resolution 2024-R05, which concerned making a donation to the West Nassau Historical Society in the amount of \$2,300 to assist with expenses for the upcoming Callahan Christmas Parade. The parade will be held Saturday, December 7 at 11 a.m. Persons wishing to participate in the parade or in the vendor booths should contact the Historical Society at 904-879-3406.

The next meeting of the council will be Monday, September 16 at 7 p.m.

funding is for 100% grant funding for a total participation grant for ready communities. The council approved the agreement.

The next item concerned the approval of Resolution 2024-14, which concerned accepting a FDOT offer of a

Public Transportation Grant Agreement for Design & Construction of Turf Runway improvements at the Hilliard Airpark. The council approved the resolution.

The next agenda item concerned the

A Word From the Publisher

This past weekend, my siblings, spouses and Roger and I, had the opportunity to celebrate our parents 73rd anniversary with them. I mean this day and time, who celebrates 73 years of marriage? I am beyond thankful and grateful to still have both of my parents, and thrilled that they want to spend their special milestone with us, is precious!

The plan was all my dad's, for what they wanted to do. Daddy heard about a place in St. Mary's, that was a large house that he could rent for the weekend. He looked at the pictures online and booked it. As many of you know, my parents live in Kingsland, Georgia, so the place was not far for them to travel.

We, as a family, have talked about this many times (staying all in one house). Daddy always reverts back to when we were kids and would go visit our grandparents. Many and most times, we would all pile on the floor and sleep...no worries. And most of the time, there was only one bathroom. We have each expressed our concerns to Dad that we can no longer sleep on the floor, as none of us can get off the floor! And too, we need our own rooms and bathrooms, if possible, as we wonder around in the night! He just laughed but finally understood! So, each time Dad comes up with a place for us to stay,

I don't think we had any shortage of food. Friday, we all went up to eat at The Lunch Box. It is a buffet and delicious. We had such a good time and lots of good food. We lounged around the pool Friday afternoon and caught up with each other's lives. Life is so busy and there is so much going on. It was so refreshing to just have time to sit and listen and

we make sure and check it out...just in case.

The house was super nice and also had a swimming pool, as all of my family love the water of any kind. The property was located on the marsh, so it was a beautiful setting. The weather held out as it was supposed to rain all weekend! My sister, Marci, picked up food on her way over Thursday for supper, so that began our eating frenzy.

share.

Saturday began with College Game Day on the TV, coffee and goodies. Here came our parents out of their room with their 'Hog' shirts on, which is a tradition when the Razorbacks (Arkansas) are playing. Their game began a noon and they were perched in their seats at 11:30

with anticipation. Now I see where I get my school spirit and excitement for football, both of them! We had game day food! Traditional Stearn snacks used to be: lots of Popcorn, sliced apples and 'rat' cheese, as we always called it (the block cheese). We fixed Mom & Dad a bowl of that and passed it to them during the game. Not even sure if they knew what they ate but they had something. We also had taco dip, chips & queso. We forgot to open the salsa. That evening, we enjoyed hamburgers and hot dogs. Like I said, no shortage of food. It's always fun to go back down memory lane and eating things from our childhood. We sure missed our brothers (Dub & Mark) but we talked about them several times. Mark was also an avid Razorback fan!

Again, I am so thankful for my family and the closeness we share. Life is so short...as we have learned. You don't know what tomorrow may bring and it's so important to make each day count. My parents' love has been built on their love for Jesus Christ. They have instilled the importance of Christ's love to us each time we're together. We are all reminded that in this life, we all have decisions and choices to make each and every day. However, the most important decision you can make today is: Have you asked Jesus to forgive you of your sins and come into your heart? Let today be that day.

Have a blessed week!

Local Homebuilder Arrested

A local homebuilder, Michael Chad Reed, the owner of The Reed Group Elite Homes, was arrested by the Nassau County Sheriff's Department. Reed is facing 12 charges relating to his home building company. The charges are organized fraud, misapplication of construction funds, and grand theft. According to the arrest warrant, several homes were contracted with The Reed Group between 2021 and 2023. More than five victims have come forward with accusations of wrong doings.

It is charged that Reed required a 15% down for a return of a completed home within 365 days. However, after the customer paid the deposit, many of the new homes were left unfinished or construction never was initiated. Some clients have had liens placed upon their homes by sub-contractors who Reed had hired to complete homes but never

paid the sub-contractors.

In February 2024, one of the families was approached by a contractor saying they had outstanding balances, around \$13,000 for a painter. Later, more outstanding invoices came.

A Callahan family added they had paid Reed \$169,000 to build their home. In February 2024, a lien was placed on their unfinished home by a building company, after they never received payment for work they had completed on the home. The home currently sits unfinished. The company filed for bankruptcy in February of this year, listing many local contractors as owing money to. The bankruptcy filed adds up to over \$1.3 million. Bond was set at \$135,000 in which Reed immediately paid and was released from the Nassau Detention Facility.

The council approved an exemption for Rivers Edge Church to use the Town Hall Park at no cost for a Community Wide Event on Sunday, September 29 from 7 a.m. – 1 p.m.

Hilliard Parks & Recreation Director Gabe Whittenburg advised the council that West Nassau has a State Champion swimmer, Brodie Singley, that uses our pool. That's pretty impressive!

The council approved the Bus

Rental Agreement between the Nassau County School District and the Town of Hilliard for bus rental for the After School Program.

The council approved the new fulltime position of Program Manager, David Pender, for the Parks & Recreation Department.

The final agenda item concerned the phone system at Hilliard Town Hall. "I have had several calls about people not being able to get through on the phone lines at town hall," said Hilliard Mayor John Beasley. "I, myself, have had problems getting through myself. Can't we just have three options instead of numerous?"

"We are still working through some issues but learning more each day about the system," added Town Clerk Lisa Purvis.

The next meeting of the council will be Thursday, September 19 at 7 p.m.

JUST MY OPINION

Roger R. West

As I have said before, Democrats do not like the truth, for the truth exposes their agenda for America and their ineptness. On the ineptness side of the story, the Democrats elected and many Republicans elected to represent us have done a disgusting disservice to us all. If any of us ran our households or businesses in the manner in which they run our country, we would all be broke, out of business and facing legal woes. Case in point, the White House reports they are unable to track \$6.2 billion sent to Ukraine. California reports they are unable to track \$24 billion spent to combat homelessness. The Pentagon reports they are unable to track \$2.3 trillion of military spending. The U.S. Treasury states they are unable to track \$5 trillion of pandemic spending. However, the IRS states, we know you sent \$601.56 to your friend, you better report it or you're going to jail!

According to Charlie Kirk, what the Democrats are doing to our country is a deliberate plan of destruction against the United States of America. They hate the country; they have bitterness for our Republic and they are making intentional steps to ruin it. In 1966, there were two Marxist-Communist political philosophers, Cloward and Piven. They wrote a document saying we are going to turn America into a communist country by doing three things. Destroy the U.S. dollar by printing trillions of dollars we do not

have. Mission accomplished! We will build a deep state of government agents that will go after everyday citizens. Mission accomplished! Thirdly we will open up the southern border of the United States to allow tens of millions of third worlders to come into our country. Mission accomplished! This is called the Cloward-Piven strategy. I encourage you all to research this document and validate what the Democrats and Republicans of the deep-state are actually doing to our Republic. They are traitors of the United States of America.

Let's look at some facts concerning the cackling pantsuit Kamala. As the Deputy DA in Alameda County, Kamala Harris wouldn't work on weekends, she took an average of 5 weeks of vacation, plus 34 days per year of sick/personal time off. As the San Francisco DA, Kamala wouldn't work on weekends, took an average of 7 weeks of vacation/year, plus 37 days/year of sick/personal time off. As Vice President, Kamala Harris has had 162 "weekend vacations" in 3.5 years, plus 128 days of "non-working" vacations and a work schedule averaging 19.5 hours per week. Kamala Harris is and always has been, a lazy, manipulative leech on the American taxpayer. She doesn't have any work ethics. She's sly as a fox and dumb as a box of rocks.

As always...that's just my opinion! Vote wisely, Trump 2024!

You Owe No Man Anything...But

Pastor Adam Pierce, Liberty Baptist Church, Callahan

It seems that we have come to a point in society today where the focus is on what we may, or may not, be owed. We also assume that using the word “owe” must be defined as a financial term, but it is not only about money. So, what did God mean when He said in Romans 13:8, “Owe no man anything...?” Defining things has become a subjective task today based on how people feel. Simply redefining a truth does not change it. For example, feeling like you are a cat does not change the truth that you are a human being that God created after His likeness and His image. Telling a lie loud enough and long enough (like those today in Washington and the media) will never change the truth, but it will cause many to begin to believe the lie is true.

God was very clear in the Book of Romans that we owe nothing to each other. However, in that same verse, God continues the thought to include a “but.” This conjunction gives a caveat to the truth. God states, “...but to love one another...” So, although I do not owe any of you money, respect, my time, an explanation, my support, or as God put it- anything...I do owe you my love.

You see, everything in my list is something that must be earned. The Bible has a lot to say about earning the things you get in life. But the one thing God said you shouldn't have to earn is my love for mankind. We used to call that decency. Love is one of those truths that many seem to try and define and is certainly subjective. However, what we can agree on is that if you love anything you care about it.

We need to get back to caring about those around us. That truth does not suggest that we must agree with each other completely or be best of friends. What loving one another does require of us is to give more than we take. So maybe today you could give a kind word, a hello, a thank you, a wave or a simple act to those you come in contact with so that we can get back to what we truly owe each other... kindness.

Suspects Arrested in Heron Isles Vehicle Burglary Spree

Harris **Collins** **Martin** **Watson** **Johnson**
 Alicia Tarancon, NCSO PIO

On September 7, 2024, the Nassau County Sheriff's Office responded to multiple reports of vehicle break-ins at the Heron Isles subdivision along Albatross Drive in Yulee. One victim observed several suspects entering his truck, but they fled when approached. Multiple vehicles were burglarized in the subdivision, with one victim reporting the theft of a firearm and chef's knife.

The investigation led to the apprehension of five suspects: Jakwan Harris, 18, was captured and found to be in possession of a gun; Jalaal Collins, 23, was located nearby in a burglarized vehicle; and Harambee Martin, 19, was arrested after a foot pursuit, during which a missing firearm was found near where he tried to jump a fence. Our NCSO K9 Rex was deployed and used to take down Martin. Darius Watson, 17, was stopped while walking down Heron Isles Parkway, wearing a stolen backpack containing two firearms and magazines. All of which were taken from a victim's vehicle.

All the suspects were charged with Armed Burglary. Martin and Watson were both additionally charged with Grand Theft of a Firearm. All the suspects were dressed in black, wearing masks and gloves. Surveillance footage showed them checking door handles of various vehicles. The suspects reportedly traveled from Jacksonville to commit these burglaries using a stolen vehicle, and the fifth, Christiyah Johnson, 23, allegedly came to the area to pick them up after the crimes were committed.

Nassau County Sheriff Bill Leeper emphasized the importance of locking vehicles, stating, "These thug criminals from Jacksonville are targeting unlocked vehicles, which are easy targets. Making sure you don't leave valuable items inside your vehicle and your car doors are locked can go a long way in preventing these types of crimes."

The Nassau County Sheriff's Office would also like to remind residents not to leave guns in vehicles.

New Beginnings and Milestones

Mr. and Mrs. Jim Stearn Celebrate 73rd Anniversary

Jim and Julia Stearn, of Kingsland, Georgia, celebrated their 73rd wedding anniversary September 8. They were married September 8, 1951 in Arkadelphia, Arkansas, while Jim was on leave from duty in the US Air Force. From then, the couple traveled all around the United States with their five children being born along the way in Massachusetts, Florida (Jacksonville), Arkansas and two in Georgia. Following his military time, Jim continued his education achieving his Masters Degree in Education. From then, it was many years coaching and teaching with many of those years in Callahan.

The two are now enjoying their beautiful home in Kingsland and spending time with their family. They also have a wonderful church family at the First Baptist Church of Kingsland. They are both still 'hard core' Arkansas Razorback fans, with Jim keeping up with any sports activities the Razorbacks do all year! They celebrated their special milestone with a wonderful weekend with their children and spouses!

They have five children Dub (deceased) and Carol of Ft. Walton Beach, Marci and David Scott of Amelia Island, Mark (deceased) and Stephanie, Gus and Christie of Fernandina Beach and Dawn and Roger West of Hilliard. They also have 12 grandchildren; 20 great-grandchildren with one on the way; and a great-great grandchild on the way!

Mr. and Mrs. Lovett Raulerson Celebrate 73rd Anniversary

Lovett and Narine Raulerson of Callahan celebrated their 73rd wedding anniversary September 6. The Raulersons were married September 6, 1951 in Folkston, Georgia, by a Justice of the Peace in his home.

They enjoy spending time at home and visiting with family and friends. Their love and devotion to each other is so precious even today. They are truly matriarchs of Callahan, as they have raised their children and many others in the love of God. Lovett is a member of the Callahan Citywide Male Chorus and loves making music with his saxophone. They are members of Greater Mt. Pleasant Baptist Church in Callahan. What a blessing they continue to be in our community!

The couple has five children: Kay (deceased) and Jay Edwards and Melinda (Willis) Aderhold, all of Callahan, Vincent Raulerson and Margie Raulerson, all of Daytona and Minister Carlton (Vanessa) Raulerson of Jacksonville. They also have several grandchildren and great-grandchildren.

Remembering September 11, 2001

Thirteen West Nassau AFJROTC cadets placed 2,977 flags in the ROTC field, in remembrance of the victims of September 11, 2001. The credit and idea all go to Mrs. Briana Bishop, the AP History teacher at West Nassau High School. Mrs. Bishop thought of it last year and ordered all the flags. She asked if the AFJROTC would like to help place them and they jumped at the opportunity.

Warriors Tame Hurricanes

Maegyn LaCross

Coach Waylon Cox

The West Nassau High School Warriors traveled last Friday night to Ocala to take on the undefeated Lake Weir Hurricanes, who had outscored their previous opponents 118-8. The Hurricanes started with the ball and had the Warriors on their heels as they drove inside the 10 yard line. But the Warriors defense held and came up with a 4th down stop. It didn't take long for the Warriors to strike behind an 80-yard touchdown rush from Avery Griffin to take a 6-0 lead. The Warriors started their next drive with great field possession after Nash Batrous blocked the Hurricanes punt. On the first play of the drive, Pryce Arnold found Grady Stevens for a 20-yard touchdown pass. This brought the score to 12-0 at the end of the first quarter.

Skyler Freeman found the endzone in the second quarter after a 50-yard touchdown run that was capped off by an Andi Ataiza two-point conversion to make the score 20-0. After more stifling defense from the Warriors, Skyler Freeman found the endzone again to bring the score to 26-0 and halftime.

The Warriors started the second half with a bang as Pryce Arnold connected with Avery Griffin for a 61-yard touchdown pass. The Warriors got the ball back in good field position after

a Stetson Brown sack on 4th down. Skyler Freeman once again found the endzone from 6 yards out to make the score 39-0. Garrett Rica recovered a fumble on the next drive and Mo Green tacked on another touchdown to make the final score 45-0.

The Warriors were led on the ground by Avery Griffin who had 1 carry for 80 yards and a touchdown; Skyler Freeman had 7 carries for 68 yards and 3 touchdowns; and Mo Green had 4 carries for 38 yards and a touchdown. Pryce Arnold was 4 of 7 passing for 119 yards and 2 touchdowns; Grady Stevens had 2 receptions for 40 yards and a touchdown; and Avery Griffin, Skyler Freeman and Brennan Forshee added 1 reception.

The Warriors' defense was stifling again pitching another shutout led by Garrett Rica who had 12 tackles with 5 for a loss and a fumble recovery; Nash Batrous with 10 tackles and a punt block; Fisher Johnson had 8 tackles; Levi Bowler and Nick Braddock each had 7 tackles; and Stetson Brown had 2 sacks.

The Warriors travel again this Friday night to Hamilton County High School with a 7:30 p.m. kickoff!

Go Warriors!

Eagles Stun Flashes

Coach Matthew Yancey

In what has been characterized as a challenging season for the young Hilliard Flashes, they faced a tough opponent in Jacksonville Friday night against the Paxon Eagles. Dressing a roster of only 24 which included 7 freshmen and 10 sophomores, Hilliard was unable to get anything going offensively. Paxon was able to capitalize on several Hilliard mistakes enroute to a 41-0 win.

The game was much closer than the final score indicated. With four minutes left in the first half, Hilliard threatened to move to a one-score game. Down 14-0, Ethan Garland recovered an Eagles' fumble and returned it 57 yards inside the Paxon 5. Hilliard was unable to capitalize and went into halftime down 21-0 after a late Eagles' score.

The Flashes' defense was led by sophomore Hunter Brockett who tallied 12 tackles for the game. Blake Ray, Parks Yake and Collin Cassidy all had multiple tackles for loss on the game. Freshmen Shane Harvey, Brock

McPherson, Tucker Williams and Kolt King, all saw extended action and flashed signs of potential. The ending of the game was marred by an injury to senior leader Parks Yake taking a shot from a Paxon player. Yake was taken to the hospital with a back injury, but is expected to make a quick and full recovery.

The loss drops Hilliard to 0-3 on the season. Despite the struggles, Hilliard has shown improvement in every game. A familiar foe is up next as the Branford Buccaneers visit Paul Whittenburg Field on Friday night with a 7 p.m. kickoff. Branford won a thriller last year 21-18, but Hilliard has won four out of the last five in the series.

Castaways Set Sail in St. Marys

Imagine sitting in your home watching a rerun of Gilligan's Island when suddenly, the characters come through the screen, stand in your living room, and sing about their adventures while engaging in amusing antics you've come to expect. If that idea appeals to you, then find yourself at Theater by the Trax in St. Marys during the weekends of October 11 and 18 when St. Marys Little Theatre (SMLT) presents "Gilligan's Island: The Musical."

According to SMLT Founder and co-director of the production, Barbara Ryan-Harris, the show which is SMLT's season opener, includes classic moves from the popular 1960s television series, including Gilligan's lovable goofiness and the Skipper's attempt to bring his "Little Buddy" to attention. "If you grew up with 'Gilligan's Island' like I did, you're going to love this show not just for its unleashed entertainment but also the nostalgia of a simpler time," Ryan-Harris said. "All the characters are there including Gilligan, the Skipper, the Millionaire and his wife, the movie

star, the professor and Mary Ann, plus a bonus 'alien' who is truly out of this world with his outrageous one-liners." A live spaceship makes an appearance as well according to Ryan-Harris.

Co-director and SMLT Chair Gloria Hurley said the iconic story will keep audiences engaged from the moment the metaphorical curtain rises until the very end when the question of the castaways' rescue is still a bit up in the air. "The bumbling Gilligan delivers a laugh a minute while the seductive movie star keeps you wondering if and when the men of the island will succumb to her flirtations," Hurley said. "The songs are catchy and the entire performance captures the spirit of the classic show offering audiences a much-needed escape from reality."

Tickets for "Gilligan's Island: The Musical" are now on sale at Once Upon a Bookseller in Downtown St. Marys or online at StMarysLittleTheatre.com. Adult tickets are \$20, and children 12 and under only \$10. Groups of 10 or more can get a discount at the bookstore (Cash or check at bookstore please).

NCS D Seeks to Return Offensive Books to Libraries

Jack Knocke, NCSDF

The Nassau County School District has proposed to settle the lawsuit about obscene and offensive books in our school libraries – by potentially returning all of them to the shelves! No, this is not a story from New York City. It is right here in Nassau County, Florida. The Nassau County School Board approved proceeding with settlement negotiations at the August 8, 2024, School Board meeting. Read on and TAKE ACTION. The school board needs to know that citizens will not accept this.

Some of the books (rated by Booklooks.org as inappropriate for minors under age 18 or having explicit sexual content) could be returned to the shelves for your child's viewing without any age restrictions! Other books rated as having aberrant content/adults only could also be returned to the shelves. One book which promotes racial division and critical race theory would be

available with no age restrictions.

The Nassau Citizens Defending Freedom inquiry to the School Board has been ignored from a letter sent August 13, 2024 concerning the action the NCS D took concerning returning books to the schools.

To give you an idea what type of books are being promoted as having educational value, the book TRICKS according to Booklooks.org is rated Adult and has the following concerns: contains "sexually explicit excerpts involving minors." There are also excerpts containing explicit child rape and abuse; illegal drug abuse; graphic violence; underage alcohol consumption; and adult and child prostitution." You can go to Booklooks.org using the above links and check it out for yourself. This settlement was proposed by the plaintiffs in the case and endorsed by OUR SCHOOL DISTRICT without a single NO Vote!

On June 24, 2024, Nassau Citizens

Defending Freedom made an additional request to remove 22 more library books that have no business in a school library. We had asked the Superintendent and the School Board to proactively curate books. To date, these books are STILL on the shelves and Superintendent Burns has not responded, not removed the books and does not appear to be interested in taking any action.

WHAT CAN BE DONE? If you care about your child being shielded from obscene books in the public school; If you don't want your taxpayer money paying for pornographic materials; and if you don't want your children to be indoctrinated in "woke ideology"... speak up and reach out!

If you want our school district to stand up and do what is right for children, please come to the next School Board meeting, scheduled for Thursday, September 12 (held the second and fourth Thursday of each

month) at 6:30 p.m. to express your outrage to the Superintendent and the School Board members. All comments should be delivered factually and with respect. If they do not hear from you (vocally or email), they will think that silence is approval. We have been silent too long.

Hagan Ace Donates to Marine Corp League For Toys for Tots

Each year, the Marine Corp League of Nassau County collects, buys and furnishes toys to children of Nassau County. Last Christmas, they gave to over 900 children in western Nassau County and 300 children in Yulee and Fernandina.

This could not happen without individuals, families, businesses. With that being said, Hagan Ace Hardware has been a faithful sponsor for years. This year shows Jacob Hagan with three of his cashiers, one from each of the Hagan Ace Nassau County stores in Callahan, Hilliard and Yulee making their donation.

Shown are: Jacob Hagan, Belia Garcia, Aubryn Hetz and Reagan McCormick presenting the donation checks to Bobby Franklin, Doug Gordy and Billy Chaires on behalf of the Marine Corp League and Toys for Tots.
