

# NMG Supplier Terms and Conditions

## Quality:

NMG has built their quality management system based upon AS9120B. We evaluate our suppliers to the requirements stated within this standard.

## Notification:

NMG expects that their suppliers notify them of any non-conforming product provided and to notify them if a process or organization change occurs related to product and services provided. Any shortage or discrepancy must be reported in writing within five (5) working days from receipt of goods.

## Access to Customers and interested parties:

As applicable, the supplier will allow "Right of Access" by NMG, our customers, regulatory authorities or interested parties to the applicable areas of all facilities, at any level of the supply chain involved in the order and to all applicable records. The supplier will comply with all other NMG requirements as noted in the terms & Conditions and/or noted on the NMG purchase order.

## Delivery of Goods and Services:

Unless otherwise agreed in written form, the supplier shall deliver the goods to the place of delivery and/or shall perform the services at the place for performance of the services in working time. Unless otherwise agreed in written form, the supplier shall deliver the goods and shall perform the services on the delivery date. The supplier shall pack, mark and secure the goods at his expense for the time period of their transportation to the place of delivery of the goods until unloading and for the storage from liability for hidden faults or for defects or flaws which are established in the process of use of the goods. NMG is entitled to reject acceptance of goods which do not comply with the contract. The supplier shall include in their process for supply and delivery of goods the provision for the prevention, detection, and removal of Foreign Objects. In addition it is expected the controls are implemented for prevention, detection and removal of counterfeit, unapproved or suspect counterfeit parts. Reference specification NAS 412 Foreign Object Damage/Foreign Object Debris Prevention.

## Corrective Action/Non-conforming Product/AS9120B Requirements:

When applicable, corrective actions will be submitted within thirty (30) days. The supplier is required to notify NMG of non-conforming product at the earliest possible opportunity.

## Awareness:

Suppliers to NMG by receipt of these Terms & Conditions, acknowledges awareness of Law 231/2001 for ethical conduct and anti-bribery compliance, and also your awareness to your contribution of product importance of ethical behavior.

## Record Retention:

Verify records are retained for greater than ten (10) years.
