

# *Playing with Black and Colored Porcelain*

Join me during our February break as we explore the intricacies of creating agateware with black porcelain and making our own colored porcelain. If we have the time, we will work with different techniques to alter the look of your pots.

This is a limited class open to 10 adult students from Northampton Pottery. Black porcelain and colored porcelain will not be allowed in the studio after this class, so now is your chance to work with it to create new and exciting pieces!

Class runs Sunday, February 15th 11 am to 3 pm

Monday February 16th 6 pm to 9 pm

The fee for the class is \$270, which includes white porcelain, colorants for white porcelain, and 11 pounds of black porcelain (1 bag) for use in this class. Students may have the opportunity to buy more black porcelain from Helen for use during class if time permits.

Venmo \$100 deposit or pay in full to @HelenM-Thelen (a black cat is my avatar on Venmo). Email [blackcatspottery@gmail.com](mailto:blackcatspottery@gmail.com)

Final payments due by Friday, February 6th, 2026
