Reliability - Think Ahead

A very Patient-friendly chair offering the most pleasant consultation position possible within a very compact footprint. The unique, folding and extending leg rest provides the easiest Patient entry/exit via the front or either side of the Clair chair, assisted by foldaway, detachable armrests. Wheelchair access from either side of the chair is also made possible by Clair chair's unique combination of an inclined chair and opened armrest. Synchronised chair movements without vibration offer supreme comfort by not over-extending or compressing the patient's spine.

- Stand-alone chair: provides unrivaled comfort and maximum Patient and Doctor access within a very compact footprint. Perfect for surgeries with limited space.
- Pedestal type cuspidor unit: has no umbilical and no utility box
- Programmable chair positioning
- 10 LED Dental Light with touchless on/off sensor
- Folding leg rest chair: Slim, yet comfortable backrest and vending
- Armrest: Foldaway detachable armrests for easy patient access.
