Belmont

Reliability - Think Ahead

Belmont Clesta II treatment centres represent outstanding flexibility and the very best of Belmont's hygiene-conscious design. The Clesta II combines cutting edge technology that offers sophistication, performance, flexibility and above all reliability. The hydraulic devices in all Belmont chairs offer the advantages of quiet and smooth operation and the delivery system provides a versatile, balanced and comfortable working position.

- Clean station, built in service box eliminates the use of external umbilical hoses
- Adjustable chair positioning offers a wide range of practical working environments
- Assistant console includes 3-way syringe, vacuum and saliva ejector
- Touchless sensor on/off LED dental light
- Seamless or Plush Upholstery option
- Integrated cuspidor creates an attractive, aseptic environment for the patient and the smooth surface makes it easy to clean.

Delivery System Includes:

- High End LED Sensor Light
- Electric Control Panel
- 2 x Arm Rests
- Doctors & Assistants Deliveries
- High & Low Speed Suction
- 2 x Optical Handpiece Lines
- 1 x Non Optic Handpiece Line
- Associated Components
