Residents of Eaton Township:

Eaton Township has requested that our Emergency Medical Service units be changed. Basic Life Support and Advanced Life Support will now be provided by Kunkle Ambulance. These changes are effective immediately.

This will be a great benefit to the safety of our community; as Kunkle has shown that they are ready and able to serve Eaton Township. If you have any questions or concerns- please reach out to us at [eatontwp@ptd.net](mailto:eatontwp@ptd.net).

Thank you,

The Supervisors of Eaton Township
