System Preference – Quality and Performance

- Shure ULXD – High Quality Digital Audio Over UHF – approximately 80 simultaneous channels
- Shure QLXD – Excellent Quality Digital Audio over UHF – about 60 simultaneous channels
- Shure SLXD – Good Quality Digital Audio over UHF – around 40 simultaneous channels
- Creative Audio – Analog Audio over UHF – recommended max 16 simultaneous channels?

Antennas

How many feet will the receivers be from the stage? ft

If greater than 75ft we strongly recommend using Directional Paddle Antennas.

Add the paddle kit? Yes Please !

Transmitter Belts

These belts help protect the transmitter from damage due to drops, and they greatly simplify costume changes.

How Many TB30 Small 10-32" waist

How many TB40 Large 30-44" waist

Rechargeable Batteries

We like to be ecologically sound, so we are trying to keep dead Alkaline batteries out of landfills.

We use high quality German NiMH batteries from Ansmann. Our kits include 2 complete sets of batteries so you have a spare set and chargers.

Add a battery kit? Yes Please !
