

# myth busters

Coronavirus is a deadly disease and everybody who gets it becomes really poorly.

# myth busters

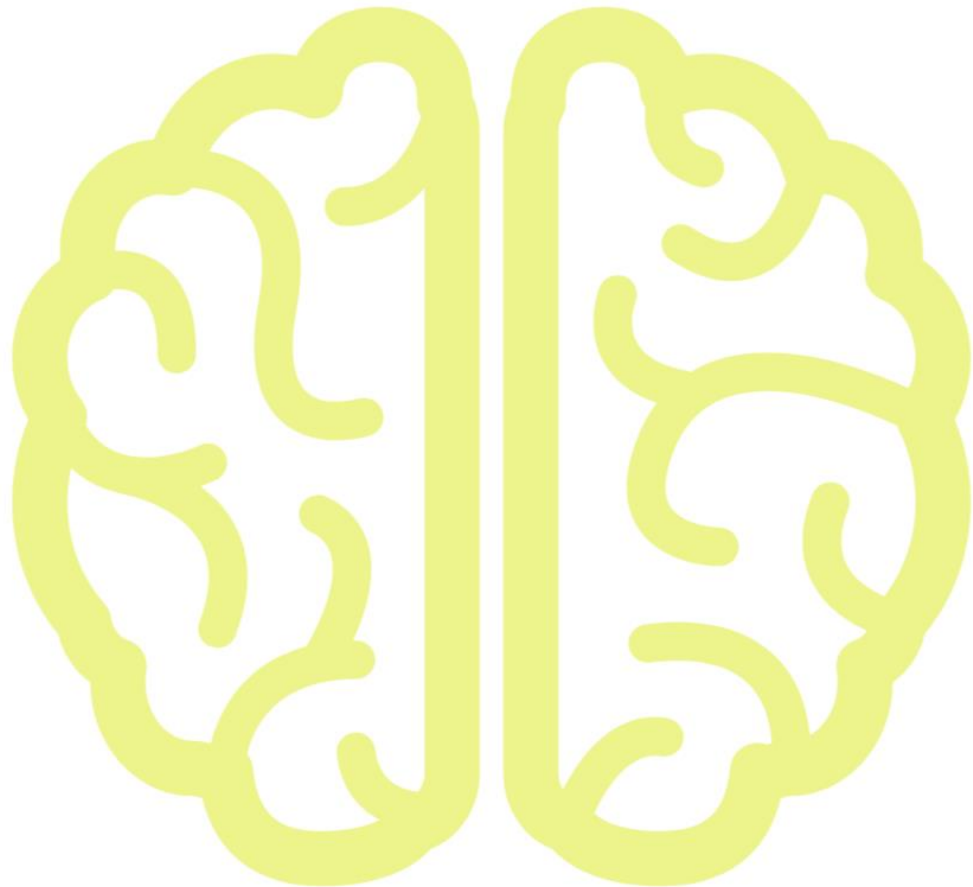

If I come into  
school I will  
get the virus.

# myth busters

Going outside  
is very scary  
as I could get  
the virus.

# myth busters

I will never see my  
grandparents or  
elderly relatives  
again.

# myth busters

It's not okay  
to be worried  
about the  
virus.

# myth busters

The news is scary  
and I shouldn't  
watch it at all.

# myth busters

I'll never play  
with my  
friends again.

# myth busters

If I wear a mask I  
am completely  
protected from the  
virus.

# myth busters

It's not safe for  
my  
parents/guardians  
to go to the  
shops.

# myth busters

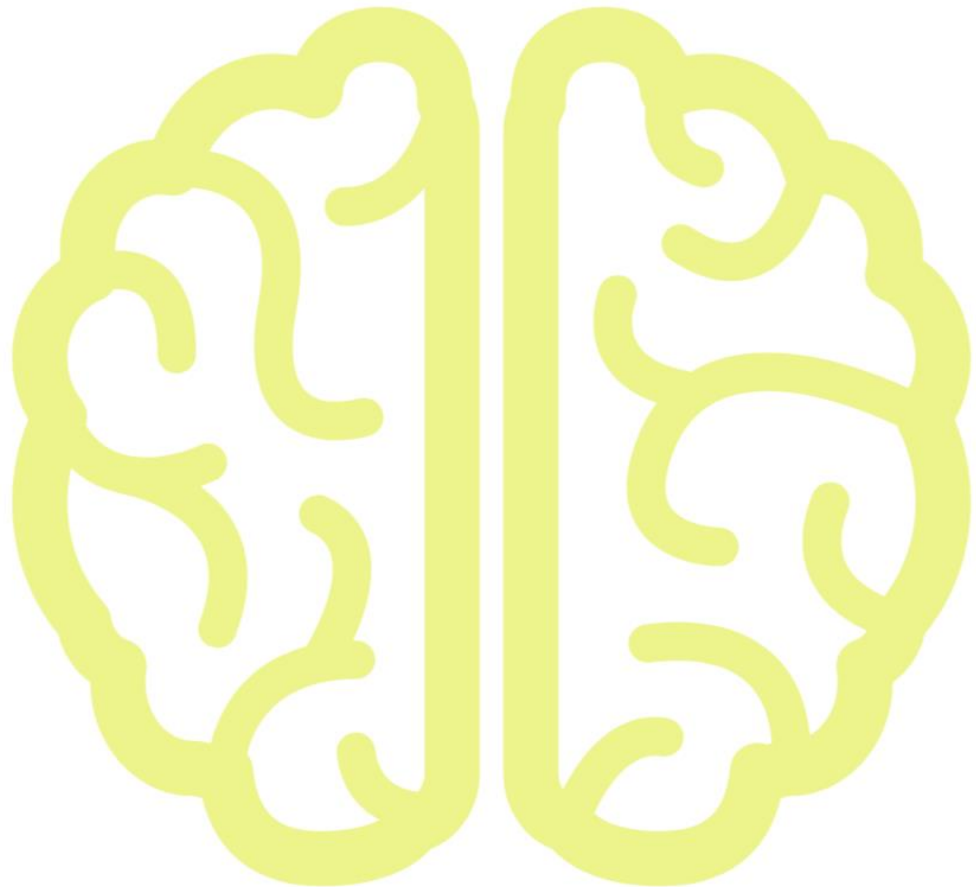

Social distancing  
means that I  
cannot talk to my  
friends at all. It's  
very lonely.

# myth busters

I only need to wash  
my hands after using  
the toilet and before  
eating.

# myth busters

If I go to the park  
and someone else is  
there I should go  
home, as it's very  
unsafe.
