EQUINE DONOR FORM & AGREEMENT

Enchanted Thoroughbreds

Thank you for considering Enchanted Thoroughbreds for your horse. This packet is designed to give our team the ownership, medical, behavioral, and care information needed to evaluate and safely transition an equine into our program. Acceptance is subject to Enchanted Thoroughbreds approval, available space, funding, and the horse's individual needs.

Registration Papers & Thoroughbred Race Status

Please provide all original registration papers, foal certificate, current Coggins, veterinary records, and other records in your possession. For registered Thoroughbreds, donors who want the horse permanently designated as not for racing should complete the applicable process directly with The Jockey Club. Enchanted Thoroughbreds can assist with information and photographs when appropriate, but the donor remains responsible for any owner-required signatures, notarization, fees, or deadlines.

A "not for racing" designation does not necessarily prevent breeding. Registration and racing-status questions should be confirmed directly with the applicable breed registry.

Breeding & Reproductive Policy

Enchanted Thoroughbreds does not operate a breeding program. Our primary focus is rescue, rehabilitation, appropriate training, rehoming when suitable, and permanent retirement or sanctuary when needed. Horses are evaluated individually, and training or rehabilitation plans are based on health, soundness, temperament, age, and welfare.

Colts & Stallions

As a general program policy, intact males accepted into the rescue are expected to be castrated when a veterinarian determines the procedure is medically appropriate. Costs and risks vary substantially with age, health, anatomy, and whether hospitalization is required. Any requested aftercare contribution will be discussed during intake.

Mares

Enchanted Thoroughbreds does not guarantee that a mare will never be bred after a future lawful adoption or transfer unless a separate written restriction or medical procedure makes that outcome enforceable. Donors with specific reproductive concerns should discuss them with Enchanted Thoroughbreds before transfer and consult their veterinarian regarding available options.

Intake & Aftercare

Enchanted Thoroughbreds may require an intake/aftercare contribution based on the horse's condition and anticipated needs. Unless otherwise agreed in writing, expenses incurred by the donor before transfer remain the donor's responsibility. Acceptance is not final until Enchanted Thoroughbreds approves the intake and the ownership-transfer portion of this agreement is signed.
