

## CROSS-CONTAMINATION DISCLAIMER

At OAKBERRY, we take the safety and dietary needs of our customers very seriously. While we strive to ensure that our products are free from allergens not listed in the ingredients, please be aware that cross-contamination may occur, as our facilities handle a variety of allergens, including but not limited to peanuts, tree nuts, dairy, gluten, and seeds.

### Important Notice:

- **Peanuts:** Many of our products contain peanuts, and although we implement stringent cleaning protocols, there is a risk of cross-contamination with other products.
- **Tree Nuts:** Products containing almonds, cashews, and other tree nuts are processed in the same facilities, increasing the risk of cross-contamination.
- **Dairy and Gluten:** Dairy and gluten-containing products are also handled in our facilities.

If you have a severe allergy, we recommend that you exercise caution and consult with our staff before consuming our products.

We appreciate your understanding and are committed to providing a safe and enjoyable experience for all our customers.
