

German Canadian Club London ON

Authentic German Biergarten Entertainment Schedule 2024 July

Friday July 5 - Brother Leeds - Brothers, indeed. These fine lads have been rocking and often rolling for a good while now. Their sound draws influences from The Hip, The Stones, The Black Crowes and Sloan, maybe a little Slade, blurring the line between Abbey Road and abattoir. Pulse pounding, catchy-as-all-hell riffs with compelling lyrics. They sound like 1972

Friday July 12 - HiLife - That's right they are back! Big band feel, dance party favourites. These guys will have you dancing all night. Ray Charles to ACDC, rock to funk, blues to country they do it all.

Friday July 19 - Sonic Sinners - Come on down and get your rock on. Last year these guys bought the party to the Coves at our Rockfest and we can't wait to party with them again. This amazing London group really knows how to get you out of your seat and out on the dance floor.

Friday July 26 - Gemini Country - It's country night in the Biergarten! This fantastic local group will have you singing and dancing along to your favourite country hits all night long. Head on down to the coves for the perfect evening of music, food and fun!

See you in the Coves!!
