ENGLISH-7: Q3 - WEEK 1
LEARNING ACTIVITY SHEETS

I. Topic:

Using Appropriate Multi – media Resources

II. Objectives:

1. Identify the various types of multi-media resources.
2. Distinguish the correct and appropriate multi-media resource to use when orally giving information, instructions, making explanations and narrating events in factual and personal recounts.
3. Explain the components of multi-media resources used in the current situation.

III. Brief Description of the Lesson

Multi-media resources have various kinds that can really bring a presentation to life. Text is the most traditional and most powerful way to share information. Powerpoint presentations are comprised of slides, which may contain text and images. Infographics combines imagery, charts, graphs, and a small amount of text for an overview of a topic. Audio is a multi-media that can be added as a background sound. Podcast is one of the most famous multi-media platforms that has an episodic series of spoken word digital audio files that a user can download. Video is a collection of moving pictures combined with audio files that provides one of the most intensive multimedia experience. Graphic objects used to define 2D & 3D shapes through which we can define multimedia objects.

Answer Sheet:

Activity 1:

1. A. video
2. B. infographics
3. I. gifs
4. C. audio
5. J. art
6. D. text
7. E. animation
8. F. graphic objects
9. G. podcast
10. H. powerpoint presentation

Activity 2:

1. Text
2. Audio
3. Video
4. Images
5. Animation

Activity 3:

All of these kinds of multi-media resources can be used in giving information, making explanation and narrating events.

Podcast – horizontal

Animation –reverse horizontal

Art – vertical

Infographics – vertical

Graphics – vertical

Video – vertical

Gifs – horizontal

Audio – reverse diagonal

Text – diagonal

Powerpoint – diagonal

Formative assessment

1. A. videos
2. C. gif
3. B. powerpoint presentations
4. B. audio
5. D. text
