

The team of eight (8) deaf professional assembled to create *Signs for the Times* have experience with linguistics and working with medical language to create American Sign Language (ASL). We are excited to host them for a four-day education event October 17<sup>th</sup> – 20<sup>th</sup>, 2018 in Denver so they can become familiar with cannabis and hemp language/communication/experiences. The entire team is volunteering their time and skills for Signs of the Times. The eCS Therapy Center has committed to raising the funds necessary to cover costs for their travel, accommodation, and expenses for the educational event (phase 1)—and later for the costs associated with video glossary production (phase 2). Please help us reach our goal of \$20,000 by October 15<sup>th</sup> by offering goods, services, or donating today at [www.signsforthetimes.org](http://www.signsforthetimes.org).
