SUE'S CORNER...FATHER PLEASE

I can't believe it has been a year since all the Covid-19 mess hit....and what a mess it is! Our hearts and prayers go out to those who have lost family members and friends to this virus and to those who are still struggling. So very tragic and sad. Father Please....

Following CDC guidelines, HHAC chose to close from the middle of March to mid May. But bills still needed to be paid. Rentals, classes, and events, such as fund raisers were cancelled or rescheduled for the remainder of the year and into 2021. Our loss of income from the rentals alone total over \$38,000!

If Bingo continued as it did the first quarter of 2020, we would be in great shape. Who knew Covid-19 would hit? Understandably our attendance drop drastically.

And then came the freeze!!! We have temporarily lost use of our pool, which is a consistent income for The Center. Our motor, pump, and most likely, heater froze during the power outages. We are waiting to see if any damage was done to our solar panel system. Also the motor to the exhaust fan went out. Being there was no air circulation, condensation built up throughout the pool area and throughout the building. Many of the ceiling tiles had to be removed. We are waiting for our exhaust fan to be fixed and warm days before we replace the tiles allowing the area to dry.

Due to the power surges, our commercial refrigerator went out, thus losing much of our Bingo concession supplies. A new fridge is to be delivered next week.

A claim has been filed with our insurance company but it may take months to resolve and we do not know what will be covered. I am waiting or an adjustor to visit.

I honestly don't know what I would have done without my husband, Jimmy. He has saved us thousands of dollars by volunteering his time in cleaning the pool, mowing, trimming trees, cleaning parts of the center, helping with bingo concession and now helping repair damage done by the freeze. Numerous volunteers helped build this place and many continue to help. Thank You! But we need more people, new people to step up and give a hand.

HHAC was a dream of, not only Herby Ham, but many more. The Center has and continues to help people in and out of Uvalde by our offerings, including hundreds of quilts and toy cars given to children through Project Grace.

Over the past few years many of our donors have passed away and very few have taken up their cause.

THANK YOU so much to those who have helped financially. With our donations being down and recent loss of income the Center has been hit hard. I am being bold and asking you for help. If you can't help financially could you volunteer? And always we covet your prayers.

We have been blessed and I thank God for the impact we have and will continue to make in this community. Please prayerfully consider a donation to help us continue the dream.
