Subject: In solidarity with Patricia Okoumou

Dear Attorney Berman,

I write to express my strongest support for Therese Patricia Okoumou, our Lady Liberty.

As you might have already heard, on December 17, 2018, Judge Gabriel Gorenstein found Patricia guilty of trespassing, disorderly conduct and interference with government functions for climbing to the base of the Statue of Liberty on the Fourth of July.

Patricia's action was an effort to highlight the federal government's immoral and inhuman child detention policies, otherwise known as Trump Zero-tolerance policy on immigration.

As my [official's title], I believe your vocal support of Patricia Okoumou is critical and necessary in order to raise public awareness of the real danger of incarceration Patricia faces for bravely putting her body on the line against dehumanizing treatment of migrant children. The migrant children are being locked in cages as wild animals.

Attorney Berman, please commit to issuing a public statement in support of Patricia in advance of her sentencing court date, March 19th.

I'm sure you would agree that Trump Zero-tolerance policy, which the courts have struck down, implemented in any other country, would be quickly and loudly denounced here in the United States of America.

It is our job now to oppose what our government is doing at the border, and to loudly demand Zero-cooperation with this horrendous policy!

Yours sincerely,
