

Sidr Tree Planting Campaign

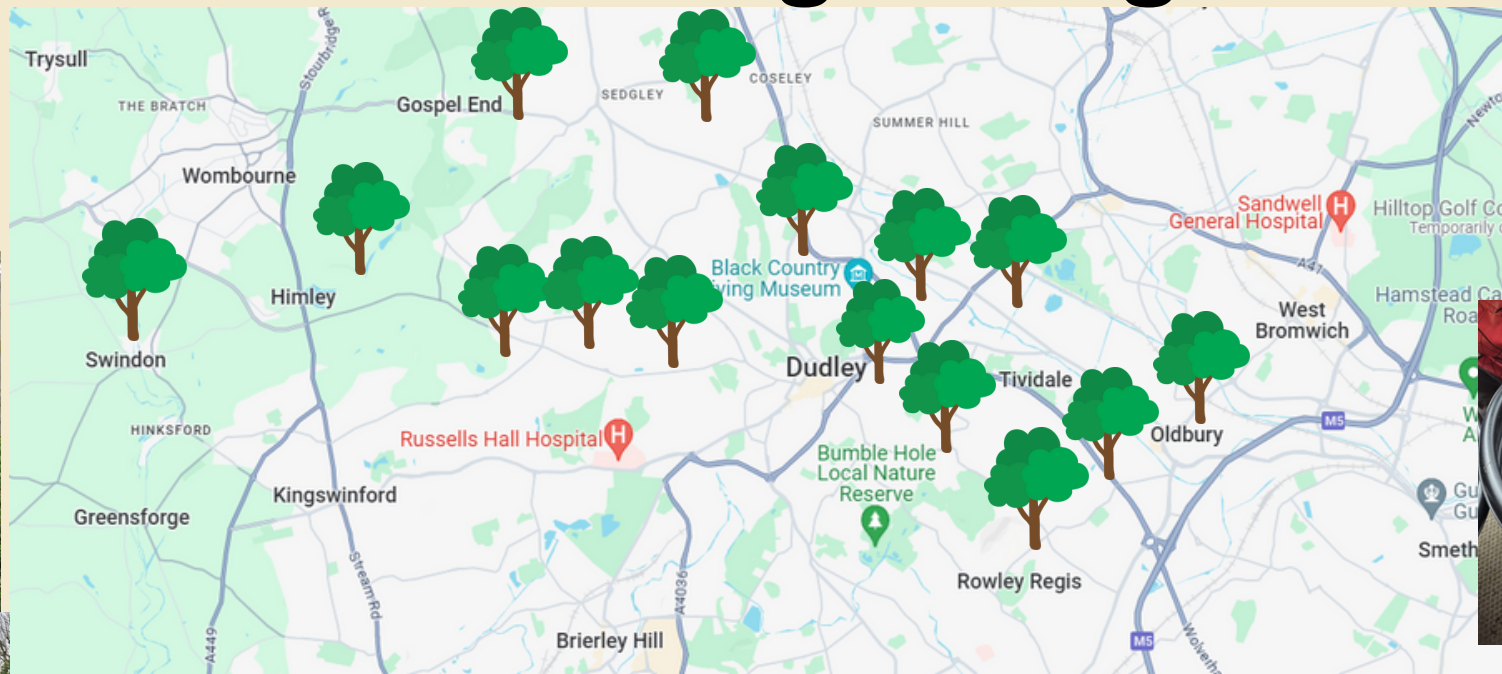

When we plant trees, we plant the seeds of peace and hope.

**We helped plant
up to 300 trees
across Dudley -
in 1 week - so far**

See where we grew together

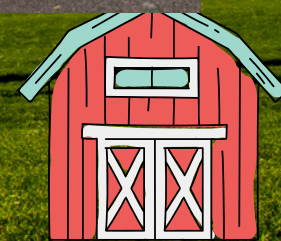

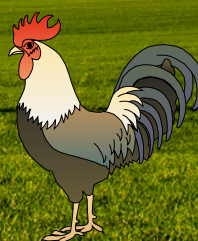

THANK YOU!

Thankyou to the community of Dudley in helping create green spaces and contributing towards conservation.

Donating our trees to Brockswood Animal Sanctuary has been one of our most impactful actions. By contributing to the sanctuary's landscape, we've provided essential habitat for wildlife and supported the sanctuary's mission of caring for animals in need. Our donation not only benefits the environment but also fosters a nurturing space where animals can thrive. It's a small gesture with significant impact, and we're proud to have made a positive difference in the lives of both animals and the natural world.

Happy Earth Day Monday 22nd April 2024! 🌿

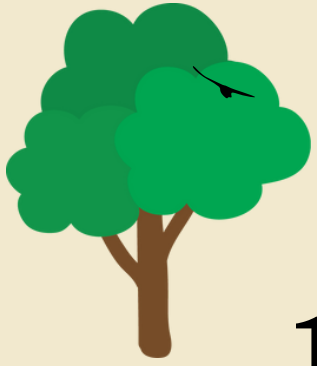

Hey Earthlings!

Guess what? It's that time of the year again - Earth Day! On **April 22nd**, we celebrate our amazing planet and all the wonderful things it gives us. From the majestic mountains to the deep blue oceans, Earth is our home sweet home, and it's time to show it some extra love!

So, what's Earth Day all about? It's a global reminder to take care of our planet, reduce our carbon footprint, and protect the environment. Whether it's planting trees, picking up litter, or simply enjoying the great outdoors, every little action counts!

Let's make Earth Day 2024 the best one yet! Get outside, breathe in that fresh air, and let's show Mother Nature some appreciation. After all, it's the only planet we've got! 🌿💚

So what to do? Here is how we can help:

1. Plant a tree - DONE YAY ✓
2. Have a plastic detox! Buy a bag for life.
3. Walk more - Stay tuned for our Bootcamp coming soon.
4. Shop at the local farmers market - Stay tuned - we will be going fruit picking soon.
5. Plant wildflowers to encourage bees to pollinate your flowers - help the ecosystem - Request free seed bombs from us.
