*I highly recommend Annie. She was reliable, organized, fast, a hard worker, and pleasant to be around. I find it difficult to let things go. She did not force decisions, but gently asked guiding questions to help me reach a release point. It was like having my own psychologist at hand. Call her!*

*Annie is the kind of person you are instantly at ease with in the glow of her cheerful demeanor and warm smile. She listens to your organization goals, asks good questions, and then tosses around ideas with you. She is also not afraid to roll up her sleeves and get things done. It's a no-brainer to have Annie come declutter and organize your home!*

*Annie is an absolute joy to work with! We downsized from 3,000 sq ft to 1,200 sf. Lots of memories and stuff!*

*She was patient and kind and kept me focused as we packed and sorted. She understood how emotional this was for me and always gave me space and time to reflect on the memories. I can't thank her enough, nor can I recommend her enough!*
