

THE PET-LEVATOR™

DEB@SHOULDERCATSRUS.COM

Thank you for your interest in this **Pet-Levator™**. I am wishing you and your shoulder pet many happy hours using it!

A picture of your shoulder pet using the new **Pet-Levator™** will be greatly appreciated!

HOW TO WEAR THE PET-LEVATOR™

U.S. Patent No. 11,707,049

U.S. Patent No. 12,317,857

U.S. Patent No. D907314

There are 2 ways to wear the cloth: 1) Around your neck and shoulders, or 2) The cloth is wrapped around the bolster.

Unbuckle the straps (one long strap and one short strap). Hold the **Pet-Levator™** in front of you with both hands @ chest level with the straps facing away from you.

If you want the cloth around your neck and shoulders, pull the cloth up and bring the bolster over your head and onto the

back of your neck near your shoulders. Adjust the cloth around your neck and keep the cloth under the straps.

Alternatively, if you want option 2, wrap the cloth around the bolster first and then bring the bolster over your head and onto the back of your neck near your shoulders.

Buckle the long strap around your mid back. Buckle the short strap across the front. Adjust the bolster so it sits at your shoulder

level and acts an extension of your shoulders.

Adjust the strap around the back, so that it is SNUG and comfortable.

Now you are ready for that special Shoulder Pet!

Use this Pet-Levator™ at your own risk.
