

## ECO R-Panel W/ PBR (also available w/out PBR)

The R-Panel w/ PBR (purlin bearing rib) metal panel is commonly used for a wide variety of architectural, agricultural, commercial, and industrial applications. The R-Panel w/ PBR is a structural, exposed fastener panel that can be used for both roof and wall applications. The minimum roof slope for PBR is  $\frac{1}{2}:12$ . (Also available without the purlin bearing rib mainly for walls.) It is available in 26 gauge steel. Our ECO #1 painted has a siliconized polyester paint finish. It has a 40 year crack, check, peel warranty, and a 30 year prorated fade and chalk warranty. It's also available in 26ga Galvalume. We produce the trims, including a formed ridge cap, and have most accessories available in matching colors.
