

Matchbook

Hosted by
Brock's Gap Training Center
4610 Camp Creek Rd
Pell City, AL 35128

Introduction

Welcome to Brock's Gap Training Center and the 2025 Alabama State IDPA Championship presented by SMP Outdoors. We are celebrating the first sanctioned match at our new range in Pell City.

The goals of the Brock's Gap Training Center competition program are to be safe, have fun and build skills, in that order. We hope you enjoy the challenging stages and come back to shoot with us again in the future.

Please remember to patronize and thank the sponsors listed in the matchbook and those who set up booths on site. Their generous support helps to make this event a memorable experience for all of us.

Also, please thank the safety officers and staff. If it were not for their commitment to our sport, special events like this would not happen.

This is an IDPA sanctioned Tier 3 match. All the rules in the most current IDPA rulebook apply. This includes equipment rules. It is the responsibility of the shooter to be knowledgeable of the rules and in compliance.

Enjoy the shooting experience, the camaraderie, and most of all BE SAFE in all your actions. Again, on behalf of all the members of BGTC, the Brock's Gap IDPA club, and our entire staff of volunteers,

WELCOME! - Good Luck - Have Fun – Shoot Straight - STAY SAFE!

Michael Goodman
Match Director

Alabama State IDPA Championship

As Always

- #1. Treat all guns as if they are loaded.**
- #2. Never point a gun at anything you aren't willing to kill or destroy.**
- #3. Keep your finger off the trigger until your sights are on the target.**
- #4. Be certain of your target and what is around and behind it.**

Directions

Range Address:

4610 Camp Creek Rd, Pell City, AL 35128

Note: If you are using a navigation app, entering “Brock’s Gap Training Center, Pell City” is the most reliable way to get to the range location.

Range Map

Parking: Park only in designated areas. Staff will be on the road to direct traffic.

Restrooms: The range has restrooms at the Range House and on K range. There are also port-a-potties around the range.

Water: Water is available on all bays and at the Pavilion. Please help yourself and stay hydrated. If you see a cooler getting empty, please ask your SO to call Mr. Fix-It.

Schedule

Friday, October 10

6:30 – Front gate opens
7:00 – Check in for staff match
8:00 – CSO walkthrough
9:00 – Shooter's meeting
9:30 – Hammer down for staff and Friday shooters
12:00 – Lunch
TBD - Staff raffle after the day's scores are posted.
15:00 - 17:30 – Early Check in for Saturday shooters

Competitors are welcome at the range after 15:00. Please stay outside of the stage boundaries as marked by a white line.

Saturday, October 11

6:30 – Front gate opens
7:00 – Check in for Saturday shooters
8:30 – CSO/SO briefing
9:00 – Shooter's meeting
9:30 – Hammer down for Saturday shooters
12:00 – Lunch
TBD – Saturday shooter/staff raffle after the day's scores are posted.
15:00 - 17:30 – Early Check in for Sunday shooters

Sunday competitors are welcome at the range after 15:00. Please stay outside of the stage boundaries as marked by a white line.

Sunday, October 12

6:30 – Front gate opens
7:00 – Check in for Sunday shooters
8:30 – CSO/SO briefing
9:00 – Shooter's meeting
9:30 – Hammer down for Sunday shooters
12:00 – Lunch
Awards & Prizes Ceremony after the protest period.

Check in: The Registration desk will be at the K Range office. Competitors will need to verify their Division and Class as well as pick up their gift bag.

Spectators: All spectators must check in at the Pavilion to sign a liability waiver.

Lunch: Lunch will be delivered to the bays around 12:00. When the food arrives, stop shooting and take a full 20-minute lunch break. Then resume shooting the match.

Safety Information

Cold Range: BGTC operates a cold range. Firearms MUST NOT be handled anywhere on the range except in designated Safe Areas or under the direct supervision of a Safety Officer.

Handling firearms in the parking areas is deemed unsafe and will result in a Match DQ.

Carry Guns: Cold range applies to those licensed to carry in Alabama, too. Please, leave your carry gun secured in your vehicle.

Safe Areas: Safe Areas are located around the range to un-bag, holster, un-holster, and bag your firearm. You may also conduct gun repair in the Safe Areas.

Eye & Ear Protection: All competitors and guests must wear eye and ear protection, NO EXCEPTIONS.

Firearms and Ammo: Firearms may not be uncased, cased, or otherwise handled outside the boundary of a Safe Area. No ammunition is allowed in the Safe Areas. Your vehicle and the parking lots are not Safe Areas and will result in a Match DQ. Firearms may only be loaded/unloaded on the Firing Line under the direction of a Safety Officer.

PCC Shooters TAKE NOTE:

DO NOT transfer your PCC directly from car into buggy or rifle caddy, you must go to a safe area and uncase. **If you are observed doing this in the parking lot, it is a Match DQ.**

Take your cased rifle from your vehicle to a safe area, THEN transfer your rifle to your buggy or rifle caddy.

Prior to shooting your stage, you may uncase into the side berm and approach the start point.

Uncased PCC is carried muzzle up with chamber flag inserted and bolt closed.

Spectators: All spectators must wear eye and ear protection while on the range. If you have a guest with you, please instruct them to watch from outside the stage boundary and be respectful of shooters and their space. Children must always be supervised. No animals are allowed on the range.

In Case of Emergency: Each bay is equipped with a first aid and a trauma kit. There is an AED at the Pavilion. Match staff and all bays will have radios. In the event of an emergency, immediately notify the Match Director, who will activate the appropriate response plan.

Important Information

Local Rules: Brock's Gap Training Center has one local rule which extends the IDPA rules:

1. Holsters, such as the Blackhawk Serpa, using retention that must be released with the index finger are prohibited unless the retention device has been disabled or removed. Please also refer to IDPA rule 8.5.1.10.

Alabama Range Protection: Alabama protects gun ranges from liability or prosecution in any matter relating to noise or noise pollution if the range is being operated between the hours of 9:00 and 21:00. Brocks Gap Training Center has mandated no firing before 9:30. Except for steel calibration done by the AMD, there is no firing before 9:30.

Match Rules: The match rules are found in the IDPA Rules Handbook, current Edition. THIS IS AN IDPA SANCTIONED MATCH AND WILL BE CONDUCTED IN STRICT COMPLIANCE WITH THE CURRENT IDPA RULE BOOK, INCLUDING HOLSTER, COVER GARMENT AND EQUIPMENT RULES. IT IS THE RESPONSIBILITY OF THE SHOOTER TO BE KNOWLEDGEABLE OF THE RULES AND BE IN COMPLIANCE.

The current rule book is Version 2025. Adopted 10/26/96, amended 2/1/2025.

PPDS Shooters: Competitors may request a penalty in lieu of the stated course requirements by reason of incapacity or previous injury. This must be requested prior to shooting the stage. Only the CSO or MD can accept any such request.

Chronograph & Equipment: Equipment check will be done on your first stage and later during the match. You will be asked to provide 3 rounds of ammo off your belt at any given time during the match for use through the chronograph. Your firearm will be checked at the chronograph station.

Equipment Courtesy Check: If you need to check your firearm or gear before the match, please go to the Chrono station at K 12. You will have the opportunity to do a courtesy check from 60 minutes prior to the match until just before the safety briefing.

Function Firing: Function firing before the match is not allowed. If you need to check your firearm during the match, please check with a safety officer and they will coordinate this request. Firearm function testing can be performed on bay K 13.

Lost Brass: This is a "lost brass" match. Out of consideration for their hard work, the brass on each stage is given to the Safety Officers. Do not pick up brass.

Photo & Video: Pictures & Videos of you are allowed. Please communicate with the SO on where the spectator is allowed to stand while doing this for you.

Range Access: All competitors and spectators are asked to stay in the match areas. Ranges other than those being used for the match are reserved for BGTC members.

Raffle: All competitors will be entered into a drawing the day they shoot. Staff will be entered each day they work/shoot. You must be present to win. Gun winners are ineligible to win additional guns.

Scoring: We are using PractiScore electronic scoring for the match. Scores will be posted online for review after the last shot is fired each day, prior to the protest period, and at other intervals as appropriate. PractiScore logging will be turned on and you should receive your scores online.

Scoring Disputes: Benefit of the doubt will go to the shooter, but there must be some doubt. With any dispute the CSO will determine if the target needs to be pulled. Disputes will follow the process listed in chapter 10 of the rule book.

Set Props & Paste Targets: Competitors are expected to stay together as a squad to paste and set props on every stage. Please follow the Safety Officers scoring targets. For consistency, activators and moving targets will be reset by the SOs unless they request your help.

Staff: Match Safety Officers and other staff are identified by match shirts. They are responsible for running the stages and ensuring safety. Please follow their instructions and commands.

Stage Boundaries: Up-range stage boundaries are marked with a white line on the ground. If you are previewing the stages, please respect this line. Side and down-range boundaries are marked by straw wattles (i.e., fiber filled tubes) and ditches for drainage control. Please stay off them.

Stage Briefing: Prior to shooting each stage, a group walkthrough will be given by the SO. During the walkthrough the SO will verbally indicate to all shooters the points of cover, vision barriers, or any props required for use in the stage.

Shooters will then be given 3 minutes after the group walkthrough to ask any questions and view the stage layout.

Other than the group walkthrough, no individual stage walkthroughs are permitted. Violators will be warned and then earn a procedural for a subsequent infraction.

Air gunning and/or sight pictures are not permitted within the stage boundaries. During "Make Ready", Carry Optics and PCC shooters can verify the operation of their optic, but must do so pointed at the ground or at a berm.

Walls & Hard/Soft Cover: Unless otherwise stated in the WSB, all walls are considered hard-cover and go from the ground to the sky. For other props, black designates hard-cover and blue designates soft-cover/vision barriers.

Match Pace: It is vital that each squad keeps pace. Unless you are the current shooter, on deck shooter, or just finished shooting you should be pasting and assisting in resetting the stage.

Courtesy: Please be courteous to match safety officers and staff. They are responsible for running the stages and ensuring that safety is maintained. Please follow their instructions and commands. They have volunteered their time to be here for your safety, please thank them for their time. In the unlikely event that you may have a complaint or disagree with a call made by stage staff please request or seek out the match director.

YOUR JOB:

Help paste!

Be Polite! Be ready!

Be Safe! Follow the rules!

Have FUN!

Volunteers

This match would not have been possible without the effort of our many volunteers.
Please be sure to thank them for their commitment.
