

Show Me the Money!

Foster Care
&
Adoption

2022

The greatest reason for government to take children is not physical, emotional, or sexual abuse; it is **“NEGLECT”**

Examples:

- ✓ **Why are your children not in school?**
Because I do not have a washer to clean their close and other kids laugh and tease them.
- ✓ **Why are your children out in the middle of the night?**
Because I work the night shift and I do not have someone to watch them. We need the money
- ✓ **Where is your children's Mother?**
She ran away with her dealer so I have to work two jobs
- ✓ **What did you do to your child to make them question their sexuality?**
I did nothing. The teachers at her school instigated this, but no one told me until her friend told us.
- ✓ **Why do your children not have money for their lunches? You are neglectful.**
I filled out the papers for free lunch, but the school did not process them. I did not know.
