

CERTIFICATE OF FITNESS FOR FIREGUARD OF PLACES OF PUBLIC ASSEMBLY & FILM STUDIOS

This course is facilitated by Doctor Peter A. Davila and Rodney Chin former Police Detectives for The Opa-Locka-Hialeah Police & NYPD respectively and currently instructors for American Security Consultants, Inc

A fireguard is required in many locations used for the public assembly of more than 75 persons. For example, they are required in places of public assembly, hotels, film studios, construction sites, office buildings and marinas. Fireguards are used when a sprinkler system is not installed, e.g., at construction sites. The fireguard is responsible for the safety of the public in these locations.

Fireguards are required to reduce the threat of fires in a variety of locations. Other important places where the Fireguard is required are cabarets and discos, sports arenas, concert halls, community centers, etc. Knowing Fire safety may save your life and the life of others under your safeguard, when it comes down to an emergency, you may only have minutes to make a right decision.

This certified course will teach you proven techniques of fire safety, such as prevention, emergency evacuations, and fire equipment familiarization. This course is modeled after the New York Fire Department's FIRE GUARD FOR PLACES OF PUBLIC ASSEMBLY AND FIREGUARD FOR FILM STUDIOS F-94.

This course will help your (Fireguard or Security Officer) to understand and protect your patrons, guests and assets. **This course is guaranteed to reduce your liability in regards to fires.**

Upon completion of this 10 Hour Certification Course the student will have achieved the certification of **FIREGUARD FOR PLACES OF PUBLIC ASSEMBLY & FILM STUDIOS F-94**

COST

The cost of this 10 Hour Certification Course is \$180.00. Course includes training manuals, course materials and training T-shirt.
