UREA

46 - 0 - 0 - 0

Nitrogen	(N)	as Urea	46.0% w/w
Equiv. Crude Protein	(-)	Minimum	287.5% w/w
Biuret	(-)	Maximum	1.4% w/w
Biuret g/kg N	(-)	Maximum	30g/kg N
Fluorine	(F)	Maximum	100.0mg/kg
Cadmium	(Cd)	Maximum	1mg/kg
Lead	(Pb)	Maximum	1mg/kg
Mercury	(Hg)	Maximum	0.2mg/kg

Estimated Density 750kg/m³

Quoted bulk fertiliser densities may vary by +/- 15%

USE DIRECTIONS

This product should not be stored in a silo.

Nitrogen fertiliser. This product may also be used as a Non-Protein Nitrogen supplement in ruminant licks and stockfeed provided it is diluted with other ingredients such as molasses and grains.

Refer to Incitec Pivot Fertilisers website for more detailed advice on using this fertiliser as a Mineral Supplement for Ruminants.

This fertiliser contains biuret. It is not recommended for repeated foliar applications on horticultural crops.

WARNING - DO NOT STORE FERTILISER IN SILOS

Bulk fertiliser should only be stored for extended periods in purpose-built sheds or bunkers. Where this is not possible, Dellavedova Fertilisers recommends application as soon as practical after despatch - ideally within 48 hours.

Should this product not meet your expectations, please contact your fertiliser supplier before use. Fertiliser may burn and/or damage pasture and crops, and affect the health of grazing animals. Avoid direct ingestion of undiluted fertiliser by livestock. This information is intended for general informational purposes only and independent agronomic advice should be obtained before using this product. As climatic and soil conditions, application methods, irrigation, agricultural and grazing management practices are beyond the control of *Dellavedova Fertilisers and cannot be foreseen, in no event will Dellavedova Fertilisers and its related bodies corporate be liable for or accept any responsibility whatsoever for any direct, indirect, punitive, incidental, special or consequential damages (including but not limited to loss of revenue, production, crops, and livestock), in respect of the illness, injury or death of a person, damage to property (including of a third party), or any other loss whatsoever arising out of or connected with the use or misuse of this fertiliser, or its transport, storage, handling or application. Where Dellavedova Fertilisers and its related bodies corporate's liability cannot be lawfully excused, it and its related bodies corporate's liability shall be limited to the replacement of or cost of the fertiliser as supplied.

The buyer accepts and uses this fertiliser subject to these conditions.

SAFETY DIRECTIONS

Avoid ingestion and inhaling product. Contact with the eyes and skin must be avoided and wash immediately with running water if this occurs. Protective clothing, eyewear and dust masks should always be used when dealing with this product. For more safety directions, go to <https://bit.ly/ChemAlert> to search this product on ChemAlert.

CARE OF EQUIPMENT

This product can be corrosive to metals. Clean equipment after use, and follow manufacturer's maintenance advice.

Equipment used to transport and handle fertiliser should be thoroughly cleaned before being used for other purposes.

ENVIRONMENT

Dispose of packaging in accordance with state regulations.

This label complies with the Fertilizer Australia National Code of Practice for Fertilizer Description and Labelling.
