SOLAR STREET LIGHT

Polycrystalline solar panel

High light transmission optical lens

Microwave sensor

Lithium iron phosphate battery

High quality aluminum lamp body

ALC-RMS-H220740-20W
ALC-RMS-H220760-30W
ALC-RMS-H2207120-40W
ALC-RMS-H2207180-60W

The features of this solar street light is an ALL-IN-ONE design.
The light engine and battery and
solar panel are built right into the LED fixture. No need for a
power source which eliminates the
need for wiring and trenching.

D556-90-CCT-WH-MS

LED Down Light can be widely used inindoorlighting
(Damp location) suitablefor office,indoor
playground,hotle,shop,indoor entertainment places,and
otherindoor place.

CCT
TUNABLE

WATTAGE
SELECTOR

TUNNABLE TROFFER
ALC-PT-TRO-24-3CP 2'x4'
ALC-PT-TRO-22-3CP 2'x2'

**TRO is field-adjustable, and can be programmed with a CCT of 3500K, 4000K, or 5000K,
eliminating the need to stock multiple color temperatures.
Ideal use for office spaces , walkways, schools/campuses, shopping centers, hospitality and
health care industry.
Constructed of one-piece ribbed unitized housing and corners that interlock, preventing
damage to luminaire. All sides and corners are turned in and hemmed, removing sharp edges
for safe handling and installation.
Luminaire is built with the highest quality 120-277VAC drivers.
0-10V dimmable standard
UL LISTED**

THE AITI LED CORPORATION COBRA ROAD LIGHTING has a beautiful profile design intended for outdoors streets,roads,parking lots applications . Combines the latest in LED technology including weather tight water proof LED driver and thermal management..High performance illumination that last 100,000 hours ,the ideal to replace 70 w to 400 watts metal halide or high pressure sodium with tipical energy saving up to 80%.
the ALC-RWLEDU is ready and compatible to work with DALI PROTOCOL (digital addressable Interface)
is ready with 7 pins photo control receptacle and smart LED driver .
148 lumens per watt WITH UL /DLC
Input Voltage 120v to 277v
IP 6

ABOUT US

AITILED is proud to announce a new line of Commercial grade LED product's to support the existing Distribution marketplace. This line of Commercial grade LED lighting products will include advanced circuitry, superior thermal management, UL listing ,Energy Star compliance, DLC listings and exclusive to Distribution channels, extended product warranties. This will ensure the end user and the Distributor of the installed LED product, has high confidence in its quality and performance.

We look forward to emphasizing this line of products in the lighting marketplace and supporting our new

Electrical and Lighting Distribution partners across the United States.

AITILED, is a premier Lighting Manufacturer with a Manufacturing facility in the City of Mexicali ,B.C. Mexico, and our National Distribution Center is in Texas Since the founding of the AITI (American Induction Technologies Inc.) company in 2005 .

In its China facility does its own Circuit Engineering, Product Designs, Prototyping, Steel Die production of Metal Parts, Machinery Building, automated Injection Molding, a Full Metal Stamping Department, Prototyping, Advanced LED Circuitry, all Cord Set manufacturing, Lamp Holder manufacturing, Screw Shell manufacturing, LED Insertion Department, Electronic Component Insertion Department, Steel Roll Forming, Final Assembly, Graphic Design, Packaging and have an Extensive Quality Control and Product Testing Department.

The majority of all fixture housing and the related extrusion process is also done in house, in China These production and product support facts separates AITILED from other folks

Providing our customers with the latest products, our manufacturing and assembling in China allows AITILED to produce products in a timely manner and the ability to adjust to increased fixture demand by our valued customers.
