

YOU'RE INVITED!

Wednesday, February 20, 2019

Safety 101 for Non-Safety Professionals

Are you responsible for developing safety policies, procedures or training for your company but don't have a formal background in this? Are you familiar with how to get updated information about OSHA? Are you a Safety Team member or a company owner that would like some clarification about what requirements are actually in place? Do you fully understand what documentation you're supposed to keep and for how long? The Greater Milwaukee Safety Council can help! Join Alicia Lemke, of Complete Safety Concepts, to learn and ask questions about what you are required to do to ensure your safety program is compliant and beyond. New EHS professionals, HR personnel, Safety Teams, and other non-safety professional staff are encouraged to attend.
