## Overcoming Generational Differences: Attracting Tomorrow's Talent with Today's Leaders

This session will offer the perspective of each generation and engage everyone in the discussion by building understanding of who we are, how we were raised, and how we view "work" as a part of our identity. Learn management strategies to overcome generational differences by building culture that leverages the strengths of each generation and attracts Millennial and Gen Z talent and keeps them from leaving!

Adulthood has changed, and Millennials are not only defined by our careers, but also our lifestyles... So how do you manage and motivate someone who may not seem as committed to their job as previous generations? This fun session will give you the answers, energize your group, and get people talking!
