## $\frac{3}{4}$ of a number using circles

| $\frac{3}{4}$ of 4 =                | OOOO                                    |
|-------------------------------------|---|
| <sup>3</sup> / <sub>4</sub> of 8 =  | 0000000                                 |
| <sup>3</sup> / <sub>4</sub> of 16 = |   |
| <sup>3</sup> / <sub>4</sub> of 20 = | 000000000000000000000000000000000000000 |
| <sup>3</sup> / <sub>4</sub> of 12 = | 000000000000000000000000000000000000000 |
| <sup>3</sup> / <sub>4</sub> of 8 =  | 0000000                                 |
| <sup>3</sup> / <sub>4</sub> of 12 = |   |
