580 CFM BLOWER

LB5800E

The LB5800E cordless leaf blower is part of our Professional range, so ideal for those with large gardens or for professional use. A variable speed thumb selector gives you additional airflow control for single handed use, providing you with a maximum 580 CFM output in Boost to help complete bigger tasks across wider areas and large gardens.

Description

- The EGO Power+ LB5800E battery powered blower is perfect for wider areas and large gardens.
- It's supplied with AN6000R (Round) and AN6000F (Flat) nozzles so you can equip which one suits your needs.
- With 580 CFM air on Turbo Boost, you can be sure whichever nozzle you use, it will be backed with petrol-matching power.
- Not only does making the switch to battery power positively impact the environment, but it's also beneficial for your health.
- Our battery powered garden tools reduce the risk of HAV (hand-arm vibration), VWF (vibration white finger) and carpal tunnel syndrome, and this blower is no different.
- With only 0.18m/s of vibration, it's one of the best blowers on the market which is testament to the time we spend on R&D.
- Our cordless garden tools allow you to roam free from trip hazards and extension leads, with no need to worry about power.
- Simply clip in your battery of choice, and you're ready to tackle your task ahead with confidence.
