## BACKPACK BLOWER

### LBP8000E

Activate Peak Power™ Technology by combining the power of two EGO batteries for maximum output and runtime making clearing work faster. Designed with an improved user interface, control system and newer, more powerful motor, the LBP8000E takes comfortable, efficient working to the next level.

### Description

- The LBP8000E Backpack Blower delivers 1360m³/h, air speeds up to 190 mph, and 26N push force to power through the day.
- This battery-powered backpack blower features a high-performance brushless motor with intelligent electronics to deliver power equivalent to a 60cc petrol engine.
- Tailor performance with digital controls including a battery level indicator and speed control with turbo lock on the blower's fully adjustable hand grip and tube.
- Its IPX5-rated weather resistance for all-day professional use in the toughest conditions, and runs up to 76 minutes on low, 36 minutes on high, and 24 minutes on turbo with two 56V 6.0Ah ARC Lithium™ batteries for example.

### FEATURES

- Voltage (V): 56
- Dual Battery Port
- Max. Propulsive Force (N): 26
- Blower Type: Axial
- Chest Belt: Yes
- Adjustable Handle: Yes
- Maximum Air Volume (m³/h): 1360
- Maximum Air Speed (m/s): 71
- Maximum Air Speed W. Cone Nozzle (m/s): 85
- Tool Weight (kg): 7.2

\*Battery & Charger sold separately
